

PART I: SAMPLE MANAGERIAL ACCOUNTING CASE STUDIES

CASE 1: COST CLASSIFICATIONS

Roger is a student at Tacoma Community College and needs to supplement his income while going to school. Roger buys a new car and decides to be an Uber driver. The hours are flexible and the pay is reasonably good allowing Roger to go to the school and work. Roger didn't drive much during March as he was on spring break. In addition, Roger drove less during May and December because he was studying for final exams. Uber requires Roger to pay a commission of 20 percent on all gross receipts.

Roger buys a new Hyundai Elantra SE for \$25,000. Roger thinks the car will last four years and will have a residual value of \$5,000. Roger plans to depreciate the car using straight-line depreciation. The car will be used 100 % for business.

Roger keeps track of his expenses in three categories. Those categories are insurance on the car, fuel costs, and other costs. The other category includes fixing of flat tires, oil changes, speeding tickets, car washes/detailing, cell phone with data, and auto maintenance.

Roger ignores federal income taxes as a business expense and self-employment taxes as they are not reported as a business expense on his tax return. You are to ignore these costs in your computations. Roger's gross receipts for the year were \$62,500.

Expenses paid with cash or credit card during the last year are as follows:

Auto Insurance..... \$4,439 Fuel Expense..... \$6,294

Other	Miles Driven	Total Other Cost
January	2,817	\$ 460
February	3,453	529
March	1,255	340
April	4,892	690
May	1,629	400
June	5,478	718
July	5,381	706
August	6,933	749
September	3,983	569
October	3,630	542
November	4,762	662
December	<u>3,387</u>	<u>501</u>
Total	47,600	

$$\begin{aligned}
 749 &= \text{fixed costs} + (0.072 \times 47,600) \\
 749 &= \text{fixed costs} + 494.35 \\
 -494.35 &= \text{fixed costs} \\
 \hline
 254.65
 \end{aligned}$$

Required:

- Using the high-low method determine the portion of "Other" costs that are fixed (rounded to the nearest dollar) and the variable cost per mile (rounded three decimal places).
- Looking at **all costs**, what are the total variable cost per mile and the total fixed costs? Include cash and noncash annual expenditures in your analysis.
- Using the results of #2 above, if Roger drives 60,000 miles next year with an estimated gross receipts of \$78,782, what is the estimated total costs and average cost per mile?
- Prepare a contribution margin income statement for this year and next year. Calculate your income per mile. Explain your results in detail.
- Research online any taxes that might be due the Washington State Department of Revenue by Uber drivers. Explain how the tax is calculated.

Managerial Accounting Case Studies Solution

Léo Pomar

Managerial Accounting Case Studies Solution:

E-Business Managerial Aspects, Solutions and Case Studies Cruz-Cunha, Maria Manuela, Varajão, João, 2010-12-31 This book provides a discussion of the managerial aspects solutions and case studies related to e business disseminating current achievements and practical solutions and applications Provided by publisher Management Accounting in Health Care Organizations David W. Young, 2004-01-16 Management Accounting in Health Care Organizations offers an introduction to the subject of management accounting and provides a user oriented approach to the concepts and techniques students need in order to understand management accounting in a health care context This volume includes the information needed to master the basics of full cost accounting differential cost accounting and responsibility accounting It describes the uses and limitations of management accounting and the common accounting pitfalls managers face when making routine health care management decisions This important text is formatted to provide an interactive learning approach Students prepare answers to problems as they appear throughout each chapter and analyze one or more practice cases at the end of the chapter Each chapter s practice case is followed by several cases that can be assigned for analysis and discussion in the classroom setting Case Studies in Not-for-Profit Accounting and Auditing William Wagner, 2018-04-24 Gain hands on experience with case studies designed to simulate real world scenarios and common problems in today s not for profit environment This book goes beyond the theory and will show you how to navigate the key issues that arise in not for profit accounting and auditing **Case Studies in Performance Management** Tony C. Adkins, 2006-04-29 Praise for Case Studies in Performance Management With this book Tony Adkins has made an important contribution to the body of knowledge of managerial accounting From the Foreword by Gary Cokins lead strategist Business Performance Management Solutions group with SAS Institute and internationally recognized expert in advanced cost management and performance improvement systems If you want to achieve direction traction and speed in business Case Studies in Performance Management A Guide from the Experts is a must read jam packed with golden nuggets you can put to work immediately Jason Jennings bestselling author of Think Big Act Small Less Is More and It s Not the Big That Eat the Small It s the Fast That Eat the Slow Tony has the insight found only from actual implementations of ABC PM Using this as lens he has brought the collective experience of experts into focus Mohan Nair author of Essentials of Balanced Scorecard and Activity Based Information Systems Tony Adkins has lived the life of a true ABC PM road warrior His collection of case studies reaches beyond the theory to capture the harsh reality of what it takes to successfully implement performance management A must read for anyone wise enough to learn from those who have gone before Chris M Pieper CEO FormRouter Inc former founder and CEO of ABC Technologies Everyone who reads this book will gain a solid appreciation of the substance and value of performance management in varied industry settings and applications Dr Peter B B Turney President and Chief Executive Officer of Cost Technology Inc and author of Common Cents If you re looking for a way to dramatically improve your

