Twelve Minutes of Love Kapka Kassabova, 2011-11-03 Kapka Kassabova first set foot in a tango studio ten years ago and from that moment she was hooked With the beat of tango driving her on and the music filling her head she danced across the world from Auckland to Edinburgh from Berlin to Buenos Aires putting in hours of practice for fleeting moments of dance floor ecstasy suffering blisters and heart break along the way Here in sparkling spring heeled prose Kapka takes us inside the esoteric world of tango to tell the story of the dance from its Afro roots to its sequined stars and back Twelve Minutes of Love is a timeless tale of exile and longing death and desire love and belonging **From Perception to**

Pleasure Robert J. Zatorre, 2024 In *From Perception to Pleasure* Robert Zatorre discusses why we love music and what enables us to create it perceive it and enjoy it from the perspective of cognitive neuroscience explaining how we get from perception of sound patterns to pleasurable responses Zatorre's richly illustrated book provides an integrative model for a large body of scientific knowledge that explains how patterns of abstract sounds can generate profoundly moving hedonic experiences *Tracing Tangueros* Kacey Link, Kristin Wendland, 2016 *Tracing Tangueros* offers an inside view of Argentine tango music in the context of the growth and development of the art form's instrumental and stylistic innovations It first establishes parameters for tango scholarship and then offers ten in depth profiles of representative tangueros within the genre's historical and stylistic trajectory **The Opposite of Serendipity** Vicki Zatarain, 2023-04-06 *The Opposite of Serendipity* is essentially a coming of old age story Iantha embarks on her fifth decade of life distant from her previous somewhat blissful quiddity of her hometown New Orleans As the door closed on many aspects of her old existence Iantha encounters the world of tango quite by happenstance in her new environs of Washington D C Through tango Iantha develops lifelong friendships including a brief yet oddly eternal fairy tale not fairy tale romance with a young Brazilian Gabriel By living quixotically Gabriel teaches her that there is poetry in an otherwise prosaic world In her journey to retirement and beyond Iantha experiences joy and love in their many forms However it is in the misfortunes she confronts those non serendipitous events if you will that Iantha learns even more about love of an unearthly variety The legion of earthly angels God placed in her path pulls Iantha through her most difficult times Meanwhile Gabriel reveals the secrets of the drops of rain and other ethereal yet relatable tales through his poetry Iantha's musings on navigating both a Happily and an Ever After are often humorous poignant and authentic **In Harmony** Dr. Lisa Redpath, 2022-06-01 In *Harmony* The

Silverberg,2022-12-12 A Contemporary History of the Chinese Zheng traces the twentieth and twenty first century development of an important Chinese musical instrument in greater China The zheng was transformed over the course of the twentieth century becoming a solo instrument with virtuosic capacity In the past the zheng had appeared in small instrumental ensembles and supplied improvised accompaniments to song Zheng music became a means of nation building and was eventually promoted as a marker of Chinese identity in Hong Kong Ann L Silverberg uses evidence from the greater China area to show how the narrative history of the zheng created on the mainland did not represent zheng music as it had been in the past Silverberg ultimately argues that the zheng s older repertory was poorly represented by efforts to collect and promote zheng music in the twentieth century This book contends that the restored traditional Chinese music created and promulgated from the 1920s forward and solo zheng music in particular is a hybrid of Chinese essence Western means that essentially obscures rather than reveals tradition Ann Silverberg s book provides a history of the Chinese zheng zither with a focus on the rise of solo music since the mid twentieth century across the three sites of mainland China Hong Kong and Taiwan Existing English language studies mostly omit consideration of Hong Kong and Taiwan so this account enriches current perspectives on the multiplicities of Chinese musical history and identity Jonathan Stock University College Cork Ireland Professor Ann Silverberg s insights and approach are long awaited in the studies of Chinese music I am particularly impressed by her coverage of the situation in Hong Kong and Taiwan This book is a wonderful contribution to zheng music It also inspires and enhances the studies of other Chinese musical instruments and Chinese traditional music Yu Siu Wah independent scholar *Music: A Social Experience* Steven Cornelius,Mary Natvig,2022-01-31 By taking a thematic

Unspeakable Tales Miguel D'Addario, 2022-06-08 The stories are that way of telling stories in an elegant neat correlative and neat way It is important that the story leaves a message in a global way and that it is capable of causing some commotion in the reader be it laughter sorrow pain or another feeling In the book *Relatos Revulsivos* the author Miguel D Addario looked for unforeseen and almost ambiguous outcomes in order to leave the reader thinking about what the meaning is or what interpretation could be given to each story

The Practice of Narrative: Storytelling in a Global Context Michael Heitkemper-Yates, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Story can have a power and presence that stretches beyond the vast unspeakable boundaries of time and space and yet story can also have a delicate impermanence that lasts no longer than a moment before it flashes back into the void Some stories can bring people together other stories can tear entire civilisations apart Stories express and enliven experience stories project and describe the desires and anxieties of existence Stories can be narrated through written word and physical gesture through graphic illustration and musical orchestration through the spatial dynamics of architecture and the abstract poetics of conjecture For these and myriad other reasons storytelling and narrative are central to humanity and the study of these practices is central to an understanding of what it means to be human In this volume the many narrative dimensions media and critical approaches to storytelling are explored with the common intention of comprehending and appreciating the global role that story plays in the articulation of human experience

The Clarinet, 2007 *Music and Image in Concert* Meghan Stevens, 2009 In *Music and Image in Concert* composer graphic designer and writer Meghan Stevens explores the implications to music when images are presented in music concerts But how do artistic directors ensure that listeners aren't more engaged by the images than the music Stevens presents a number of concepts that aim to maintain musical salience over added image in the

instrumental music concert This is to avoid the situation that occurs in film where the music is backgrounded and often not heard or not remembered These concepts cover a range of music image characteristics including narrative synchronisation rhythm tempo meaning emotion structure genre integration interpretation voice and text As there is little research in this new field these original concepts draw on a number of other disciplines including film music video multimedia cognitive psychology psychomusicology education and music philosophy This book provides a practical approach for adding image to the music concert *Billboard* ,2003-11-29 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
