The Manna Machine George Sassoon,Rodney Dale,1978 **The Manna Machine** George Sassoon,Rodney Dale, The Ancient Alien Theory: Part One C.R. Hale,2018-06-12 The Ancient Alien Theory Part One and ancientalienpedia.com are both a written and online resource The written guide serves as an opportunity to log out shut down and unplug from the online world The online guide serves as a gateway to the Ancient Alien Theory with links to online sources books and authors Just as Bill Birnes created The UFO Magazine Encyclopedia to provide a comprehensive guide to UFOs and extraterrestrial contact AncientAlienPedia is providing a database to the Ancient Alien Theory This all inclusive guidebook saves readers countless of hours of searching for this information which is scattered across hundreds of websites and books The AncientAlienPedia will prove to be an essential reference for the highly controversial Ancient Alien Theory **The The Story Behind the Bible Trilogy: Book I The Torah; Book II The Prophets; Book III The New Covenant** J. K. Alexander,2019-11-27 With facts and information insightful commentary and even a few flights of fantasy The Story Behind the Bible trilogy weaves a magnetic journey through the ancient texts of the Bible for believers and non believers alike It s a journey that can draw readers into a universe that is larger and more incredible than they ever thought possible A highly comprehensive overview of the entire Bible the trilogy also proves that the prophets of scripture made impossible and miraculous predictions and prophecies concerning future events including our current era and virtually proves that God s hand steers the broad stream of world history Now over two thousand years hence much of scripture has been misinterpreted misapplied or simply lost to traditions and folklore The books address those issues with commentary and doctrine and through the elegant story and amazing people of the New Testament bring the biblical story to a triumphant end *High Performance Computing* Mateo Valero,2000 This book constitutes the refereed proceedings of the Third International Symposium on High Performance Computing ISHPC 2000 held in Tokyo Japan in October 2000 The 15 revised full papers presented together with 16 short papers and five invited contributions were carefully reviewed and selected from 53 submissions Also included are 20 refereed papers from two related workshops The book offers topical sections on compilers architectures and evaluation algorithms models and applications OpenMP experiences and implementations and simulation and visualization *The Story Behind The Bible* J K Alexander,2019-08-16 With facts and information insightful commentary and even a few flights of fantasy The Story Behind the Bible weaves a magnetic journey through the most ancient texts of the Bible for believers and non believers alike It s a journey that could draw you into a universe that is larger and more incredible than you ever thought possible Rather than creating a typical Bible study J K Alexander shares his unique perspectives on how and why events in the Bible occurred from Genesis to Deuteronomy Whether you re a longtime Christian or a skeptic you re sure to glean thought provoking information from this intriguing read **Modern Technology and Sciences... in the Bible** Alla Peace,John Anderson,2012-12-26 Based exclusively on the biblical verses the book *Modern Technology and Sciences in the Bible* reveals

outstanding facts that modern discoveries are actually a rediscovery of remote ancient knowledge practically in all major fields of technology and sciences Each biblical quotation on these subjects has been analyzed comparing them with modern knowledge in technology astronomy cosmology physics geology biology medicine and metaphysical philosophy It proves that this high level of knowledge actually belonged to a sophisticated prehistoric civilization It also conclude that original unknown biblical texts are just pieces of vanished records left behind by an advance society of aliens biblical gods that visited and settled on the earth before our time The book is supported by an appendix which includes glossary glossary of persons geographical glossary measurements bibliography and maps *The Gods Were Astronauts* Erich von Däniken,2023-07-03

Bestselling author Erich von D niken explores the evidence of ancient visitors treated as gods in religious scripture and mythology His findings shake the foundations of both science and faith Why do nearly all the world s major religions share similar myths and legends Whether it s the Old Testament ancient legends or the creation myths of New Zealand s natives you come across similar stories everywhere Erich von D niken author of the international bestseller Chariots of the Gods believes he knows the answer and it is as wondrous and awe inspiring as it is controversial The winged angels populating the Bible the Koran and other religious texts from cultures the world over were in reality extraterrestrials who visited the Earth in ages long past Who were the gods of ancient lore How can the contradictions in the Bible be explained Why are the pagodas of Myanmar formerly Burma so amazingly similar to space capable rockets Erich von D niken provides convincing new and surprising interpretations and answers that fundamentally contradict both the teachings of religion and current science His astonishing conclusion The gods were not metaphysical beings that humans created in their imagination but extraterrestrial intelligences that have left their traces all over the Earth He offers persuasive evidence that actual living beings inspired the legends that became the basis for many of our religious traditions The Strangers: Song by Song

