Your Primary School-based Experience Catriona Robinson, Branwen Bingle, Colin Howard, 2025-02-28 This book is an essential companion for all primary trainee teachers whatever their training route. It focuses on the school-based experience and provides both practical strategies and opportunities for reflection so trainees are challenged to critically evaluate their learning in order to improve attainment and ultimately succeed while in their school settings. The book reflects current educational policy and embraces key national priority areas including behaviour inclusion and the teaching of phonics and early mathematics. Other chapters look at professional partnerships, planning and assessment, employability and crucially how to move from good to outstanding teaching. Case studies enliven the text and present a range of perspectives for consideration while critical questions engage the reader and promote a deeper understanding of the text. This second edition of *Primary School Placements* has been fully revised throughout and in particular provides an increased focus on evidence-based practice and is referenced to the latest national curriculum.

Applying an anti-oppressive liberatory social justice lens to working with Black Indigenous People of Color (BIPOC) and other at-risk populations, the book provides contemporary theoretical frameworks and practice approaches, rich clinical examples and practice wisdom from expert agency-based social work clinicians working in the dominant fields of practice: child welfare, education, health, mental health, youth justice, carceral systems, substance use, intimate partner violence, racial and other traumas, palliative care, world of work and older adults. This is the essential guide for beginning social workers and supervisors practicing in diverse organizational settings. The book provides both an overview of practice in the aforementioned areas as well as an in-depth look at intersubjective practice with the specific population. Each clinical chapter provides the history of social work in the practice setting, an overview of the current research in the area, the predominant evidence-based practice approaches being used, the roles of the social worker in the specific setting and grounded in anti-