company's performance and get back its competitive edge Case Studies in Performance Management A Guide from the Experts will show you how other businesses driven to remain competitive by changes in their industries learned to work smarter using ABC PM in today's tough business environment Noteworthy commentary from experts in the field including Ashok Vadgama and Alan Stratton helps you understand ABC PM and how to execute its sound strategies in your own business

Full cost accounting in action case studies of six solid waste management agencies., 1998 **Case Studies in Management and Business (Volume 9) (UUM Press)** Hapini Awang, Nur Suhaili Mansor, 2024-06-16 The publication entitled Case Studies in Management and Business encompasses nine case studies exploring real life scenarios These case studies encompass a wide range of subject matter including tax planning data management crisis management financial planning and strategic decision making Each case study addresses explicitly the academic disciplines and offers practical applications for students to develop their theoretical knowledge and analytical capabilities Moreover these case studies tackle organizations challenges across various sectors fostering critical thinking and problem solving abilities This book suits individuals at different educational levels including undergraduates postgraduates and those seeking professional development It provides valuable insights into accounting information technology finance and marketing management practices Consequently it is an invaluable resource for scholars and practitioners interested in comprehending and resolving intricate business issues

Management Accounting Research in Practice Petri Suomala, Jouni Lyly-Yrjänäinen, 2012-02-13 Many scholars have claimed that management accounting research has lost its pragmatic relevancy and interventionist research has been proposed as one way to produce theories with increased practical implications In interventionist research active participation in the field is regarded as an asset rather than a liability Despite the methodological debate on interventionist research there is lack of empirical studies on how interventionist research actually helps to produce theories with such pragmatic relevance The lack of empirical studies has perhaps resulted in a too narrow connotation to the research approach This book attempts to shed light on the various nuances of interventionist research and the positions a researcher can occupy when trying to produce contributions associated with both theoretical and pragmatic relevance This book is based on various research projects focusing on different aspects of management accounting during the past ten years To spice up the academic debate the book also provides managerial perspectives on interventionist management accounting research with interesting new insights In addition to management accounting the ideas of interventionist research can also be applied in other management fields

[Strategic Management Accounting](#) Wing Sun Li, 2017-10-12 This book serves as a guide to strategic management accounting It introduces new and useful concepts on how to collect analyse and evaluate options to enable managers to steer corporate directions and write strategic plans for the long term success of the corporation Starting with basic techniques and the latest strategic management approaches the book then presents cases that show the techniques employed step by step By demonstrating how easily the ideas can be

translated into action it is a valuable resource for business practitioners as well as for students taking advanced management accounting courses

Challenge of Management Accounting Change John Burns, Mahmoud Ezzamel, Robert Scapens, Robert William Scapens, 2003-05-28 The implementation of management accounting change constitutes much more than the selection of what may be perceived as being optimal accounting systems and techniques followed by a technical process of implementation Selecting and implementing the right accounting systems and techniques and the technical aspects of implementation are important but change implementation and change management also involves important behavioural and cultural issues that must be understood and addressed The main focus of The Challenge of Management Accounting Change is on understanding the processes involved in the implementation of management accounting change and the complexities of and difficulties involved in changing management accounting systems techniques and roles in the UK This book outlines a framework for interpreting and understanding management accounting change as an on going process and a range of case studies are used to illustrate both successful and unsuccessful implementations drawing out the various lessons that can be learned and suggesting some pointers for those embarking on a programme of management accounting change Describes the finding of a research project investigating management accounting change in the UK Focuses on the difficulties involved in changing management accounting systems Written by experts in the field of management accounting