Hugh Cornwell,Jim Drury,2011-08-01 The Strangers have outlasted and outsold virtually every other band of their era recording ten hit albums and releasing 21 Top 40 singles Their list of hits including Golden Brown were written against a background of spectacular success dismal failure drug dependency financial ruin infighting and misfortune As a response to David Buckley s one sided biography of the band No Mercy Hodder Stoughton 1997 and the band s reticence to reveal the true meaning behind their songs Hugh Cornwell founding member and songwriter sets the record straight displaces the myths and for the first time explains the real stories behind The Strangers his departure and the origins of their songs

The Q Series Trevor Hoyle,2018-06-14 The Q Series includes Seeking the Mythical Future Through the Eye of Time and The Gods Look Down An acclaimed scientist is chosen to travel through alternate futures to find safe haven and instead finds a totalitarian world of dictators and concentration camps Christian Queghan is a Myth Technologist a highly respected scientist on Earth IVN Like so many other worlds colonised generations ago the planet was created to be as much like Old Earth as possible even though Old Earth itself is now pretty much a myth the stuff of legend But Earth IVN has its problems

too Now a machine has been developed to project a researcher into one of the infinite number of possible futures of Earth IVN and Christian Queghan is the ideal subject He can't resist the idea of going where no man has gone before but there are an infinite number of possible futures and no guarantee of a safe return On a parallel world a strange translucent figure is found floating in the blood red ocean on a craft of scorched metal Could the alien's claim to come from the future be true Or is this totalitarian world of dictators and concentration camps a dream projection from another dimension The Q Series is an epic science fiction adventure through parallel worlds Dani's Shorts 2 Dani J Caile,2014-02-17 Yes it's Volume 2 of TIW shorts Yet another collection of totally pointless exactly 500 and exactly 200 word nonsense to entertain you while doing whatever you do when reading I hope you enjoy these short snippets just as much as you enjoyed Volume 1 Thanks again to Brian and all the other Iron Writers for making The Iron Writers phenomenon the success that it already is If you are up to the Challenge then go to <http://theironwriter.com> **Dani's Shorts 3** Dani J Caile,2014-09 Wow it's already Volume 3 of TIW shorts The third collection of totally pointless exactly 500 Challenge and exactly 200 Weekend Quickie word nonsense plus a few collaborations and extra TIW things to entertain you while doing whatever you do when reading The Cap John Spann,2016-09-16 This is really not a book but the cries and screams of millions of American and free world Veterans crying out from their graves and their PTSD prison cells Thirty seven million American vets are alive as these screams and cries are being recorded and what a giant sacrifice for a freedom loving world For millions of American vets who returned from war during the most publicly hated and unpopular war in history I was one of the lucky few because of an accident In a hurry running out the back door I grabbed the TABOO cap the one which had the taboo words Vietnam vet written on it While pumping gas a busy lovely brown eyed lady walked up to me and tilted her head reading my cap and said Vietnam correct I yanked off the cap and said Woops wrong cap sorry and through it in the truck With lovely manicured hands she took my dirty farm hands looked me in the eyes and said Sir I want to thank you for your service The lovely lady disappeared in the flood running down my dirty face I screamed and cried with so much joy and happiness the birds hushed their singing My old flop eared dog tilted his ugly head and said whats wrong boss did your head jump time That was the first time I felt okay after a century and feeling okay is heaven and I know there are millions of vets who do not yet feel okay and millions have gone to their eternal rest not feeling okay I was one of the lucky few Sweet lady you wrote this little book and saved a life and many PTSD lives This little book talks about trapped emotions which is a big part of PTSD and anyone who suffers with traumas children and wives husbands to horses dogs and cats can suffer with trapped emotions so hug your kid wife or husband your horse your dog or cat and they will feel good and so will you It also talks about what you and I can do about the vet and teen suicide epidemic school shootings and bombings school or public bombings and how an epidemic of caring and hugging may slow it down The book shows how shootings bombings and suicides often happen in the actors 90% subconscious mind and the 10 % conscious mind knows nothing about it so the actor feels no guilt and would pass a lie

detectors test Our favorite news caster asks the expert on suicides why and she says were the last to know they dont tell anyone they just do it The expert forgot to add the actor knows nothing about it either because his subconscious survivor mechanism was at work Many are able to control their rage through a belief system as in prayer or talking about it to a friend or a willing listener The called have the gift of forgiving so they can go on with their happy caring life **The Gods Look Down** Trevor Hoyle,2014-07-24 When an ancient religious text reveals that nuclear physics capable of creating a new species of man existed in Biblical times the mystified scientists of Earth IVn realise that something or somebody has been tampering with history It s up to Christian Queghan to use his extraordinary powers as a Myth Technologist to unravel this baffling enigma for only he can cross the barriers of time and space to uncover the malevolent force linking the distant past to the mythical future Queghan is working with another scientist decoding the ancient texts from ancient history until he realises that his own colleague is seeking to alter history using the results of the research Queghan must draw upon his ability to pass into alternate realities in an attempt to stop him however dangerous it is for him Q The Gods Look Down is Book Three of the Q Series an epic science fiction adventure through parallel worlds **Bible in the News** ,1977 **From Adam to Omega** A.R. Roberts,2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years **Fortune and Glory: A Treasure Hunter's Handbook** David McIntee,2016-01-20 So you have decided to give up the rat race for the life of an international treasure hunter but you are not quite sure where to start Well then this book is for you Fortune and Glory tells you all you need to know in order to set off on an epic quest for the great lost treasures of history Starting with a quick exploration of the history of treasure hunting and a look at the gear that you will need it then delves into a survey of the lost treasures that are out there just waiting to be claimed Continent by continent the book covers the legends of hidden locations like El Dorado and King Solomon s Mines as well as covering the most illustrious lost artifacts such as the Holy Grail the Hanjo Masamune and the Irish Crown Jewels If your interest lies with the loot rather than the history the book also discusses Nazi gold pirate treasure and the treasure hordes of the Copper Scrolls This book is your first step towards becoming the pistol toting fedora wearing international tomb robber and treasure hunter you ve always dreamt of being **Entryway Into Yesteryears** Shari Harris,2016-04-12 Entryway Into Yesteryears by Shari Harris Entryway Into Yesteryears is the history of

where we came from A soul woke inside Shari Harris s mind and told her the words of God peace and love and understanding each other This is the story of God Christ and His brother Lord Christ Shari started off writing this book for her niece but ended up writing the words of God God told her to write His words about where we came from and where we go when we die She asked God why He picked her God said to trust Him This story is how the world came to be from a single hollow rock to Planet Earth God showed her Heaven a place of peace and love This is the story of our yesteryears *Wonders in the Sky* Jacques Vallee,Chris Aubeck,2010-10-28 One of the most ambitious works of paranormal investigation of our time here is an unprecedented compendium of pre twentieth century UFO accounts written with rigor and color by two of today s leading investigators of unexplained phenomena In the past century individuals newspapers and military agencies have recorded thousands of UFO incidents giving rise to much speculation about flying saucers visitors from other planets and alien abductions Yet the extraterrestrial phenomenon did not begin in the present era Far from it The authors of *Wonders in the Sky* reveal a thread of vividly rendered and sometimes strikingly similar reports of mysterious aerial phenomena from antiquity through the modern age These accounts often share definite physical features such as the heat felt and described by witnesses that have not changed much over the centuries Indeed such similarities between ancient and modern sightings are the rule rather than the exception In *Wonders in the Sky* respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical age antiquity through the year 1879 the point at which the Industrial Revolution deeply changed the nature of human society and the skies began to open to airplanes dirigibles rockets and other opportunities for misinterpretation represented by military prototypes Using vivid and engaging case studies and more than seventy five illustrations they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history on our religion and on the models of the world humanity has formed from deepest antiquity Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena *Wonders in the Sky* is the most ambitious broad reaching and intelligent analysis ever written on premodern aerial mysteries *An Angel Takes a Swim* Rebeca Pradera,David Orange,2024-12-16 In this heartwarming tale a football coach dies in a car accident and becomes haunted by mistakes made with his ballerina wife Desperate to make amends he pleads with Archangels to reincarnate him so he can assist her with legs paralyzed from the crash However fate intervenes but the only body available is that of an albino dolphin for a short time Despite facing dangerous encounters with sharks and the pursuit by an alluring female dolphin the coach finds protection from a ferocious Orca Killer Whale After being injured by a boater the dolphin gets trapped in a theme park As his time as a dolphin ends an unexpected source offers a daring escape the coach dolphin partners with his paraplegic dancer wife to perform a remarkable show routine that defies the odds This inspiring story highlights the power of love determination and resilience to overcome obstacles and how our actions can profoundly impact those around us
