Images of spring sunlight, blazing candles, brilliant flowers, and moonlit nights are taking center stage in our minds. There is hope for a better life and a healthy situation in the world in 2022 as people start to gather on the streets, hugging and kissing, their maskless faces displaying laughter, giggles, and beauty. In incredible abundance, life has come or is soon coming back, rushing in, bending down to pick up its old cloth. This anthology *Coming Out of Isolation: Poems on Resilience, Triumph, Hope* features poems written by poets after their endless days in lockdown and self-isolation. The poems herein express the poets' feelings and thoughts in a new way, with a healing tonal quality, brighter and pleasant imageries, and new, lively metaphors. *Bookbird*, 1994
