Book The Claim Of Crofting The Scottish Highlands And:

Last of the Free James Hunter, 2011-03-25 Written by award winning Scottish historian James Hunter this groundbreaking and definitive account reveals how the Highlands and Islands of Scotland have evolved from a centre of European significance to a Scottish outpost Never before has the history of the region been recounted so comprehensively and in so much fascinating often moving detail But this book is not simply the story of humanity's millennia long involvement with one of the world's most spectacular localities It is also a major contribution to present day debate about how Scotland and Britain should be organised

The Claim of Crofting James Hunter, 1991 Scotland's crofters have had to fight hard to retain both their land and their way of life In the nineteenth century their enemies were the landlords who regularly forced them from their crofts Twentieth century threats to crofting have been more insidious but every bit as real *Chapman*, 1991

Reimagining Culture Sharon Macdonald, 2020-05-15 Since the 1960s policies to revive minority cultures and languages have flourished But what does it mean to have a cultural identity And are minorities as deeply attached to their languages and traditions as revival policies suppose This book is a sophisticated analysis of responses to the Gaelic renaissance in a Scottish Hebridean community Its description of everyday conceptions of belonging and interpretations of cultural policy takes us into the world of Gaelic playgroups crofting local history religion and community development Historically and theoretically informed this book challenges many of the ways in which we conventionally think about ethnic and national identity This accessible and engaging account of life in this remote region of Europe provides an original and timely contribution to questions of considerable currency in a broad range of social science disciplines

Harvey, 2025-11 In this geographically wide ranging reassessment of the overlap between borders and heritage Ali Mozaffari and David C Harvey interrogate how hyperglobalization has simultaneously challenged and intensified notions of sovereignty and nationality advancing a theory of heritage that recognizes its potential for simultaneously reflecting upon and generating borders *Scottish Economic & Social History*, 1994

Scotland Dennis Smith, Paul Barnaby, Ulrike Morét, 1998 Scotland is probably the only sovereign nation to have chosen in a more or less free vote to surrender its independence in order to merge with a larger more powerful neighbour For most of the period since the Union of 1707 the Scots were enthusiastic partners with England in creating and administering the British Empire Inevitably therefore the end of empire caused an identity crisis in Scotland For more than a Century pressure for political home rule produced no tangible result

Herds and Hinds Richard F. Anthony, 1997 This is an analysis of the 20th century history of Scottish agriculture outside the Highlands It examines in detail East Lothian and Dumfriesshire and includes interviews

Places of Possibility A. Fiona D. Mackenzie, 2013-01-22 Through original research conducted in the Outer Hebrides Scotland Places of Possibility shows how community land ownership can open up the political social

environmental and economic terrain to more socially just and sustainable possibilities than private ownership Reveals how community land ownership is more just and sustainable than private ownership Features original theoretical insights into ideas of property and nature that disrupt the process of neoliberalisation Based on original research conducted by the author in the Outer Hebrides Scotland *Sharing the Earth* J. Magnus Fladmark, 1995 Our heritage is rooted in local cultures and environments However does modern communication and its international bias now threaten regional integrity How do we combine global awareness with practical local action and can heritage be exported from one place to another like Euro Disney Also how will future cultural and environmental policies be influenced by the principle of subsidiarity and Article 128 of the Maastricht Treaty These are some of the questions and issues to be discussed by contributors from the Heritage Convention and to be included in this collection of papers Drawn from papers presented at The Robert Gordon University Heritage Convention in 1995 this volume addresses a range of questions and explores issues critical to the sustained use of the Earth's heritage and economic benefit of local communities **Bright Summer Nights and Long Distances**

Nordic-Scottish University Network for Rural and Regional Development. Annual conference, 2001 *Highland Resistance* Iain Fraser Grigor, 2000 One of the issues to be addressed by Scotland's new parliament is land reform Yet land reform is nothing new in the north of Scotland The Highlands has a tradition of anti landlord conflict that goes back two centuries

spiritual place and one of wonder These include the great 19th century geologists Hugh Miller and Archibald Geikie for whom the island's rocks and fossil laden shales revealed much about the nature of Creation itself Len and Margaret Whatley moved to Pabay from the Midlands and lived there from 1950 until 1970 Leaving a landlocked life in Birmingham for the emptiness of an uninhabited island was a brave and challenging move for which nothing could have prepared them Christopher Whatley their nephew was a regular visitor to Pabay whilst they lived there In this book based on archival research oral interviews memory and personal experience he explores the history of this tiny island jewel and the people for whom it has been home to create a vivid picture of the trials tribulations and joys of island life If the island itself is a diamond this work is a sparkling gem The Press and Journal Beautifully written and presents a richly detailed and fascinating historical narrative It's as much a testimony to how people have shaped the island and how the island has shaped them Dundee Courier
