PC Magazine ,2002 Organize Your Stuff the Lazy Way Toni Ahlgren,1999 A guide to organizing everything covers the home office closets kitchens paperwork bathrooms and delegating Provided by publisher **Better Than Basic Monthly Planner** Lisa Mayfield,2018-12-16 I was looking for a new planner system to use at work and at home one that was lightweight and highly portable yet flexible and affordable I found several different systems online everything from a simple ring bound book with a week for every 2 pages and not nearly enough room to make notes that came with some stickers all the way up to the Cadillac of planners the Franklin Covey system which is way too pricey and involved for my budget There were even some print your own planners that would have cost more in ink than I can afford No matter where I looked I just couldn t find what I was looking for So I decided to create my own I wanted a planner that would give me enough space to write notes while I was in meetings so I added lots of space for notes I like the daily format so I used one side of the page spread for an appointment schedule and added a To Do list at the bottom of that page On the facing sheet I added priority

lists so I can keep track of what is most important to me on any given day with sections for Personal Wellness Work Financial and Other Use this section in any way you see fit Finally I added lots of planning pages year month and week some notes pages and even some blank freeform pages so you can doodle scribble mindmap or whatever else your heart desires Please note that this calendar is only for one month Even so it has more than 90 pages for you to use in whatever way works best for you I purposely sized this so it was small making it very portable yet flexible enough to handle most busy schedules It should hold a few folded letter size sheets of paper in case you happen to need to carry a loose sheet or two to or from a meeting Additional months are also available I m also planning a series of undated calendars with a variety of colorful covers I hope you enjoy your new planner Remember to collect several to keep up with your future planning needs Be sure to look for my Journals Doodle Books Dream Books and other products
