At War With The Word Literary Theory And Liberal Education:

At War with the Word R. V. Young, 1999 *At War with the Word* seeks to transcend the politicization of literature and calls for a greater recognition of literature's role in developing the intellect and imagination of students **BOOK JACKET** **The New Criticism** Alfred J. Drake, 2014-07-03 This volume covers a variety of authors and topics related to the New Criticism school of the 1920s 1950s in America Contributors trace the history of the New Criticism as a movement consider theoretical and practical aspects of various proponents and assess the record of subsequent engagement with its tenets The volume will prove valuable for its renewed concentration not only on the New Critics themselves but also on the way they and their work have been contextualized criticized and valorized by theorists and educators during and after their period of greatest influence both in the United States and abroad *Shakespeare's Last Plays* Stephen W. Smith, Travis Curtright, 2002-01-01 What were Shakespeare's final thoughts on history tragedy and comedy Shakespeare's Last Plays focuses much needed scholarly attention on Shakespeare's Late Romances The work a collection of newly commissioned essays by leading scholars of classical political philosophy and literature offers careful textual analysis of Pericles Prince of Tyre Cymbeline The Winter's Tale The Tempest All is True and The Two Noble Kinsmen The essays reveal how Shakespeare's thought in these final works compliments challenges fulfills or transforms previously held conceptions of the playwright and his political philosophical views **The Cambridge Companion to Ben Jonson** Richard Harp, Stanley Stewart, 2000-11-30 Ben Jonson is in many ways the figure of greatest centrality to literary study of the Elizabethan and Jacobean period He wrote in virtually every literary genre in drama comedy tragedy and masque in poetry epigram epistle and lyric in prose literary criticism and English grammar He became the most visible poet of his age honored more than even William Shakespeare and his dramatic works in particular his major comedies continue to be performed today This Companion brings together leading scholars from both sides of the Atlantic to provide an accessible and up to date introduction to Jonson's life and works It represents an invaluable guide to current critical perspectives providing generous coverage not only of his plays but also his non dramatic works The volume is informed by the latest development in Jonson scholarship and will therefore appeal to scholars and teachers as well as newcomers to his work Our Oldest Enemy John J. Miller, Mark Molesky, 2007-12-18 *Libert Egalit Fraternit Or just plain gall* In this provocative and brilliantly researched history of how the French have dealt with the United States John J. Miller and Mark Molesky demonstrate that the cherished idea of French friendship has little basis in reality Despite the myth of the sister republics the French have always been our rivals and have harmed and obstructed our interests more often than not This history of French hostility goes back to 1704 when a group of French and Indians massacred American settlers in Deerfield Massachusetts The authors also debunk the myth of French aid during the Revolution contrary to popular notions the French did not enter the war until very late and were mainly interested in hurting their rivals the British After the war the French continued to see themselves as major players in the Western hemisphere and

shaped their policies to limit the growth and power of the new nation The notorious XYZ affair involving French efforts to undermine the government of George Washington led to an undeclared naval war with France in 1798 During the Civil War the French supported the Confederacy and installed a puppet emperor in Mexico In the twentieth century Americans clashed with the French repeatedly The French victory over President Wilson at Versailles imposed a short sighted and punitive settlement on Germany that paved the way for the rise of fascism in the 1930s During World War II Vichy French troops killed hundreds of American soldiers in North Africa and diehard French fascist units fought against the Allies in the rubble of Berlin During the Cold War Charles DeGaulle yanked France out of NATO and obstructed our efforts to roll back Soviet expansion The legacy of French imperial power has been no less disastrous The French left Haiti in a shambles got us into Vietnam and educated many of the world s worst tyrants at their elite universities including Pol Pot the genocidal Cambodian dictator The fascist Baath regimes in Iraq and Syria are another legacy of failed French colonialism Americans have been particularly irritated by French cultural arrogance their crusades against American movies McDonalds Disney and the exclusion of American words from their language have always rubbed us the wrong way This irritation has now blossomed into outrage Our Oldest Enemy shows why that outrage is justified *Intermarium* Marek Jan Chodakiewicz,2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture *The Secular Outlook* Paul Cliteur,2010-09-29 The Secular Outlook In Defense of Moral and Political Secularism shows how people can live together and overcome the challenge of religious terrorism by adopting a secular outlook on life and politics Shows how secularism can answer the problem of religious terrorism Provides new perspectives on how religious minorities can be integrated into liberal democracies Reveals how secularism has gained a new political and moral significance Also examines

