Authentic Japanese Progressing From Intermediate To Advanced:

Authentic Japanese: Progressing from Intermediate to Advanced [New Edition] Osamu Kamada, Fusako Beuckmann, Yoshiko Tomiyama, Machiko Yamamoto, 2025-05-12 This textbook helps intermediate learners make the leap to advanced Japanese by comprehensively building their communication skills. Users make their way through engaging real life readings that are challenging but not frustrating and then discuss or write reports on the material to further deepen their learning experience. Includes supplements that list the vocabulary used in each unit and explain key expressions. The companion workbook sold separately provides practice in vocabulary, grammar and tasks aligned with the textbook.

Authentic Japanese Osamu Kamada, 1998 **Second Language Literacy Practices and Language Learning Outside the Classroom** Miho Inaba, 2018-11-21 This book presents a comprehensive and detailed study of literacy practices and language use outside of the classroom by university students of Japanese. It investigates both tasks related to classes e.g. homework and preparation for classes and voluntary activities in the target language e.g. watching TV and writing emails and discusses how values, motivations and types of activities differ between the two contexts. It employs sociocultural perspectives to observe reading and writing activities within and under the influence of individual and social contexts such as learner motives, peer networks and the language classroom and contributes to the related research areas in the field of second language acquisition such as motivation, autonomous language learning and language learning strategies. Crucially, the book not only documents out of class literacy activities but also examines which teaching practices facilitate and promote such out of class language learning and use. It considers which literacy activities in the target language students undertake out of class, which factors encourage or discourage such out of class activity and how and with which tools they undertake these activities. As such, the book provides guidance for classroom teaching and suggests that slight changes to teaching practices in the classroom may enhance autonomous learning outside the classroom.

Japanese Cultural Nationalism Roy Starrs, 2021-10-01 Based on the premise that Japanese cultural nationalism has been and is a major cultural historical force throughout the Asia Pacific, this book has dual focus. Part 1 explores Japanese literature, philosophy, education, politics, diplomacy, music. Part 2 extends Japanese role to Asia Pacific at large. Part One explores significant and influential expressions of cultural nationalism in Japanese literature, philosophy, education, politics, diplomacy, music and popular culture. Part Two widens the focus to Asia Pacific at large and examines the role of Japanese cultural nationalist discourse in the island nation's relations with its regional neighbours, China being the main focus. Topics include Meiji racial theory, the varieties of Japanese imperialist ideology, nationalist attitudes towards China, Kyoto School Sinology, resistance to foreign yakozuna in sumo wrestling.
