The Cold War with the Soviet Union may be over but America is now at war with itself Citizens are raising their voices against other citizens who hold opposing views How can we reconcile these competing perspectives What does it mean to call yourself a patriot when your opponent believes you are a traitor If as Abraham Lincoln warned us a house divided against itself cannot stand will America fall apart or can a new patriotism be born out of these conflicts In A House Divided Mark Gerzon co founder of the Rockefeller Foundation project The Common Enterprise a network of community building efforts to find common ground invites us to move beyond these divisive polarizing views Gerzon s work has taken him and his colleagues into the heart of the most bitter community disputes in the country There he discovered the America that is divided not into geographic states but into states of belief about what is good for this country In his book he journeys through these Divided States of America Patria Corporatia Disia Media Gaia and Officia He lets each state speak for itself so that we can understand what each believes and why He shows how new patriots from each of these six states are working successfully with their opponents to heal seemingly insurmountable conflicts reuniting our divided house and safeguarding America s soul Without taking sides or joining the battle Gerzon lays bare the many causes for strife in our country and describes clearly what must be done for America to become once again the United States BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Kliatt Young Adult Paperback Book Guide ,2001
