The French Revolution: A Turning Point in History

Name: _____

The French Revolution, which lasted from 1789 to 1799, was one of the most important events in world history. It completely changed the way France was governed and influenced other nations across the world. At its heart, the revolution was about the people's right for equality, liberty, and justice. Let's explore what led to this storm, what happened during it, and its lasting impact.

Causes of the French Revolution

By the late 1700s, France was in a crisis. The government was nearly bankrupt due to years of expensive wars, including helping the American colonies gain independence from Britain. King Louis XVI and his queen, Marie Antoinette, were facing criticism for their lavish lifestyle while the people suffered. The revolution was brewing.

The French Revolution Charles MacFarlane, 1845 Ten Letters to Dr. J. Priestly, in answer to his letters to the inhabitants of Northumberland Noah Webster, 1800 THE RIGHTS OF MAN: The French Revolution - Ideals, Arguments & Motives (Political Classic) Thomas Paine, 2016-07-08 The French revolution Thomas Carlyle, 1897 Rights of man; being an answer to Mr. Burke's attack on the French revolution Thomas Paine, 1856 **THE RIGHTS OF MAN: The French Revolution - Ideals, Arguments & Motives** Thomas Paine, 2017-05-29

Thomas Paine's Rights of Man is born from his need to defend social mutiny and it posits that popular political revolution is permissible when a government does not safeguard the natural rights of its people. Using these points as a base, Paine defends the French Revolution against Edmund Burke's attack in *Reflections on the Revolution in France*. Paine argues that the interests of the monarch and his people are united and insists that the French Revolution should be understood as one which attacks the despotic principles of the French monarchy, not the king himself. Principally, Rights of Man opposes the idea of hereditary government, the belief that dictatorial government is necessary because of man's corrupt essential nature. Rights of Man concludes in proposing practical reformations of English government: a written Constitution composed by a national assembly, the elimination of aristocratic titles because democracy is incompatible with primogeniture.

Thomas Paine's intellectual influence is perceptible in the two great political revolutions of the eighteenth century. He dedicated Rights of Man to George Washington and to the Marquis de Lafayette, acknowledging the importance of the American and the French revolutions in his formulating the principles of modern democratic governance. Thomas Paine (1737-1809) was an English American political activist, philosopher, political theorist, and revolutionary. One of the Founding Fathers of the United States, he authored the two most influential pamphlets at the start of the American Revolution and he inspired the rebels in 1776 to declare independence from Britain. Paine's ideas reflected Enlightenment era rhetoric of transnational human rights.