Handbook of Management Accounting Research Christopher S. Chapman, Anthony G. Hopwood, Michael D. Shields, 2011-09-14 Volume two of the Handbooks of Management Accounting Research consists of two groups of chapters The first draw together research that has focussed on particular management accounting practices The second set synthesise contributions to the literature that have been focussed within particular organisational contexts Volume two concludes with a review of research on how management accounting practice and research varies around the world Special pricing available if purchased as a set with Volume 1 Documents the scholarly management accounting literature Publishing both in print and online through Science Direct International in scope

Management Accounting Change Danture Wickramasinghe, Chandana Alawattage, 2012-08-21 Written by two experienced lecturers this is the first student centered textbook to bridge the technical and theoretical aspects of management accounting change Packed full of pedagogical features including mini cases learning outcomes key terms article summaries key concept boxes real world cases chapter summaries and further reading suggestions and resources it is clear and accessibly written covering all the major emerging topics in management accounting theory Discussing technical developments in management accounting from conventional cost accounting to contemporary strategic management accounting and beyond in four parts it shows how conventional cost accounting techniques and management control models evolved in line with the development of mass production and bureaucracy explores how recent developments such as customer and strategic orientations in business flexible manufacturing post bureaucracy network and virtual organizational technologies implicate in management accounting

provides a number of alternative theories through which the transition of management accounting from mechanistic to post mechanistic approaches can be explained elaborating both rational and interpretive critical theories This excellent text meets a desperate need for an advanced management accounting textbook that incorporates theory and practice and is accessible and engaging for all those studying in this challenging area Business and Management Education in Transitioning and Developing Countries John R McIntyre,Ilan Alon,2014-12-18 Business education is a critical ingredient in establishing a viable middle class of managers in transitioning and developing economies Compiled in association with the Center for International Business Education and Research this comprehensive examination of business and management education pedagogical models and curricula innovations in institutions around the world is the first such work to emphasize emerging markets **eBook: Management Accounting for Business Decisions** SEAL,2021-04-09 eBook Management Accounting for Business Decisions *Eco-Management Accounting* Matteo Bartolomeo,M.D. Bennett,J.J. Bouma,Peter Heydkamp,Peter James,F.B. de Walle,T.J. Wolters,2013-03-09 The ECOMAC project Eco management Accounting as a Tool of Environmental Management has provided a framework for linking environmental management with management accounting It was funded in Theme 4 Human Dimensions of Environmental Change in the EU Environment and Climate Research Programme The project is of high policy relevance by contributing to the on going debate on eco management accounting reporting and indicators It is also an area needing further research I would like to thank the research team companies that participated as associated contractors and the advisory panel Jonathan Parker DG XII D 5 European Commission Theme on Human Dimensions of Environmental Change 7 Preface The ECOMAC project This document is the final report on the project Eco management accounting as a tool of environmental management ECOMAC This research project was conducted under the Environment and Climate Programme Human Dimension of Environmental Change of the European Commission DG XII The ECOMAC project investigated how companies are using or intend to use environmental costs and benefits figures in support of their decisions and what they have been doing to remedy the limitations of conventional management accounting in this area The research was largely explorative in nature but the project also produced a structured overview of the subject and made suggestions and recommendations as to how companies could improve their own environmental accounting

Competence Development in Controlling and Management Accounting Stephan Schöning,Viktor Mendel,2023-04-12 The book is considered a guideline for systemic personnel development in controlling of nationally and internationally active companies on the basis of a targeted development of competencies In particular the challenges posed by digitalization and globalization are considered and substantiated with the help of empirical studies Employees and managers in controlling as well as HR managers in companies gain a deeper understanding of the necessity and the components of systematic personnel development The goals are the formation of high performance teams in controlling as well as the identification of personal career paths on the way to top management tasks as CFO The focus of the personnel development model is on the transfer of

the competence oriented development approach which in addition to the traditionally considered technical and methodological competencies also takes into account social and personal competencies as well as additional digital and intercultural competencies The book is rounded off by a survey of the current situation the definition of a target situation to be aimed at the discussion of suitable further training measures and the monitoring of the level of competency achieved and illustrates concrete career concepts
