Children Of The Matrix How An Interdimensional Race Has Controlled The World For Thousands Of Years:

Children of the Matrix David Icke, 2001 This book is about how an interdimensional race has controlled the world for thousands of years and still does **The Path of the Human-Incarnated Angel and Starseed** Margaret

Doner, 2018-04-28 Incarnated angelic beings and starseeds are born with an inherent spiritual awareness that sooner or later leads them to question the nature of reality Often these individuals feel they don't belong here Since childhood they have challenged many of the teachings they receive It is as though they are immune to the mundane and are aware of another reality Their journey is the mystical and metaphorical journey of the hero the journey to leave home delve into the depths and return home once again but this time with wisdom If you identify with some of the ideas in this book it is very possible that you too are an incarnated angel or a starseed A Culture of Conspiracy Michael Barkun, 2013-08-15 It is well known that

some Americans are obsessed with conspiracies Films best selling books and television shows talk about plots by the Illuminati or sightings of black helicopters But American society has changed dramatically since A Culture of Conspiracy was first published in 2001 In this revised and expanded edition leading expert Michael Barkun delves deeper into America's conspiracy subculture exploring the rise of 9 11 conspiracy theories the birther controversy surrounding Barack Obama's American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media Unraveling the extraordinary genealogies and permutations of these increasingly widespread conspiracies Barkun shows how the web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture By looking closely at the manifestations of these ideas in a wide range of literature and source material Barkun finds that America is in the throes of an unrivaled period of millenarian activity and underscores the importance of understanding why this phenomenon is permeating segments of mainstream American culture Book jacket **Conspiracy Theories** Aaron John

Gulyas, 2016-02-22 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries From the prosaic to the outlandish conspiracy theories involve aliens and Nazis underground bases and mind control technology They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps These stories and their underlying concerns have a long history in the U S and have often been bolstered by revelations of real conspiracies and cover ups by private and public entities This book examines conspiracy theories and the narratives constructed by those who believe and propagate them providing a unique view of U S history and highlighting fears both founded and unfounded

Reptilians Daniel Ikelman, 2021-08-04 What if humanity was not the work of a creator God but of aliens who manipulated our genes What would happen if we knew that their descendants remain until today in human like beings but belonging to that race The Sumerian tablets found in different archaeological sites have been distributed in libraries
