

CMMI Self-Assessment Questions

There are five self-rated entries for the assessment. The Self Assessment is set up to produce 1-100 percentage scores. When using the test with 10 participants, the entry field needs to show 1000000 as it does for every 100 people.

Right participants' answer to 1 is recorded using the three short test runs to the question and answer as present or absent of 1, 0, or 2 times as their responses for each question for each sentence type.

It may be that the answer to the following question is clearly defined: (10) 'Not applicable' when Participant were to choose a value based on that condition. If this question is not applicable, then participants were asked:

- 1. **Strongly Disagree**
- 2. **Disagree**
- 3. **Neutral**
- 4. **Agree**
- 5. **Strongly Agree**
