THE COLLECTED STORIES 1968–2014

Alistair Macleod Island

Nancy Pagh

Alistair Macleod Island:

Island Alistair MacLeod, 2000 **Island** Alistair MacLeod, 2001 These slow beautiful stories resolute and resonant are small masterpieces apparently simple but actually crafted with enormous skill and precision Set against the unforgiving landscape of Cape Breton Nova Scotia they are all concerned with the complexities and mysteries of the human heart the unbreakable bonds and unbridgeable chasms between man and woman parent and child Steeped in memory and myth and washed in the brine and blood of the long battle with the land and the sea these stories celebrate a passionate engagement with the natural world and a continuity of the generations in the face of transition in the face of love and loss As John McGahern says in his eloquent foreword the work has a largeness of feeling of intellect of vision a great openness and generosity even an old fashioned courtliness The stories stand securely outside of fashion while reflecting deep change Bringing together all Alistair MacLeod's short fiction and including two previously uncollected stories Island represents the great achievement of one of the world's finest storytellers Island Alistair MacLeod, 2010-12-03 Alistair MacLeod has been hailed internationally as a master of the short story Now MacLeod's collected stories including two never before published are gathered together for the first time in Island These sixteen superbly crafted stories most of them firmly based in Cape Breton even if its people stray elsewhere depict men and women living out their lives against the haunting landscape that surrounds them Focusing on the complexities and abiding mysteries at the heart of human relationships MacLeod maps the close bonds and impassable chasms that lie between man and woman parent and child and invokes memory and myth to celebrate the continuity of the generations even in the midst of unrelenting change Eloquent humane powerful and told in a voice at once elegiac and life affirming the stories in this astonishing collection seize us from the outset and remain with us long after the final page **Island** Alistair MacLeod, 2025-04-25 Winner of the PEN Malamud Award The genius of his stories is to render his fictional world as timeless Colm Tóibín The sixteen exquisitely crafted stories in Island prove Alistair MacLeod to be a master Quietly precisely he has created a body of work that is among the greatest to appear in English in the last fifty years A book besotted patriarch releases his only son from the obligations of the sea A father provokes his young son to violence when he reluctantly sells the family horse A passionate girl who grows up on a nearly deserted island turns into an ever wistful woman when her one true love is felled by a logging accident A dying young man listens to his grandmother play the old Gaelic songs on her ancient violin as they both fend off the inevitable The events that propel MacLeod's stories convince us of the importance of tradition the beauty of the landscape and the necessity of memory

Alistair MacLeod's Island Anica Boulanger-Mashberg, 2015 **Island** Warren Whitney, 2015 **An Introduction to Island Studies** James Randall, 2020-10-19 Island Studies can be deceptively challenging and rewarding for an undergraduate student Islands can be many things nations tourist destinations quarantine stations billionaire baubles metaphors The study of islands offers a way to take this bewildering variety and to use it as a lens and a tool to better

understand our own world of islands An Introduction to Island Studies is an approachable look at this interdisciplinary field from the islands as biodiversity hotspots their settlement human migration and occupation through to the place of islands in the popular imagination Featuring geopolitical social and economic frameworks James Randall gives a bottom up guide to this most modern area of study From the geological analysis of island formation to the metaphorical use of islands in culture and literature the growing field of island studies is truly interdisciplinary This new introduction gives readers from many disciplines the local global and regional perspectives that unlock the promise of island studies as a way to see the world From the struggles and concerns of the Anthropocene climate change vulnerability and resilience sustainable development through to policy making and local environments island studies has the potential to change the debate **The Notion of Near**

Islands Nenad Starc,2020-09-30 Viewed from the mainland the history of the archipelago appears as a long list of non invited but irresistible disembarkations Viewed from on an island the archipelago has had a rich and unique history of sustainable use of scarce resources The main theme of this book is the exploration of the meanings of near islands of the archipelago General and particular features of 1 246 islands of the Croatian archipelago are starting points of stories about particular islands subarchipelagos and urban archipelagos The chapters question and analyse the archipelago identity from different perspectives Approached as a group of islands the analysis investigates features of subarchipelagos urban subarchipelagos mainland dependent islands outlying islands and island emigrant communities that are trying to restore and conserve their island This book highlights the identity and identities of the archipelago as both complex and multidimensional

Islands Stephen A. Royle,2014-08-15 From Charles Darwin s enlightening voyage to the Galapagos Islands to moat encased prisons incarcerating the world s deadliest prisoners islands have been sites of immense scientific political and creative importance An inspiration for artists and writers they can be lively centers of holiday revelry or remote mysterious spots places of escape or of exile and imprisonment In this cultural and scientific history of these alluring isolated territories Stephen A Royle describes the great variety of islands their economies and the animals plants and people who thrive on them Royle shows that despite the view of some islands as earthly paradises they are often beset by severe limitations in both resources and opportunities Detailing the population loss many islands have faced in recent years he considers how islanders have developed their homes into tourist destinations in order to combat economic instability He also explores their exotic otherworldly beauty and the ways they have provided both refuge and inspiration for artists such as Paul Gauguin in Tahiti and George Orwell on the Scottish island of Jura Filled with illustrations Islands is a compelling and comprehensive survey of the geographical and cultural aspects of island life **Island** Alistair MacLeod,2025-07-15 Alistair MacLeod has been hailed internationally as a master of the short story Now MacLeod s collected stories including two never before published are gathered together for the first time in Island These sixteen superbly crafted stories most of them firmly based in Cape Breton even if its people stray elsewhere depict men and women living out their lives against the haunting landscape that surrounds

them Focusing on the complexities and abiding mysteries at the heart of human relationships MacLeod maps the close bonds and impassable chasms that lie between man and woman parent and child and invokes memory and myth to celebrate the continuity of the generations even in the midst of unremitting change Eloquent humane powerful and told in a voice at once elegiac and life affirming the stories in this astonishing collection seize us from the outset and remain with us long after the final page

