Türkelli, Sara Lembrechts**

Children's Rights A Reference Handbook Nanshiore:

Children's Rights Beverly C. Edmonds, William R. Fernekes, 1996 A reference handbook on the current status of children's rights throughout the world containing an overview of the topic a chronology biographical sketches a directory of organizations and agencies annotated lists of print and nonprint resources a glossary and an index **Handbook of**

Children's Rights Martin D. Ruck, Michele Peterson-Badali, Michael Freeman, 2016-12-08 While the notion of young people as individuals worthy or capable of having rights is of relatively recent origin over the past several decades there has been a substantial increase in both social and political commitment to children's rights as well as a tendency to grant young people some of the rights that were typically accorded only to adults In addition there has been a noticeable shift in orientation from a focus on children's protection and provision to an emphasis on children's participation and self determination With contributions from a wide range of international scholars the Handbook of Children's Rights brings together research theory and practice from diverse perspectives on children's rights This volume constitutes a comprehensive treatment of critical perspectives concerning children's rights in their various forms Its contributions address some of the major scholarly tensions and policy debates comprising the current discourse on children's rights including the best interests of the child evolving capacities of the child states rights versus children's rights rights of children versus parental or family rights children as citizens children's rights versus children's responsibilities and balancing protection and participation In addition to its multidisciplinary focus the handbook includes perspectives from social science domains in which children's rights scholarship has evolved largely independently due to distinct and seemingly competing assumptions and disciplinary approaches e g childhood studies developmental psychology sociology of childhood anthropology and political science The handbook also brings together diverse methodological approaches to the study of children's rights including both quantitative and qualitative perspectives and policy analysis This comprehensive cosmopolitan and timely volume serves as an important reference for both scholarly and policy driven interest in the voices and perspectives of children and youth

The Routledge International Handbook of Young Children's Rights Jane Murray, Beth Blue Swadener, Kylie Smith, 2019-10-28 Written to commemorate 30 years since the United Nations Convention on the Rights of the Child UNCRC The Routledge International Handbook of Young Children's Rights reflects upon the status of children aged 0-8 years around the world whether they are respected or neglected and how we may move forward With contributions from international experts and emerging authorities on children's rights Murray Blue Swadener and Smith have produced this highly significant textbook on young children's rights globally Containing sections on policy along with rights to protection provision and participation for young children this book combines discussions of children's rights and early childhood development and investigates the crucial yet frequently overlooked link between the two The authors examine how policy practice and research could be utilised to address the barriers to universal respect for children to create a safer and more enriching world

for them to live and flourish in The Routledge International Handbook of Young Children's Rights is an essential resource for students and academics in early childhood education social work and paediatrics as well as for researchers policymakers leaders and practitioners involved in the provision of children's services and paediatric healthcare and international organisations with an interest in or ability to influence national or global policies on children's rights

The Oxford Handbook of Children's Rights Law Jonathan Todres, Shani M. King, 2020 Children's rights law is a relatively young but rapidly developing discipline The UN Convention on the Rights of the Child CRC the field's core legal instrument is the most widely ratified human rights treaty in history Yet like children themselves children's rights are often relegated to the margins in mainstream legal political and other discourses This book provides a critical evaluation and assessment of children's rights law including the CRC With contributions from leading scholars and practitioners from around the world it aims to elucidate the content of children's rights law explore the complexities of implementation and identify critical challenges and opportunities for children's rights law Now thirty years old the CRC signaled a definitive shift in the way children are viewed and understood from passive objects subsumed within the family to full human beings with a distinct set of rights Although the CRC and other children's rights law have spurred positive changes in law policies and attitudes toward children in numerous countries implementation remains a work in progress We have reached the state in which more critical evaluation and assessment is needed of both the CRC and the large body of children's rights law and policies that this treaty has inspired We have moved from conceptualizing and adopting legislation to focusing on implementation and making the content of children's rights meaningful in the lives of all children This book provides a critical evaluation and assessment of children's rights law including the CRC With contributions from leading scholars and practitioners from around the world it aims to elucidate the content of children's rights law explore the complexities of implementation and identify critical challenges and opportunities for children's rights law

Implementation Handbook for the Convention on the Rights of the Child Rachel Hodgkin, Peter Newell, 2002 The Handbook provides a detailed reference for the implementation of law policy and practice to promote and protect the rights of children its appendices include a guide to related United Nations bodies and the texts of key international instruments Preface

The New Handbook of Children's Rights Bob Franklin, 2002 The expanded and completely revised new edition of this well established handbook provides essential information on a topic of increasing importance across a range of disciplines and practices

Routledge International Handbook of Children's Rights Studies Wouter Vandenhoe, Ellen Desmet, Didier Reynaert, Sara Lembrechts, 2015-03-24 Since the adoption of the UN Convention on the Rights of the Child 1989 children's rights have assumed a central position in a wide variety of disciplines and policies This handbook offers an engaging overview of the contemporary research landscape for those people in the theory and practice of children's rights The volume offers a multidisciplinary approach to children's rights as well as key thematic issues in children's rights at the intersection of global and local concerns The main approaches and topics within

the volume are Law social work and the sociology of childhood and anthropology Geography childhood studies gender studies and citizenship studies Participation education and health Juvenile justice and alternative care Violence against children and female genital mutilation Child labour working children and child poverty Migration indigenous children and resource exploitation The specially commissioned chapters have been written by renowned scholars and researchers and come together to provide a critical and invaluable guide to the challenges and dilemmas currently facing children's rights

The Handbook of Children's Rights R. Franklin, 1995 This text is an appraisal of development in children's rights in British and international settings It brings together contributions from academics social welfare practitioners educationalists child psychologists and politicians

Handbook on Children's Rights and Protection Narciso M. Aguilar, 2012

Children's Rights Wouter Vandenhoe, Gamze Erdem Türkelli, Sara Lembrechts, 2019 This Commentary is a fully up to date solid legal work on children's rights It offers a contemporary legal perspective on the inherently interdisciplinary field of children's rights It responds to the scarcity of legal commentaries in a landscape where several handbooks covering different disciplines have been published in recent years It is succinct and seeks to capture the essence yet offers a sophisticated analysis of children's rights law and branches out into other disciplines where relevant in light of the recent legal and social developments

Children's Rights Handbook, 1979

Understanding Children's Rights Karen Winter, 2018-04-06 What are children's rights and where do they come from Why is it necessary for children and young people to have their rights defined What difficulties do practitioners face in developing a rights based approach to their daily work with children young people and their families What can children and young people tell us about their experiences and perspectives regarding rights This milestone text by a multidisciplinary author team offers an accessible and conceptually coherent guide to the theory and practice of children's rights grounded in extensive research It explains the provisions of the United Nations Convention for the Rights of the Child identifies developments in legislation and policy and explores the tensions and opportunities inherent in applying a rights based approach in a range of contexts including Education Child protection and family support Kinship care fostering and residential care Mental physical and sexual health Leisure and play Youth justice New risks including human trafficking child sexual exploitation and online abuse Rich in insight from both young peoples and professionals experiences the book explores how a children's rights perspective can be applied in combination with other professional discourses including early intervention and prevention risk assessment evidence based practice and relationship based practice It considers children's participation in decision making and the importance of effective monitoring and coordination in practice Timely and wide ranging this book is essential reading for students and practitioners across the fields of education health and social care

Handbook on European Law Relating to the Rights of the Child, 2015

Handbook on European Law Relating to the Rights of the Child, 2022

In the Spirit of Peace Dennis Nurkse, Kay Castelle, 1990 This curriculum guide is a companion volume to a textbook created by Defense for Children International USA to meet demands

for a course on children's rights and the United Nations Convention on the Rights of the Child. This guide addresses 23 key children's issues from the perspective of the experiences of children of diverse cultures. The issues include the definition of a child, children's best interests, freedom from discrimination, survival and development, nationality, health, parental care, children without families, family reunification, education, armed conflicts, refugees, disabilities, abuse and exploitation, child labor, juvenile justice, narcotics, rehabilitative care, freedom of thought, freedom of expression, protection of privacy and leisure. Readings for each of these issues portray children in real life situations. Each lesson includes background information, discussion questions and suggested activities. The text is illustrated with maps, cartoons and resource material from diverse cultures. The book is designed for junior high and high school students. Appendixes include the full text of the Convention on the Rights of the Child and a summary of the articles of the convention. BC

Human rights are children's rights Janine Young, 2008

Children's Rights Wouter Vandenhole, Gamze Erdem Türkelli, Sara Lembrechts, 2021-05-28. This comprehensive Commentary presents a contemporary legal perspective on the inherently interdisciplinary field of children's rights. Chapters analyse each article of the Convention on the Rights of the Child along with its Optional Protocols providing contextualised information on the interpretation and implementation of the children's rights provisions therein. A detailed introduction examines the history of the Convention and places it within the wider landscape of human rights and other disciplinary approaches such as the sociology of childhood. The Commentary critically engages with the text of the Convention exploring commonly used concepts and defining pertinent terminology. The authors draw on multiple perspectives and refer to disciplines outside of law to enrich the analysis of the articles, their interpretation and the study of children's rights as a discipline. Featuring examples of case law from regional human rights systems, this Commentary provides a well rounded insight into the status of children's rights on a global scale. Written in an accessible style, this Commentary will be a valuable reference work for students, researchers, practitioners and policymakers alike. The Commentary will be of great interest to those working within children's rights law and human rights law. Researchers in politics, sociology and international studies who are seeking further information and insight on the rights of children will also find this Commentary to be a useful point of reference.
