Abstract

The electrocardiogram is a representative signal containing information about the condition of the heart. The shape and size of the P-QRS-T wave, the time intervals between its various peaks, etc., may contain useful information about the nature of disease affecting the heart. However, these subtle details cannot be directly monitored by the human observer. Besides, since bio-signals are highly subjective, the symptoms may appear at random in the time scale. Therefore, the signal parameters, extracted and analysed using computers, are highly useful in diagnostics. This paper deals with the classification of certain diseases using artificial neural network (ANN) and fuzzy equivalence relations. The heart rate variability is used as the base signal from which certain parameters are extracted and presented to the ANN for classification. The same data is also used for fuzzy equivalence classifier. The feedforward architecture ANN classifier is seen to be correct in about 85% of the test cases, and the fuzzy classifier yields correct classification in over 90% of the cases. © 2002 Pattern Recognition Society. Keywords: Heart rate; Pattern recognition; ECG; Neural network; Fuzzy equivalence; Disease classification

1. Introduction

Electrocardiography deals with the electrical activity of the heart. Monitored by placing sensors at the limb extremities of the subject, electrocardiogram (ECG) is a record of the origin and propagation of the electric potential through cardiac muscles. It is considered a representative signal of cardiac physiology, useful in diagnosing cardiac disorders.

The state of cardiac health is generally reflected in the shape of ECG waveform and heart rate. It may contain important pointers to the nature of diseases affecting the heart. However, bio-signals being non-stationary signals, this reflection may occur at random in the time scale. (That is,

the disease symptoms may not show up all the time, but would manifest at certain irregular intervals during the day.) Therefore, for effective diagnostics, the study of ECG pattern and heart rate variability signal (instantaneous heart rate against time axis) may have to be carried out over several hours. Thus, the volume of the data being enormous, the study is tedious and time consuming. Naturally, the possibility of the analyst missing (or misreading) vital information is high. Therefore, computer-based analysis and classification of diseases can be very helpful in diagnostics.

The present paper makes use of heart rate variability (HRV) as the base signal for analysis and classification of diseases. The heart rate is evaluated by measuring the time interval between the successive R-peaks (*R-R* interval) of the ECG waveform. It is known that almost all the useful frequency components in ECG signal falls below 40 Hz [1], and therefore sampled at the rate of 200 samples/s. The heart rate, plotted against the time scale provides the HRV signal,

Classification Of Heart Rate Data Using Artificial Neural:

Advances in Cardiac Signal Processing U. Rajendra Acharya, 2007-04-25 This book provides a comprehensive review of progress in the acquisition and extraction of electrocardiogram signals The coverage is extensive from a review of filtering techniques to measurement of heart rate variability to aortic pressure measurement to strategies for assessing contractile effort of the left ventricle and more The book concludes by assessing the future of cardiac signal processing leading to next generation research which directly impact cardiac health care

Applied Artificial Intelligence - Proceedings Of The 7th International FLINS Conference Da Ruan, Pierre D'hondt, Paolo Fantoni, Martine De Cock, Mike Nachtegaele, Etienne E Kerre, 2006-07-07 FLINS originally an acronym for Fuzzy Logic and Intelligent Technologies in Nuclear Science is now extended to Applied Artificial Intelligence for Applied Research The contributions to the seventh in the series of FLINS conferences contained in this volume cover state of the art research and development in applied artificial intelligence for applied research in general and for power nuclear engineering in particular

Information, Technology in Bio- and Medical Informatics, ITBAM 2010 Sami Khuri, Lenka Lhotská, Nadia Pisanti, 2010-09-09 Biomedical engineering and medical informatics are challenging and rapidly growing areas Applications of information technology in these areas are of paramount importance The aim of the first ITBAM conference was to bring together scientists researchers and practitioners from different disciplines mathematics bioinformatics biology medicine biomedical engineering and computer science having such common interests We hope that ITBAM conferences will provide opportunities for fruitful discussions between all attendees and provide a platform where participants can exchange their most recent results identify future directions and challenges initiate possible collaborative research and system development and develop common languages for solving problems in the realm of biomedical engineering bioinformatics and medical informatics The importance of computer aided diagnosis and therapy has drawn more and more attention worldwide and laid the foundation for modern medicine with excellent potential for promising applications such as telemedicine Web based healthcare and analysis of genetic information For this conference after a peer review process we finally selected 13 long papers and 8 short papers that are now published in this volume They are divided into the following groups workflow management and database decision support and data management in biomedicine medical data modelling and information retrieval data mining in bioinformatics knowledge representation and data management in bioinformatics biological data and signal processing The papers show how broad the spectrum of topics in applications of information technology to biomedical engineering and medical informatics is

Biomedical Sensors and Smart Sensing Ayan Kumar Panja, Amartya Mukherjee, Nilanjan Dey, 2022-06-02 Biomedical Sensors and Smart Sensing A Beginner's Guide a book in the 10 volume Primers in Biomedical Imaging Devices and Systems series covers a wide range of interdisciplinary applications in imaging modalities nuclear medicine computed tomographic systems x ray systems magnetic resonance imaging ultrasound and virtual reality The series explores the essential

fundamental techniques required to analyze and process signals and images for diagnosis scientific discovery and medical applications Volumes in this series cover a wide range of interdisciplinary areas combining foundational content with practical case studies to demonstrate the applications of these technologies in real world situations In addition the 10 volume series considers various medical devices electronics circuits sensors and algorithms Several applications ranging from basic biological science to clinical practice are included to facilitate ongoing research Covers a variety of sensing and signal processing techniques Introduces different approaches relating to communication and intelligent data processing for early detection and prediction of diseases Includes practical case studies *Harnessing the Internet of Things (IoT) for a Hyper-Connected Smart World* Indu Bala,Kiran Ahuja,2022-10-06 Showcasing the diverse ways that IoT can be employed for improvement in many areas of contemporary life this new volume explores a multitude of IoT applications that provide advanced solutions for real world problems The selection of topics includes network on chip as the new paradigm for system on chip integration for maintaining high performance for IoT applications new router designs to increase speed and the challenges of wireless underground sensor networks which have a wide range of applications in military underground sensing testing soil traits and moisture content pollution control and location detection security and detection of natural calamities Various state of the art techniques such as optimization schemes blockchain machine learning orthogonal frequency division multiplexing etc are also discussed in the context of cognitive IoT The volume considers the uses of IoT in agriculture discussing challenges along with solutions with the help of the latest technical smart tools to uplift the farming community specifically IoT applications for information gathering to improve yield productivity food and crop quality and sustainability monitoring toxic substances and soil properties etc The book also covers a broad spectrum of IoT applications in the educational industry along with the challenges associated with them and how to facilitate the use of smart classroom technology A chapter on IoT in the healthcare industry presents an IoT based GPS enabled smart jacket design to monitor heart rate sugar level blood pressure fever and stress level The authors also present an IoT based Peltier air conditioner design that overcomes the limitations of existing HVAC framework a review of various energy harvesting techniques to generate electrical power from non conventional power sources with their merits and demerits and much more

Information Technology in Bio- and Medical Informatics Christian Böhm,Sami Khuri,Lenka Lhotská,Nadia Pisanti,2011-08-19 This book constitutes the thoroughly refereed proceedings of the Second International Conference on Information Technology in Bio and Medical Informatics ITBAM 2011 held in Toulouse France in August September 2011 in conjunction with DEXA 2011 The 13 long papers and 5 short papers were carefully selected and address the following topics decision support and data management in biomedicine medical data mining and information retrieval workflow management and decision support in medicine and classification in bioinformatics The papers show how broad the spectrum of topics in applications of information technology to biomedical engineering and medical informatics is *Smart Graphics* Marc

Christie,Tsai-Yen Li,2014-08-22 This book constitutes the proceedings of the 12th International Symposium on Smart Graphics SG 2014 held in Taipei Taiwan in August 2014 The 14 full and 4 short papers presented in this volume were carefully reviewed and selected from 26 submissions They are organized in topical sections named data visualization sketching and multi touch interaction aesthetics and smart tools for artists smart tools for 3D contents and posters

Machine Learning in Bio-Signal Analysis and Diagnostic Imaging Nilanjan Dey,Surekha Borra,Amira S.

Ashour,Fuqian Shi,2018-11-30 Machine Learning in Bio Signal Analysis and Diagnostic Imaging presents original research on the advanced analysis and classification techniques of biomedical signals and images that cover both supervised and unsupervised machine learning models standards algorithms and their applications along with the difficulties and challenges faced by healthcare professionals in analyzing biomedical signals and diagnostic images These intelligent recommender systems are designed based on machine learning soft computing computer vision artificial intelligence and data mining techniques Classification and clustering techniques such as PCA SVM techniques Naive Bayes Neural Network Decision trees and Association Rule Mining are among the approaches presented The design of high accuracy decision support systems assists and eases the job of healthcare practitioners and suits a variety of applications Integrating Machine Learning ML technology with human visual psychometrics helps to meet the demands of radiologists in improving the efficiency and quality of diagnosis in dealing with unique and complex diseases in real time by reducing human errors and allowing fast and rigorous analysis The book s target audience includes professors and students in biomedical engineering and medical schools researchers and engineers Examines a variety of machine learning techniques applied to bio signal analysis and diagnostic imaging Discusses various methods of using intelligent systems based on machine learning soft computing computer vision artificial intelligence and data mining Covers the most recent research on machine learning in imaging analysis and includes applications to a number of domains Encyclopedia of Information Science and Technology Mehdi Khosrow-Pour,Mehdi

Khosrowpour,2009 This set of books represents a detailed compendium of authoritative research based entries that define the contemporary state of knowledge on technology Provided by publisher The Cardiovascular System David C.

Gaze,2012-04-25 The cardiovascular system includes the heart located centrally in the thorax and the vessels of the body which carry blood The cardiovascular or circulatory system supplies oxygen from inspired air via the lungs to the tissues around the body It is also responsible for the removal of the waste product carbon dioxide via air expired from the lungs The cardiovascular system also transports nutrients such as electrolytes amino acids enzymes hormones which are integral to cellular respiration metabolism and immunity This book is not meant to be an all encompassing text on cardiovascular physiology and pathology rather a selection of chapters from experts in the field who describe recent advances in basic and clinical sciences As such the text is divided into three main sections Cardiovascular Physiology Cardiovascular Diagnostics and lastly Clinical Impact of Cardiovascular Physiology and Pathophysiology **Design and Development of Affordable**

Healthcare Technologies Bit, Arindam, 2018-06-22 Technological advancements in the last few decades have significantly revolutionized the healthcare industry resulting in life expectancy improvement in human beings The use of automated machines in healthcare has reduced human errors and has notably improved disease diagnosis efficiency Design and Development of Affordable Healthcare Technologies provides emerging research on biomedical instrumentation bio signal processing and device development within the healthcare industry This book provides insight into various subjects including patient monitoring medical imaging and disease classification This book is a vital reference source for medical professionals biomedical engineers scientists researchers and medical students interested in the comprehensive research on the advancements in healthcare technologies

ISFRAM 2014 Sahol Hamid Abu Bakar, Wardah Tahir, Marfiah Ab. Wahid, Siti Rashidah Mohd Nasir, Rohana Hassan, 2015-04-10 This book highlights research in flood related areas and sustainable management conducted by researchers around the world compiling their innovative work in order to share best practices for managing floods and recommended flood solutions The individual papers cover the fundamentals and latest advances in the areas of flood research and management providing in depth coverage complemented by illustrations diagrams and tables The book offers a valuable source of information on methods and state of the art technology for effective flood management

