McMafia A Journey Through The Global Criminal Underworld:

McMafia Misha Glenny, 2008-04-08 Misha Glenny's groundbreaking study of global organized crime is now the inspiration for an 8 part AMC crime drama starring James Norton War and Peace Juliet Rylance and David Strathairn With the collapse of the Soviet Union the fall of the Berlin Wall and the deregulation of international financial markets in 1989 governments and entrepreneurs alike became intoxicated by dreams of newly opened markets But no one could have foreseen that the greatest success story to arise from these events would be the worldwide rise of organized crime Today it is estimated that illegal trade accounts for one fifth of the global GDP In this fearless and wholly authoritative investigation of the seemingly insatiable demand for illegal wares veteran reporter Misha Glenny travels across five continents to speak with participants from every level of the global underworld police victims politicians and even the criminals themselves What follows is a groundbreaking propulsive look at an unprecedented phenomenon from a savvy street wise guide **McMafia** Misha Glenny, 2009 *Organized Crime in Our Times* Jay S. Albanese, 2014-09-25 Provides readers with an understanding of organized crime including its definition and causes how it is categorized under the law models to explain its persistence and the criminal justice response to organized crime including investigation prosecution defense and sentencing *Intelligence Sharing, Transnational Organized Crime and Multinational Peacekeeping* Diane E. Chido, 2017-12-12 This book describes the problems of intelligence sharing among peacekeeping partners mainly due to security concerns and a lack of policies and resources The study posits that the current emphasis on violent extremism as a driver of conflict is misplaced as TOC is a more pervasive cause creating and exacerbating instability to increase its markets and capabilities and is an essential funding stream for violent extremists The book identifies approaches to future missions emphasizing training and resourcing for analysts in the field **Global Politics as if People Mattered** Mary Ann Tétreault, Ronnie D. Lipschutz, 2009-05-16 Now in a fully updated and revised edition this concise and engaging text introduces global politics and international relations with an emphasis on the social individual Using practical examples as well as theory the authors show students how they can take charge of their lives and the politics that affect them even in the context of a vast global economy and impersonal international forces that sometimes seem out of control Filled with idealism yet firmly grounded in current realities *Global Politics as if People Mattered* is a fresh take on the proper place and potential of individuals in world politics front and center actively engaged in a way of life that is as politically personal as it is politically powerful *An Economic History of Organized Crime* Dennis M. P. McCarthy, 2011-05-15 This book is a comparative study of organized crime groups from five different parts of the world Europe North America Central America South America Caribbean basin Africa and Asia Western Pacific Each part contains two case studies and a shorter essay a vignette From Europe the case studies focus on the Italian mafias and the Russian mafia the vignette on the Albanian mafia From North America the case studies highlight the US Mafia and the Mexican drug cartels the vignette organized crime in Canada From Central America South America Caribbean basin

Dark Logic Robert Mandel, 2010-11-09 Since the end of the Cold War transnational non state forces have been a major source of global instability with many ominous and disruptive flows of people goods and services moving readily across international boundaries And because these activities are so multifaceted and so intertwined within the fabric of society they remain largely invisible until the intrusion is well advanced and difficult to reverse Thus the threat posed by transnational organized crime ultimately undermines the total security of countries including the economic cultural and political dimensions and now presents an international security challenge of staggering proportions Surprisingly no single book so far has fully addressed the scale of this threat to global stability from an international security perspective In an attempt to rectify that failure Dark Logic examines in depth when and how transnational organized crime is likely to use corruption and violence to achieve its ends and when and how these criminal activities most affect individual and state

security Even more important it pinpoints when and how the negative consequences of these tactics and activities can be most successfully combated In so doing it provides a unique lens for analyzing today s global security dilemmas Given that the threat associated with transnational organized crime can endanger all citizens from policy makers and security analysts to students scholars and the man and woman on the street this book is written in an intelligible and jargon free style to make it accessible to anyone interested in the ever growing catalog of threats to national and international security **The New York Times Index** ,2008 **Business Week** ,2008 Digital Talking Books Plus ,2010 **Typeface** Tamye Riggs,2009-07-29 Typeface Classic Typography for Contemporary Design is a unique sourcebook featuring forty six classic typefaces that continue to resonate with today s most influential graphic designers Inside cover Global Governance and the UN Thomas George Weiss,Ramesh Chandra Thakur,2010 In the 21st century the world is faced with threats of global scale thatcannot be confronted without collective action Although global government as suchdoes not exist formal and informal institutions practices and initiatives together forming global governance bring a greater measure of predictability stability and order to trans border issues than might be expected Yet there are significant gaps between many current global problems and available solutions Thomas G Weiss and Ramesh Thakur analyze the UN s role in addressing suchknowledge normative policy institutional and compliance lapses The UN srelationship to these five global governance gaps is explored through case studiesof some of the most burning problems of our age including terrorism nuclearproliferation humanitarian crises development aid climate change human rights and HIV AIDS Women's Lives: Multicultural Perspectives Gwyn Kirk,Margo Okazawa-Rey,2009-02-04 Womens studies womens lives knowing and understanding Our bodies ourselves womens sexuality women bodies womens health Womens places home and work in a globalizing world Security and sustainability Activism and change **Talking Book Topics** ,2010 *Public Library Core Collection* John Greenfieldt,Patrice Bartell,2008 Wilson s Public Library Core Collection Nonfiction 13th Edition 2008 recommends reference and nonfiction books for the general adult audience It is a guide to over 9 000 books over 6 500 titles are new to this edition plus review sources and other professional aids for librarians and media specialists Acquisitions librarians reference librarians and cataloguers can all use this reliable guide to building and maintaining a well rounded collection of the most highly recommended reference and nonfiction books for adults All titles are selected by librarians editors advisors and nominators all of them experts in public library services The collection is a valuable tool for collection development and maintenance reader s advisory weeding your collection and curriculum support Richly enhanced records provide a wealth of useful information All entries include complete bibliographic data as well as price subject headings annotations grade level Dewey classification cover art and quotations from reviews Many entries also list awards best book lists and starred reviews Save Time Efficiently organised and includes Starred titles Save Money Allocate your resources to the best materials available Stay Relevant Discover the best in important contemporary categories Complete Coverage Includes
