A Badaga-English Dictionary Paul Hockings, Christiane Pilot-Raichoor, 2011-06-01 Volumes in the Trends in Linguistics Documentation series focus on the presentation of linguistic data The series addresses the sustained interest in linguistic descriptions dictionaries grammars and editions of under described and hitherto undocumented languages All world regions and time periods are represented **A Nika-English Dictionary** Johann Ludwig Krapf, Johannes Rebmann, 1887

Kalanga Bilingual Dictionary Mothusi France Molobiseni, 2021 *Zambezia*, 2002 [A Cyclopaedic Dictionary of the Mang'anja Language](#) David Clement Scott, 1892 *The Idea of Matabeleland in Digital Spaces* Khanyile Mlotshwa, Mphathisi Ndlovu, 2022-06-01 The Idea of Matabeleland in Digital Spaces Genealogies Discourses and Epistemic Struggles establishes a debate and dialogue between critical and post de colonial approaches in the study of subalternity in online media representations Editors Khanyile Mlotshwa and Mphathisi Ndlovu curate chapters that deal specifically with the intersectional subalternity of Matabeleland a political and geographical region in the Southwest part of Zimbabwe comprising of three provinces Matabeleland South Matabeleland North and Bulawayo metropolitan province The subalternity of this region emerges in politics and popular culture including media as intersectional in terms of ethnicity region gender class and beyond This book argues that in online spaces the liberatory politics of Matabeleland emerges as trapped in coloniality *The Social and Political History of Southern Africa's Languages* Tomasz Kamusella, Finex Ndhlovu, 2017-11-21 This book is the first to offer an interdisciplinary and comprehensive reference work on the often marginalised languages of southern Africa The authors analyse a range of different concepts and questions including language and sociality social and political history multilingual government and educational policies In doing so they present significant original research ensuring that the work will remain a key reference point for the subject This ambitious and wide ranging edited collection will appeal to students and scholars of southern African languages sociolinguistics history and politics **Dictionary of the Nyanja Language** David Clement Scott, 1929 *Historical Dictionary of Zimbabwe* Steven C. Rubert, Kent R. Rasmussen, 2001-07-17 Zimbabwe one of Africa's longer more promising countries has been in the news a lot recently for all the wrong reasons This more than justifies a third edition Zimbabwe has witnessed an incredible amount of history in the relatively short span of eighteen years The new edition of this dictionary updates the dictionary to keep it abreast of the changes in the country Hundreds of fresh entries cover new political leaders changing governmental cultural and economic developments and scores of place name changes There were also corrections to existing entries and an expanded bibliography *Civil Society in Zimbabwe* Mandlenkosi Mpofu, Dion Nkomo, Kirk Helliker, 2025-09-01 This book considers the historical and spatial dimensions of civil society in Zimbabwe's Matabeleland region an area suffering from severe development and democratic deficits over many decades Transcending an organisational conception of civil society and a simplistic state civil society dualist understanding it recognises the dynamic character of civil society as a social space

inclusive of less formalised associational forms of collective life as well as the colonial character and legacies of civil society both analytically and empirically This book facilitates a nuanced understanding of the specificities of the social political and economic evolution of Matabeleland in colonial and post colonial Zimbabwe and the region s troubled relations with the central state Historically it traces civil society in Matabeleland from the region s resistance against the colonial settler state to contemporary struggles for justice given the unresolved Gukurahundi legacy Civil society is depicted as constituted by a set of complex and shifting struggles for justice not simply between Matabeleland and the central state but also internally within Matabeleland along multiple fault lines including class and culture The relevance of understanding civil society in Matabeleland for Zimbabwe and Africa more widely is brought to the fore The book will be of interest and value to scholars of civil society politics and democratisation across the African continent

Mambwe-English Dictionary Andrzej Halemba,1994 A Southern Rhodesian Botanical Dictionary of Native and English Plant Names Hiram Wild,1952 Society, Power, and Land in Northeastern Zimbabwe, ca. 1560-1960 Admire Mseba,2024-11-12 A little over two decades ago Zimbabwe undertook its Fast Track Land Reform Programme Critics saw it as nothing more than an assault on human and property rights for political expedience by a ruling elite that was fast losing its power In contrast those sympathetic to the land reform program saw it as fundamental to the righting of colonialism s historical wrongs Yet rural displacements at the hands of state actors or of those closely connected to them continue As in the past the continuing land conflicts are mostly understood as the result of the actions of an authoritarian state that exploits its control of land for the political and economic benefit of those who inhabit it These explanations share one thing in common each understands the country s perpetual land questions in terms of the actions or inactions of the colonial or the postcolonial state This book refocuses attention on how regimes of power rooted in kinship gender generation and status have individually and in combination informed access to land in precolonial northeastern Zimbabwe It then examines how these regimes of power interacted with colonial policies to inform the African experience in colonial Zimbabwe Further the book places land and the ability to ensure its fecundity at the center of the making and moderation of precolonial political power and how this power was impacted by the imposition of colonial rule Tracing the dynamics of land and power from precolonial times together with their entanglement with colonial policies is important for this relationship is almost always neglected by both scholars and policymakers drawn to the high drama of colonial and postcolonial politics of land This oversight has real consequences on our understandings of landed inequalities and how they are addressed When Zimbabwe s postcolonial state focused on colonially induced racialized land inequalities its land reform efforts left older forms of landed inequalities based on gender generation and ideas of belonging intact The book which details these inequalities reminds Zimbabweans and others that if the quest for equity espoused in postcolonial land reforms is to be meaningful it must be attentive to both colonially induced inequalities and those enduring disparities that predated were deepened by and outlived colonial rule At the same time Zimbabweans who now live with a postcolonial state that is increasingly centralizing power over land may well learn from past societies creative efforts to limit the authority of their leaders The Dictionary of National Biography, Founded in 1882 by George Smith ,1922 *A Zulu-English Dictionary with Notes on Pronunciation* Alfred T.