International Conference on Innovative Computing and Communications Ashish Khanna, Deepak Gupta, Siddhartha Bhattacharyya, Aboul Ella Hassanien, Sameer Anand, Ajay Jaiswal, 2021-08-28 This book includes high quality research papers presented at the Fourth International Conference on Innovative Computing and Communication ICICC 2021 which is held at the Shaheed Sukhdev College of Business Studies University of Delhi Delhi India on February 20 21 2021 Introducing the innovative works of scientists professors research scholars students and industrial experts in the field of computing and communication the book promotes the transformation of fundamental research into institutional and industrialized research and the conversion of applied exploration into real time applications

Artificial Intelligence and Soft Computing - ICAISC 2006 Leszek Rutkowski, Ryszard Tadeusiewicz, Lotfi A. Zadeh, Jacek Zurada, 2006-07-01 This book constitutes the refereed proceedings of the 8th International Conference on Artificial Intelligence and Soft Computing ICAISC 2006 held in Zakopane Poland in June 2006 The 128 revised contributed papers presented are organized in topical sections on neural networks and their applications fuzzy systems and their applications evolutionary algorithms and their applications rough sets classification and clustering image analysis and robotics bioinformatics and medical applications various problems of artificial intelligence

Madni,2023-11-01 This textbook presents multiple facets of design development and deployment of deep learning networks for both students and industry practitioners It introduces a deep learning tool set with deep learning concepts interwoven to enhance understanding It also presents the design and technical aspects of programming along with a practical way to understand the relationships between programming and technology for a variety of applications It offers a tutorial for the reader to learn wide ranging conceptual modeling and programming tools that animate deep learning applications The book is especially directed to students taking senior level undergraduate courses and to industry practitioners interested in learning about and applying deep learning methods to practical real world problems

Cardiology Science and Technology Dhanjoo N. Ghista,2016-04-27 Cardiology Science and Technology comprehensively deals with the science and biomedical engineering formulations of cardiology As a textbook it addresses the teaching research and clinical aspects of cardiovascular medical engineering and computational cardiology The books consists of two sections The first section deals with left ventricular

Classification Of Heart Rate Data Using Artificial Neural Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has are more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **Classification Of Heart Rate Data Using Artificial Neural**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book is key themes, examine its writing style, and analyze its overall affect readers.

Classification Of Heart Rate Data Using Artificial Neural Introduction

In the digital age, access to information has become easier than ever before. The ability to download Classification Of Heart Rate Data Using Artificial Neural has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Classification Of Heart Rate Data Using Artificial Neural has opened up a world of possibilities.

Downloading Classification Of Heart Rate Data Using Artificial Neural provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Classification Of Heart Rate Data Using Artificial Neural has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Classification Of Heart Rate Data Using Artificial Neural. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Classification Of Heart Rate Data Using Artificial Neural. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Classification Of Heart Rate Data Using Artificial Neural, users should also

consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Classification Of Heart Rate Data Using Artificial Neural has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Classification Of Heart Rate Data Using Artificial Neural Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Classification Of Heart Rate Data Using Artificial Neural is one of the best book in our library for free trial. We provide copy of Classification Of Heart Rate Data Using Artificial Neural in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Classification Of Heart Rate Data Using Artificial Neural. Where to download Classification Of Heart Rate Data Using Artificial Neural online for free? Are you looking for Classification Of Heart Rate Data Using Artificial Neural PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Classification Of Heart Rate Data Using Artificial Neural. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Classification Of Heart Rate Data Using Artificial Neural are for sale to free while some

are payable. If you are not sure if the books you would like to download work for use along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Classification Of Heart Rate Data Using Artificial Neural. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Classification Of Heart Rate Data Using Artificial Neural To get started finding Classification Of Heart Rate Data Using Artificial Neural, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Classification Of Heart Rate Data Using Artificial Neural So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Classification Of Heart Rate Data Using Artificial Neural. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Classification Of Heart Rate Data Using Artificial Neural, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Classification Of Heart Rate Data Using Artificial Neural is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Classification Of Heart Rate Data Using Artificial Neural is universally compatible with any devices to read.
