Christology Ancient And Modern:

Christology, Ancient and Modern Oliver D. Crisp, George Hunsinger, Peter J. Leithart, Katherine Sonderegger, Alan J. Torrance, 2013-10-22 A Fresh Look at the Doctrine of Christ Christology was the central doctrine articulated by the early church councils and it remains the subject of close theological investigation today Christology Ancient and Modern the first volume in a series of published proceedings from the annual Los Angeles Theology Conference brings together conference proceedings surveying the field and articulating the sources norms and criteria for constructive theological work in Christology The ten diverse essays in this collection include discussions on The types of historical Christologies and evaluations of various approaches to the theology of Christ A close look at the trajectory and divergence of modern denominational understandings of Christ s work and person Discussions of implications and challenges to specific Christologies regarding detailed exegetical considerations Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future **Christologies Ancient and Modern** William Sanday, 1910 Christology and Personality, Containing I. Christologies Ancient and Modern, [microform] W 1843-1920 Sanday, 2023-07-18 In Christologies Ancient and Modern W Sanday provides an overview of the various interpretations of the person of Jesus Christ that have emerged over the centuries Sanday s thorough and scholarly approach to the subject offers readers an in depth understanding of this fundamental aspect of Christian theology This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Christology and Personality- Containing I. Christologies Ancient and Modern II. Personality in Christ and in Ourselves William Sanday, 2008-10 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to

write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing

The Promise of the Trinity B. Hoon Woo, 2018-09-10 The doctrine of the pactum salutis covenant of redemption offers the idea of a covenant between the very persons of the Trinity for the redemption of humanity The doctrine received most of its attention in seventeenth century Reformed theology and has been criticized and almost totally forgotten in dogmatics since the eighteenth century Most recent Reformed dogmatics tend to ignore the doctrine or disparage it from biblical trinitarian christological pneumatological and soteriological perspectives namely the doctrine lacks scriptural basis it is tritheistic it leads to subordination of the Son it omits the role of the Holy Spirit and it applies a deterministic idea for the Christian life The theologies of Witsius Owen Dickson Goodwin and Cocceius portray a very robust form of the doctrine Witsius argues with the help of a peculiar methodology of cross referencing and collation of related scriptural texts that the doctrine is firmly based on biblical exegesis that was passed on from the patristic era The doctrine formulated by Owen endorses the doctrines of inseparable operations and terminus operationis so as to give deep insight into the Trinity In Dickson s doctrine the Son s voluntary consent and obedience to the will of the Father are highly emphasized Likewise Goodwin s depiction of the Holy Spirit secures the divinity of the Spirit as well as his indispensable role for the transaction and accomplishment of the pactum The doctrine in the theology of Cocceius sheds much light on the vibrant dynamic of the Christian life in accordance with the ordo salutis The doctrine of the pactum salutis of the five Reformed theologians clearly shows that the doctrine is both promised and promising for theology and the life of faith

Church Quarterly Review ,1911 **Steward of God's Mysteries** Jerry L. Sumney,2017 One view that perennially springs up among biblical scholars is that Paul was the inventor of Christianity or that Paul introduced the idea of a divine Christ to a church that earlier had simply followed the ethical teaching of a human Jesus In this book Jerry Sumney responds to that claim by examining how in reality Paul drew on what the church already believed and confessed about Jesus As he explores how Paul s theology relates to that of the broader early church Sumney identifies where in the Christian tradition distinctive theological claims about Christ his death the nature of salvation and eschatology first seem to appear Without diminishing significant differences Sumney describes what common traditions and beliefs various branches of the early church shared and compares them to Paul s thought Sumney interacts directly with arguments made by those who claim Paul as the inventor of Christianity and approaches the questions raised by that claim in a fresh way **The Church Quarterly Review** Arthur Cayley Headlam,1911 **American Journal of Theology** ,1911 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged **The Churchman** ,1917
