Joseph And His Brothers Thomas Mann:

Joseph and His Brothers Thomas Mann, 2005-05-10 This remarkable new translation of the Nobel Prize winner's great masterpiece is a major literary event. Thomas Mann regarded his monumental retelling of the biblical story of Joseph as his magnum opus. He conceived of the four parts: *The Stories of Jacob*, *Young Joseph*, *Joseph in Egypt*, and *Joseph the Provider* as a unified narrative, a mythological novel of Joseph's fall into slavery and his rise to be lord over Egypt. Deploying lavish persuasive detail, Mann conjures for us the world of patriarchs and pharaohs, the ancient civilizations of Egypt, Mesopotamia, and Palestine, and the universal force of human love in all its beauty, desperation, absurdity, and pain. The result is a brilliant amalgam of humor, emotion, psychological insight, and epic grandeur. Now the award-winning translator John E. Woods gives us a definitive new English version of *Joseph and His Brothers* that is worthy of Mann's achievement, revealing the novel's exuberant polyphony of ancient and modern voices, a rich music that is by turns elegant, coarse, and sublime.

McDonald, 1999 Second the scores of essays and lectures that Mann composed during the Joseph years 1926-1943 interweave with the mammoth tetralogy in complex ways.

Joseph and His Brothers by Thomas Mann Thomas Mann, 1933 *Joseph and His Brothers* *Joseph und seine Br der* is a four-part novel by Thomas Mann written over the course of 16 years. Mann retells the familiar stories of Genesis from Jacob to Joseph, chapters 27-50, setting it in the historical context of the Amarna Period. Mann considered it his greatest work. The tetralogy consists of *The Stories of Jacob*, *Die Geschichten Jaakobs*, written December 1926 to October 1930; *Genesis 27-36: Young Joseph*, *Der junge Joseph*, written January 1931 to June 1932; *Genesis 37: Joseph in Egypt*, *Joseph in gypten*, written July 1932 to 23 August 1936; *Genesis 38-39: Joseph the Provider*, *Joseph der Ern hrer*, written 10 August 1940 to 4 January 1943. *Genesis 40-50*: Mann's presentation of the ancient Orient and the origins of Judaism is influenced by Alfred Jeremias' 1904 *Das Alte Testament im Lichte des Alten Orients*, emphasizing Babylonian influence in the editing of Genesis, and by the work of Dmitry Merezhkovsky. Mann sets the story in the 14th century BC and makes Akhenaten the pharaoh who appoints Joseph his vice-regent. Joseph is aged 28 at the ascension of Akhenaten, which would mean he was born about 1380 BC in standard Egyptian chronology, and Jacob in the mid-1420s BC. Other contemporary rulers mentioned include Tushratta and Suppiluliuma. A dominant topic of the novel is Mann's exploration of the status of mythology and his presentation of the Late Bronze Age mindset with regard to mythical truths and the emergence of monotheism. Events of the story of Genesis are frequently associated and identified with other mythic topics. Central is the notion of underworld and the mythical descent to the underworld. Jacob's sojourn in Mesopotamia, hiding from the wrath of Esau, is paralleled with Joseph's life in Egypt, exiled by the jealousy of his brothers, and on a smaller scale, his captivity in the well, they are further identified with the hell-raid of Inanna/Ishtar, Demeter, the Mesopotamian Tammuz.

Wright, 2016-03-09 This book considers a range of twentieth century novelists who practise a creative mode of reading the Bible exploring aspects of the Book of Genesis which more conventional biblical criticism sometimes ignores Each chapter considers some of the interpretive challenges of the relevant story in Genesis especially those noted by rabbinic midrash which serves as a model for such creative rewriting of the biblical text All the novelists considered from Mark Twain John Steinbeck and Thomas Mann to Jeanette Winterson Anita Diamant and Jenny Diski are shown to have been aware of the midrashic tradition and in some cases to have incorporated significant elements from it into their own writing The questions these modern and postmodern writers ask of the Bible however go beyond those permitted by the rabbis and by other believing interpretive communities Each chapter therefore attempts to chart intertextually where the writers are coming from what principles govern their mode of reading and rewriting Genesis and what conclusions can be drawn about the ways in which it remains possible to relate to the Bible Joseph in Egypt (Vol. 2) Thomas Mann, 2022-08-16 In the second volume of Thomas Mann's monumental work *Joseph in Egypt* the author delves deeper into the psychologically rich tapestry of the Joseph narrative from the Book of Genesis Mann's literary style is characterized by its introspective depth and intricate prose interweaving historical commentary with a personal exploration of jealousy ambition and destiny The novel situates itself within the context of early 20th century modernism reflecting a profound examination of myth and morality while engaging with the themes of individual versus societal expectations as Joseph navigates the complexities of power and seduction in Egypt Thomas Mann a Nobel laureate is renowned for his poignant insights into humanity and culture often influenced by his own experiences with displacement and identity The creation of *Joseph in Egypt* is particularly noteworthy as it resonates with Mann's exploration of moral dilemmas and the duality of human nature themes prominent in his other major works His

profound interest in classical literature and philosophy serves as the backdrop for this retelling drawing parallels between the ancient narrative and contemporary existential questions Readers are encouraged to immerse themselves in this captivating text which not only retells a biblical story but also elevates it into a profound exploration of the human condition Mann s rich character development and unparalleled narrative style will resonate with those who seek a deeper understanding of the interplay between fate and free will making this volume a compelling addition to both literary and theological discussions
