The Classical Gallery: Containing a Selection of the Most Distinguished Characters, in Ancient and Modern Times; as Drawn by the Most Celebrated Grecian, Roman, and British Historians, Biographers, &c Thomas Browne (LL.D.),1815 Planning Chinese Characters Shouhui Zhao,Richard B. Jr. Baldauf,2007-10-30 One of the remarkable things about Chinese language policy over the millennia has been the power of the writing system to unite what are disparate if related spoken varieties We have already published one book on PRC language policy in this series a collection edited by Minglang Zhou that covered the full range of topics including the development of Putonghua common speech the status of minority languages and some interesting chapters on the reform of the writing system This last subject is of such complexity and importance to justify adding to the series a book going into more detail on developments in efforts to manage and cultivate the writing system in the last 50 years taking into account the rapid growth of the Chinese economy and the technological developments associated with computers and the web It is important we feel to back up the common generalizations about language policy with detailed studies of specific topics where one can observe at close hand the plans and activities of language managers the problems they set out to solve and their successes and failures This is precisely what Zhao and Baldauf set out to do in this full account and analysis of the challenges met by recent efforts to adjust the Chinese writing system to new demands We would like to express our thanks to the authors and to the others who contributed to the production of this volume *A Reference Guide for English Studies* Michael J. Marcuse,1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent
