Portrait of Peninsula Woman Trecia Greene, 2006-06 Portrait of Peninsula Woman is a collection of stories written and published September 2001 to June 2005 in the Chinook Observer on the Long Beach Peninsula in the state of Washington While living in Nahcotta a tiny little community on the east side of the peninsula overlooking Willapa Bay I discovered I was actually living next door to stories I picked up stories among the ninety five mailboxes at the Nahcotta post office twisting and stretching with stories in yoga classes listening to stories played on a grand piano in the little church where the preacher was preaching story sniffing out stories served up with breakfast lunch

and dinner in a half dozen restaurants up and down the peninsula I brought home stories garnered from among the cantaloupe in the grocery aisle and from the copy center next door scratched out stories among the chickens in the organic garden down the street heard stories being sung around a campfire burning for children whose laughter sometimes sounds like crying Peninsula Woman comes and stays loves and learns leaves or doesn't Her stories are in the wind among the grains of sand in the spray from the ocean in a sky whose stars are not blacked out by too many neon lights in the sunrise over Willapa Bay and in the sunset sinking its fiery orange into the Pacific What Peninsula Woman gave to me I give back to the Peninsula Her generous gift is story story story and I am forever grateful

How the States Shaped the Nation Melanie Jean Springer, 2014-04-11 The United States routinely has one of the lowest voter turnout rates of any developed democracy in the world That rate is also among the most internally diverse since the federal structure allows state level variations in voting institutions that have had and continue to have sizable local effects But are expansive institutional efforts like mail in registration longer poll hours and no excuse absentee voting uniformly effective in improving voter turnout across states With *How the States Shaped the Nation* Melanie Jean Springer places contemporary reforms in historical context and systematically explores how state electoral institutions have been instrumental in shaping voting behavior throughout the twentieth century Although reformers often assume that more convenient voting procedures will produce equivalent effects wherever they are implemented Springer reveals that this is not the case In fact convenience voting methods have had almost no effect in the southern states where turnout rates are lowest In contrast the adverse effects associated with restrictive institutions like poll taxes and literacy tests have been persistent and dramatic Ultimately Springer argues no single institutional fix will uniformly resolve problems

of low or unequal participation If we want to reliably increase national voter turnout rates we must explore how states voting histories differ and better understand the role of political and geographical context in shaping institutional effects
