Future Brain The 12 Keys To Create Your High Performance Brain:

Future Brain Jenny Brockis, 2015-08-18 Super charge your brain to gain a huge competitive edge in business and in life Future Brain is the busy professional's secret weapon for boosting mastery efficiency and productivity to gain that coveted competitive edge in business and in life Designed to be implemented at the individual team or organisational level this in depth step by step framework leverages neuro scientific principles to help you develop a solid habit changing plan for building and maintaining brain fitness and healthy behaviours Author Dr Jenny Brockis will help you develop your thought processes and your regular routine to get more done with less effort and time Based on the idea of neuroplasticity these daily practices improve focus creativity and effectiveness to help you stay relevant competitive and way ahead of the pack You already have a magnificent brain but you probably take it for granted we often develop survival techniques that force our brain to work with an incompatible operating system in an effort to keep up with the ever increasing velocity of change and information overload This book helps you beef up your brain awareness so you can take advantage of the built in features and native capabilities that make the human brain a truly awesome machine Reduce stress and avoid stress related illnesses Foster healthy thinking habits to boost efficiency Build your expertise with renewed focus and stamina Drive innovation through productive collaboration A brain that can change adapt lead and collaborate to operate with a high level of flexibility agility and creativity is a brain that will serve you well now and into the future Future Brain turns neuroscience into actionable steps helping you to train your brain to achieve high performance in all areas of life

Smart Work Dermot Crowley, 2016-05-02 Organise your way to renewed focus and calm Smart Work is the busy professional's guide to getting organised in the digital workplace Are you drowning in constant emails phone calls paperwork interruptions and meeting actions This book throws you a lifeline by showing you how to take advantage of your digital tools to reprioritise refocus and get back to doing the important work You may already have the latest technology but if you're still swamped you're not using it to your advantage This useful guide shows you how to leverage the technology you have to centralise your work into one integrated tool You'll develop a simple and sustainable productivity system to organise your actions manage your inputs and achieve your outcomes The highly visual nature of the book helps you quickly grasp the ideas you need most Like most professionals you want to do great work and achieve great things But when half your day is spent on emails phone calls and extra duties you rarely get a chance to shine This book changes that Get back in control so you can start performing like a star Get organised focused and proactive Conquer the daily incoming deluge Spend more time on important work Leverage your desktop and mobile technology When work is coming at you from every direction it's difficult to focus and prioritise Things get lost in the shuffle But when you channel everything into a single stream you settle into a flow and get more accomplished in less time Smart Work is your guide to finding your flow and the bottom of your inbox

How To Lead A Quest Jason Fox, 2016-05-02 Unlock progress through doubt and uncertainty The biggest threat facing modern business is

the sheer complexity of an uncertain future That and the fact that everyone is busy Too busy for progress Workplace cultures have become cursed with efficiency And so when it comes to developing strategy we default to our defaults We favour quick fixes easy templates and familiar approaches developing robust plans that do little to mitigate strategic risk or generate new value The result The future comes and businesses die But no longer cue trumpets How to Lead a Quest is a book for pioneering leaders folks who know that enterprise strategy is far too important to condemn to smart goals a clear vision for the future and other such rubbish Within this book you ll discover how to liberate enterprise leadership and workplace cultures from the curse of efficiency default thinking and the delusion of progress explore complex and uncertain futures to find profound insights that mitigate strategic risks and ensure your business model remains viable create new value and enduring relevance by pioneering into uncharted and unprecedented territory embed new structures and rituals into your enterprise to build for the future while still delivering operational excellence today Not for the faint of heart or short of wit this uniquely refreshing book bravely tackles the paradox that is pioneering leadership You ll discover how to lead meaningful progress even if you don t know what the goal or destination looks like

The Game of Inches Nigel Collin, 2016-03-31 No spin no fuss no gurus get the real secret to business success Game of Inches dispels the myth that success must come from disruption and provides an actionable blueprint for real world business achievement Entrepreneur Nigel Collin interviewed over 80 successful Australian entrepreneurs and leaders to learn the key factors that make a successful business in this book he distils his findings into a simple process of four actions governed by three behaviours that will guide your path to the top Examples and case studies eschew the limelight in favour of those on the front lines of business doing well illustrating the revolutionary idea that you don t have to make headlines to be a success By shifting your mindset from explosive overnight success to a quieter more consistent more sustainable process you gain the ability to reach the top and stay there You ll discover that innovation is actually in reach doesn t cost too much and is not really all that complex when approached from a growth oriented mindset of making small changes consistently You don t need to be Steve Jobs and you don t need to create the next iPhone to be a success in business What you do need to do is redirect your attention away from who you are and toward what you deliver Learn what really drives sustainable success Discover innovation that s within reach right now Focus on what you do not who you are Work toward a process of constant consistent improvement Business success is not a one off event or a single eureka moment It s a continuous step by step process of becoming better every day Incremental change is the surest route to the top though others may skip the climb in favour of a helicopter those who earn the summit tend to stay longest Game of Inches is your straightforward roadmap to no nonsense long term business success