such topics as atheism religious criticism and free speech

A Student's Guide to Core Curriculum Mark C. Henrie, 2000-06 College students today have tremendous freedom to choose the courses they will take. With such freedom, however, students face a pressing dilemma: How can they choose well? Which courses convey the core of an authentic liberal arts education, transmitting our civilizational inheritance, and which courses are merely passing fads? From the smorgasbord of electives available, how can students achieve a coherent understanding of their world and their place in history? In a series of penetrating essays, *A Student's Guide to the Core Curriculum* explains the value of a traditional core of studies in Western civilization and then surveys eight courses available in most American universities which may be taken as electives to acquire such an education. This guide puts the best within reach of every student. Publisher: **Key Command**

T. K. Kionka, 2006 From his command post in Cairo, Illinois, Grant led troops to Union victories at Belmont, Fort Henry, and Fort Donelson. Kionka interweaves the story of Grant's military successes and advancement with a social history of Cairo, highlighting the area's economic gains and the contributions of civilian volunteers through first-person accounts. A Student's Guide to Literature R. V. Young, 2000 The ISI Guides to the Major Disciplines are reader-friendly introductions to the most important fields of knowledge in the liberal arts. Written by leading scholars for both students and the general public, they will be appreciated by anyone desiring a reliable and informative tour of important subject matter. Each title offers an historical overview of a particular discipline, explains the central ideas of each subject, and evaluates the works of thinkers whose ideas have shaped our world. They will aid students seeking to make better decisions about their course of study as well as general readers who wish to supplement their education. All who treasure the world of ideas and liberal learning will be motivated by these original and stimulating

Modern Age, 2005 *The Catholic Periodical and Literature Index*, 1999 *La visione laica del mondo* Paul Cliteur, 2014-05-01 Viviamo in un mondo sempre pi  indifferente alla religione e cresce anche la visibilit  delle opinioni degli atei. Nel contempo, per il fenomeno del fanatismo religioso si diffonde sempre pi  nelle nostre societ  i conflitti basati sulla religione sono addirittura in aumento e le discussioni sui temi laici si fanno di giorno in giorno pi  accese. In quale direzione stiamo andando? Possiamo individuare una strada che consenta di vivere insieme senza contrapporci frontalmente? Paul Cliteur, in questo suo importante saggio, analizza la situazione attuale e confuta minuziosamente le pretese dei teologi, dei clericali e dei fondamentalisti. Ma non certo per rivendicare una sorta di suprematismo ateo; anzi, la sua proposta   invece una laicit  basata sull'uso della ragione, del pensiero libero, della libert  di espressione. Il mondo ha bisogno di atteggiamenti laici: argomenta Cliteur, perch  sono il miglior antidoto al fanatismo. Una visione laica del mondo, sia filosofica che politica,   anche la soluzione preferibile non solo per i singoli individui ma anche per la societ  contemporanea nel suo complesso, perch  quella che pu  garantire una convivenza armoniosa tra individui che la pensano in maniera differente. Scritto con uno spirito critico degno della migliore tradizione illuminista, questo libro mostra un ottimismo di fondo sulle prospettive della nostra specie e

sulle sue capacità di vivere pacificamente *Spirituality in Higher Education* Sherry L. Hoppe, Bruce W. Speck, 2005 This issue looks at spirituality in higher education through a number of lenses examining what many view as trends towards incorporating spirituality back into the lives of students, faculty and administrators. Questions about meaning and purpose are as old as humans and in the earliest days of higher education the search for truth was the ultimate journey of the student. Over the decades though the academy has often shunned the spiritual aspect of a student's education. Whether that is to avoid controversy or to protect from acknowledging that all is not known, there is a predisposition to avoid talking about spirituality in the academy. Regardless, the result is the creation of what T. S. Eliot called hollow men who live in this world but do not know why they are here and thus do not know how to live their lives. This book is responding to a reawakening of desire to avoid such creatures. The issue's purpose, at least in a cursory way, is to look at spirituality in academe through a number of lenses. Composed of chapters from both faculty and administrators, this volume offers insight into the critical need for spirituality in educating the whole student while recognizing that how spirituality is viewed and taught and experienced is intensely personal. The goal is not to prescribe how spirituality should be integrated but to offer multiple options and perspectives. Not only will readers learn about the complex and vital role of spirituality; they will also be reminded that the quest for truth and meaning, not the destination, is what is vitally important in shaping discussions about spirituality. This is the 104th issue of the Jossey-Bass quarterly support series *New Directions for Teaching and Learning*.
