Aggressive Fictions Kathryn Hume, 2012-01-15 A frequent complaint against contemporary American fiction is that too often it puts off readers in ways they find difficult to fathom Books such as Bret Easton Ellis's *American Psycho* Katherine Dunn's *Geek Love* and Don DeLillo's *Underworld* seem determined to upset disgust or annoy their readers or to disorient them by shunning traditional plot patterns and character development Kathryn Hume calls such works aggressive fiction Why would authors risk alienating their readers and why should readers persevere Looking beyond the theory-based justifications that critics often provide for such fiction Hume offers a commonsense guide for the average reader who wants to better understand and appreciate books that might otherwise seem difficult to enjoy In her reliable and sympathetic guide Hume considers roughly forty works of recent American fiction including books by William Burroughs Kathy Acker Chuck Palahniuk and Cormac McCarthy Hume gathers attacks on the reader into categories based on narrative structure and content Writers of some aggressive fictions may wish to frustrate easy interpretation or criticism Others may try to induce certain responses in readers Extreme content deployed as a tactic for distancing and alienating can actually produce a contradictory effect for readers who learn to relax and go with the flow the result may well be exhilaration rather than revulsion

Trustees of God Reza Pechrak, 2016-05-26 This book is based on a preliminary research which is aimed to study the resurgence of faith orders particularly as political actors. After years of so-called superficial secularisation and attempt to marginalise the religious man in the societal affairs, we are witnessing the tidal rise of him which is subject to examination in this book from a systems analytic perspective as a small step towards the development of a political theory of religion.