Edupreneur Aaron Tait, Dave Faulkner, 2016-02-19 If you can change education you can change the world Edupreneur gives teachers the how You already know what needs to be done to improve education but you may lack the support and processes to bring it to life and that s where this book comes in You ll walk through the four stages

of innovation dreaming digging making and sharing and learn how to unleash ground shaking change from the classroom up
Straightforward highly practical and kick in the pants inspirational this book is your new companion for making education
work You ll read about passionate teachers who have raised attendance from 40% to 90% you ll read about principals who
took on the worst performing schools and turned them around you ll read about leaders who had the courage to take the
reins of a school and turn it from good to great and you ll learn how they did it and how you re entirely capable of the same
kind of revolutionary change This is a book not just for challenging schools but for all educators who are passionate about
providing a great education for every student every day Administrators academics and politicians can debate endlessly about
how to fix our schools ignoring the fact that their best innovators and catalysts of change are already right there in the
classroom You have plenty of ideas so here s your license to make them happen Edupreneur will help teachers in all schools
to Identify ways to improve day to day practice Overcome the challenges that hamper progress Create new solutions that
sidestep old roadblocks Collaborate with similarly forward thinking educators Imagine what education could look like if
teachers were practically equipped to bring exciting new ideas to the classroom every day Edupreneur helps you be that kind
of teacher you ve always wanted to be with a clear framework for truly bringing on the change *Dealing With The Tough
Stuff* Darren Hill,Alison Hill,Sean Richardson,2016-05-16 A practical toolkit for handling workplace conflict and difficult
conversations Dealing with the Tough Stuff is the business leader s critical guide to handling difficult conversations in the
workplace Based on the science of human behaviour both verbal and nonverbal this book is packed full of practical and
pragmatic strategies for managing conflict situations You ll learn a variety of diagnostics models and processes that you can
start using today and you ll benefit from expert tips tricks and tools for leading important conversations with empathy and
assertiveness This updated second edition includes new material on key conversations with distance workers as well as
within the context of a fast growth company and a broad selection of real world case studies from a diverse array of
workplaces Backed by contemporary psychological theory and time tested amongst thousands of leaders these highly
relevant suggestions give you the power to deal with the tough stuff effectively and compassionately The human element
plays a large part in the manager s role yet many lack the training needed to deal with people effectively This book helps you
understand what makes people tick and helps you develop the human skills you need to manage Achieve clarity and
directness in your communications Deal with anger stubbornness and defensiveness Develop the skills to manage immediate
crises Set priorities and build a foundation of strong communication Avoiding the tough stuff can be extremely costly for
managers staff and the business as a whole No one enjoys these conversations but they are inevitable and the right set of
skills goes a long way toward making them run smoothly with greater results out the other side Dealing with the Tough Stuff
is your indispensable primer on human behaviour and effectively navigating tough conversations at work **Fixing
Feedback** Georgia Murch,2016-05-02 Feedback is broken here s how to fix it to create a highly engaged workplace with high

performing leaders and employees Fixing Feedback is not just another management book it s a smart refreshing practical guide to feedback in the workplace Everyone already knows how important feedback is and we all know we should be giving it and receiving it regularly yet we still do it poorly or avoid it entirely This book shows you how to do it right You ll learn what exactly constitutes useful feedback how to deliver it effectively how to receive it gracefully and how to use it to strengthen yourself your team and your business You ll learn critical communication skills that you can put into practice today and get on track to building a feedback culture that results in highly engaged highly productive employees The way you communicate dictates how you build relationships and make decisions It s the difference between being remarkable and being a d ck Poor communication is a major force driving feedback into the ground and it can be extremely costly for the company as a whole This book shows you how to turn the ship around by making feedback a meaningful and welcome part of your everyday workflow and overall company culture Understand remarkable feedback and how it changes people and workplaces Self assess your communication style and gauge the impact it has on others Deliver meaningful feedback using a set of pragmatic tools and techniques Confront the personal issues that prevent you from effectively receiving feedback Learn what organisations need to drive to create a feedback culture When organisations fail to grasp the importance of investing in their people effectively employees disengage Building a meaningful feedback culture on the other hand makes your organisation a place where people want to work want to achieve and want to be the best It s all about effective communication Fixing Feedback provides no nonsense guidance toward equipping your people to succeed *High Performance* ,1984 **El-Hi Textbooks and Serials in Print** ,1985 **Video Source Book** ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Resources in Education** ,1995 **Engineering** ,1876 *The Concert-goer* ,1901 Consulting-specifying Engineer ,1992 Electronic Musician ,2005 **Forthcoming Books** Rose Army,2004 Computers in Your Future 2003 Bryan Pfaffenberger,2003 For courses in Computer Concepts Introduction to Computers Computer Literacy MIS CIS Computer Science Business This introduction to computers is noted for its lucid explanations of computing concepts practical applications of technology theory and emphasis on the historical and societal impacts of technological innovations It features integrated coverage of management information systems networking email and the Internet **Keyboard** ,1995 **Musical America** ,1918 **Musical Observer** ,1925
