Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1971 **An Introduction to Theology** John R. Higgins, Michael L. Dusing, Frank D. Tallman, 1993 **On the Resurrection of the Dead** James T. Turner, Jr., 2018-10-03 Christian tradition has largely held three theological affirmations on the resurrection of the physical body Firstly that bodily resurrection is not a superfluous hope of afterlife Secondly there is immediate post mortem existence in Paradise Finally there is numerical identity between pre mortem and post resurrection human beings The same tradition also largely adheres to a robust doctrine of The Intermediate State a paradisiacal disembodied state of existence following the biological death of a human being This book argues that these positions are in fact internally inconsistent and so a new theological model for life after death is required The opening arguments of the book aim to show that The Intermediate State actually undermines the necessity of bodily resurrection Additionally substance dualism a principle The Intermediate State requires is shown to be equally untenable in this context In response to this the metaphysics of the afterlife in Christian theology is re evaluated and after investigating physicalist and constitutionist replacements for substance dualist metaphysics a new theory called Eschatological Presentism is put forward This model combines a broadly Thomistic hylemorphic metaphysics with a novel theory of Time This is an innovative examination of the doctrine of life after death It will therefore be of great interest to scholars of analytic theology and philosophy of religion Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. leadership development based on the Holy Trinity Part one analyzes the present state of the cultural and ecclesiastical situation in Canada identifying specific trends and aspects relating to the need for development of effective leadership in the church This section sets the stage for Part two where a theology of trinitarian leadership is developed based on the dynamic of perichoresis with the motif of a dance used to present a paradigm of transformational leadership Part three offers church based strategies for leadership development concluding with a creative application of the doxological formula that captures the thrust of the entire book and leads it to a finale that includes a benediction of hope for the church through this leadership model Religious Books and Serials in Print, 1980-1981 ,1980 Precious Precarity Helen T. Boursier,2024-05-21

Borders are places of collision People and politics compassion and cruelty law and lawlessness hope and despair idealism and ideology life and death all collide at the border But these collisions have human faces North and south rich and poor nuns and nones desperation and courage a spirit draws all these poles together and a spirituality animates their encounter

Precious Precarity examines the spirituality that emerges between life and death when vulnerable raced migrants must leave their homelands and traverse harsh environments to seek safety in an often unwelcoming foreign land The spirituality of displaced people mingles with that of volunteers advocates and environmentalists at the southwestern US Mexico border creating a unique and distinct spirituality in the borderlands It s a spirituality shaped by the reality of death and the passionate quest for safety and for life Informed by interviews activism scholarship original art and a practiced compassion Precious Precarity takes readers beyond the headlines policy debates good intentions and bad faith that too often dominate our understanding of the borderlands to reveal the ways in which human experience endures life s travails transcends its vagaries and vanities and persists in the face of danger and even death **Paperbound Books in Print 1995** Reed

Reference Publishing,R5ference Reed,1995-12 **Conversational Theology** George Hunsinger,2014-11-20 The essays in this wide ranging collection fall into three main sections Ecumenical Theology Postliberal Theology and Political Theology The first section deals with Torrance and Barth on the Sacraments Hunsinger includes here an examination of Torrance s views of baptism and the eucharist as well as Karl Barth s voice on the Lord s Supper He also develops a post Barthian appreciation of Jews and Judaism In the second section Hunsinger discusses such figures as Hans W Frei Ernst Troeltsch and H R Niebuhr in terms of their contribution to Postliberal Theology The final section offers a discussion of Political Theology as part of which Hunsinger presents an in depth analysis regarding the political views of Karl Barth as well as Barth s understanding of human rights The book ends with a meditation on Andr Trocm and how goodness happened at Le Chambon