Island Alistair MacLeod, 2017-06-13 Joyce Carol Oates gives us a precise image of the experience of reading these stories that sudden feeling of insecurity that comes to a traveler in unmapped country a sense of immediacy cinematic in its vividness The sixteen exquisitely crafted stories in *Island* prove Alistair MacLeod to be a master Quietly precisely he has created a body of work that is among the greatest to appear in English in the last fifty years A book besotted patriarch releases his only son from the obligations of the sea A father provokes his young son to violence when he reluctantly sells the family horse A passionate girl who grows up on a nearly deserted island turns into an ever wistful woman when her one true love is felled by a logging accident A dying young man listens to his grandmother play the old Gaelic songs on her ancient violin as they both fend off the inevitable The events that propel MacLeod's stories convince us of the importance of tradition the beauty of the landscape and the necessity of memory

Islands and Britishness Jodie Matthews, 2011-11-15 Islands and archipelagos hold great imaginative power and they have long been a subject of study for cartographers and geographers for anthropologists and historians of colonisation But what does it mean to be an islander Can one feel both British and Manx for example What are British tourists looking for when they go to former island colonies How do past relationships with Britain affect islands today This collection takes a variety of perspectives to provide answers to such questions examining war empire tourism immigration language literature and everyday life on and in islands and the question of travel to and from them Britishness is highlighted as a global island phenomenon providing an insight into the history culture and politics of identities from Jersey to Jamaica *Islands and Britishness* not only brings together various contemporary strands in Island Studies but uniquely focuses on the relationship historical cultural and economic between particular islands and Britain and crucially how this relationship frames national identity both on the island and in Britain itself The collection examines interactions between Britishness and indigenous or earlier invasive settler cultures as well as the internal differences within the concept of Britishness Britain Scotland Shetland for instance It considers the relationship played out on the island between Britishness and the other nationalities with which the islands share an affinity and questions received wisdoms about national identity on the islands by considering intersecting discourses such as class and gender The collection offers a global perspective on the divisions within a notion of Britishness and the identities against which Britishness has been constructed

Scottish Exodus James Hunter, 2011-03-25 Millions of Scots have left their homeland during the last 400 years Until now they have been written about in general terms *Scottish Exodus* breaks new ground by taking particular emigrants drawn from the once powerful Clan MacLeod and discovering what happened to them

and their families These people became among other things French aristocrats Polish resistance fighters Texan ranchers New Zealand shepherds Australian goldminers Aboriginal and African American activists Canadian mounted policemen and Confederate rebels One nineteenth century MacLeod even went so far as to swap his Gaelic for Arabic and his Christianity for Islam before settling down comfortably in Cairo This gripping account of Scotland's worldwide diaspora is based on unpublished documents letters and family histories It is also based on the author's travels in the company of today's MacLeods some of them still in Scotland others further afield Scottish Exodus is a tale of disastrous voyages famine and dispossession the hazards of pioneering on faraway frontiers But it is also the moving story of how people separated from Scotland by hundreds of years and thousands of miles continue to identify with the small country where their journeyings began **Islands Magazine** ,2006-06 **Handbook of Anglophone World Literatures** Stefan Helgesson,Birgit

Neumann,Gabriele Rippl,2020-09-07 *Write Moves: A Creative Writing Guide and Anthology* Nancy Pagh,2016-08-04 Write Moves is an invitation for the student to understand and experience creative writing in the larger frame of humanities education The practical instruction offered comes in the form of moves or tactics for the apprentice writer to try But the title also speaks to a core value of this project that creative writing exists to move us The book focuses on concise human voiced instruction in poetry the short story and the short creative nonfiction essay Emphasis on short forms allows the beginning student to appreciate lessons in craft without being overwhelmed by lengthy model texts diverse examples of these genres are offered in the anthology **Canadian Books in Print** ,2003 *Setting in the East* David Craig Creelman,2003 The

Maritime region is thus torn between its memory of an earlier more prosperous and traditional social order and its present experience as a less fortunate modern industrial society These tensions are embedded in the Maritime character and have affected not only the lives of its people but the imaginations and texts of its writers BOOK JACKET **Migrations** Rod Edmond,2013 Traces the journeys of his Scottish forebears as they separately made their way to New Zealand The migration story begins with Charles Murray leaving Aberdeenshire in 1884 to become a missionary on the island of Ambrym On the other side of Scotland Catherine McLeod and her family had already abandoned their small coastal croft and sailed for Tasmania Back cover **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson,2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide
