Question 6:

A blacksmith hammers a hot piece of iron while making a tool. How does the force due to hammering affect the piece of iron?

Answer 6:

The force due to hammering change the shape of the piece of iron.

Question 7:

An inflated balloon was pressed against a wall after it has been rubbed with a piece of synthetic cloth. It was found that the balloon sticks to the wall. What force might be responsible for the attraction between the balloon and the wall?

Answer 7:

The force which is responsible for the attraction between the ball and the wall is electrostatic force. When we rub the balloon by a synthetic cloth, it gets charged. When it is taken near the wall, it will get attracted towards the uncharged wall because of the electrostatic force which is the force exerted by a charged body on another uncharged body.

Question 8:

Name the forces acting on a plastic bucket containing water held above ground level in your hand. Discuss why the forces acting on the bucket do not bring a change in its state of motion.

Answer 8:

The force acting on a plastic bucket are:

- > Gravitational force: It is acting downwards.
- > Muscular force: It is applied by our hands to lift the bucket in upward direction.
- > Although these forces are acting on the bucket but no change is found in its state of motion because the two forces are balancing each other and as a result net force is zero.

Sales is a critical aspect of any business whether you're selling products or services. It's the lifeblood of a company generating revenue and driving growth. Many businesses invest significant time and resources into sales training and strategy development but the reality is that sales is often unpredictable and challenging. The Surprising Truth About Sales is that many of the traditional approaches to selling are no longer effective in today's marketplace. Buyers are more informed and empowered than ever before and they expect a personalized authentic experience when engaging with salespeople. In this context it's crucial for sales professionals to adapt and evolve their approach to meet the needs of modern buyers. This may involve embracing new technologies, developing stronger relationships with prospects and providing greater value throughout the sales process. By exploring the surprising truths about sales we can gain a deeper understanding of what it takes to succeed in this dynamic and ever-changing field. Whether you're a seasoned sales professional or just starting there's always something new to learn and discover about the world of sales. Educational Bulletin North Carolina.
