Just The Arguments 100 Of Most Important In Western Philosophy Michael Bruce:

Just the Arguments Michael Bruce, Steven Barbone, 2011-08-24 Does the existence of evil call into doubt the existence of God Show me the argument Philosophy starts with questions but attempts at answers are just as important and these answers require reasoned argument Cutting through dense philosophical prose 100 famous and influential arguments are presented in their essence with premises conclusions and logical form plainly identified Key quotations provide a sense of style and approach Just the Arguments is an invaluable one stop argument shop A concise formally structured summation of 100 of the most important arguments in Western philosophy The first book of its kind to present the most important and influential philosophical arguments in a clear premise conclusion format the language that philosophers use and students are expected to know Offers succinct expositions of key philosophical arguments without bogging them down in commentary Translates difficult texts to core arguments Designed to provide a quick and compact reference to everything from Aquinas Five Ways to prove the existence of God to the metaphysical possibilities of a zombie world

Bad Arguments Robert Arp, Steven Barbone, Michael Bruce, 2018-09-28 A timely and accessible guide to 100 of the most infamous logical fallacies in Western philosophy helping readers avoid and detect false assumptions and faulty reasoning You ll love this book or you ll hate it So you re either with us or against us And if you re against us then you hate books No true intellectual would hate this book Ever decide to avoid a restaurant because of one bad meal Choose a product because a celebrity endorsed it Or ignore what a politician says because she s not a member of your party For as long as people have been discussing conversing persuading advocating proselytizing pontificating or otherwise stating their case their arguments have been vulnerable to false assumptions and faulty reasoning Drawing upon a long history of logical falsehoods and philosophical flubs Bad Arguments demonstrates how misguided arguments come to be and what we can do to detect them in the rhetoric of others and avoid using them ourselves Fallacies or conclusions that don t follow from their premise are at the root of most bad arguments but it can be easy to stumble into a fallacy without realizing it In this clear and concise guide to good arguments gone bad Robert Arp Steven Barbone and Michael Bruce take readers through 100 of the most infamous fallacies in Western philosophy identifying the most common missteps pitfalls and dead ends of arguments gone awry Whether an instance of sunk costs is ought affirming the consequent moving the goal post begging the question or the ever popular slippery slope each fallacy engages with examples drawn from contemporary politics economics media and popular culture Further diagrams and tables supplement entries and contextualize common errors in logical reasoning At a time in our world when it is crucial to be able to identify and challenge rhetorical half truths this book helps readers to better understand flawed argumentation and develop logical literacy Unrivaled in its breadth of coverage and a worthy companion to its sister volume Just the Arguments 2011 Bad Arguments is an essential tool for undergraduate students and general readers looking to hone their critical thinking and rhetorical skills

The Relativity of Theory Moti Mizrahi, 2020-09-29 This book offers a close

and rigorous examination of the arguments for and against scientific realism and introduces key positions in the scientific realism antirealism debate which is one of the central debates in contemporary philosophy of science On the one hand scientific realists argue that we have good reasons to believe that our best scientific theories are approximately true because if they were not even approximately true they would not be able to explain and predict natural phenomena with such impressive accuracy On the other hand antirealists argue that the success of science does not warrant belief in the approximate truth of our best scientific theories This is because the history of science is a graveyard of theories that were once successful but were later discarded The author eventually settles on a middle ground position between scientific realism and antirealism called relative realism

Philosophical Writing A. P. Martinich, 2015-07-17 Philosophical Writing An Introduction 4th Edition features numerous updates and revisions to A P Martinich's best selling text that instructs beginning philosophy students on how to craft a well written philosophical essay Features an entirely new chapter on how to read a philosophical essay new sections on quantification and modality and rhetoric in philosophical writing as well as more updated essay examples Includes many new essay examples and an accompanying website with further topics and examples Traces the evolution of a good philosophical essay from draft stage to completion Emphasizes what a student should do in crafting an essay rather than on what not to do Written with clarity and humor by a leading philosopher

Debating Christian Religious Epistemology John M. DePoe, Tyler Dalton McNabb, 2020-02-06 What does it mean to believe in God What passes as evidence for belief in God What issues arise when considering the rationality of belief in God Debating Christian Religious Epistemology introduces core questions in the philosophy of religion by bringing five competing viewpoints on the knowledge of God into critical dialogue with one another Each chapter introduces an epistemic viewpoint providing an overview of its main arguments and explaining why it justifies belief The validity of that viewpoint is then explored and tested in a critical response from an expert in an opposing tradition Featuring a wide range of different philosophical positions traditions and methods this introduction Covers classical evidentialism phenomenal conservatism proper functionalism covenantal epistemology and traditions based perspectivalism Draws on MacIntyre's account of rationality and ideas from the Analytic and Conservatism traditions Addresses issues in social epistemology Considers the role of religious experience and religious texts Packed with lively debates this is an ideal starting point for anyone interested in understanding the major positions in contemporary religious epistemology and how religious concepts and practices relate to belief and knowledge

Epistemic Responsibility for Undesirable Beliefs Deborah K. Heikes, 2023-09-21 This book considers whether we can be epistemically responsible for undesirable beliefs such as racist and sexist ones The problem with holding people responsible for their undesirable beliefs is first what constitutes an undesirable belief will differ among various epistemic communities second it is not clear what responsibility we have for beliefs simpliciter and third inherent in discussions of socially constructed ignorance like white ignorance is the idea that society is structured in such a way that white people are made

deliberately unaware of their ignorance which suggests their racial beliefs are not epistemically blameworthy This book explores each of these topics with the aim of establishing the nature of undesirable beliefs and our responsibility for these beliefs with the understanding that there may well be rare occasions when undesirable beliefs are not epistemically culpable

Mill's Principle of Utility: Origins, Proof, and Implications Necip Fikri Alican, 2022-01-17 Mill's Principle of Utility Origins Proof and Implications is a defense of John Stuart Mill's utilitarianism with a particular emphasis on his proof of the principle of utility Supplemented by a comprehensive historical background as well as salient philosophical assumptions and implications its primary contribution is an analysis interpretation and defense of the controversial proof which has yet to attract a scholarly consensus on how it works and whether it succeeds The overarching aim of the book is the vindication of Mill's reasoning in the proof and the restoration of his reputation as one of the clearest thinkers of his time [Eric Voegelin Today](#) Scott Robinson, Lee Trepanier, David Whitney, 2019-07-25 This book analyzes Eric Voegelin's scholarly works from the 1950s and early 1960s and examines the ways in which these works are relevant to the twenty first century political environment The collection of essays evaluated in this book cover a wide array of topics that were of great curiosity sixty years ago and still relevant in today's society The authors in this volume demonstrate that Voegelin's erudition on topics such as revolutionary change ideological fervor industrialization globalism and the place for reason and how it may be cultivated in complex times remains as meaningful today as it was then , **Saturday Review of Literature** , 1927 *The Philosopher's Index* , 1995 Vols for 1969 include a section of abstracts **Parliamentary Debates (Hansard)**. Great Britain. Parliament. House of Commons, 2012 *Public Access* Michael Bérubé, 1994 This text provides an explanation of the political correctness argument how it emerged and how right wing pundits have used it to undermine contemporary criticism In a series of linked essays Berube examines the current state of cultural studies the significance of postmodernism the continuing debate over multicultural curricula and recent revisions of literary history in American studies *The Spectator* , 1961 A weekly review of politics literature theology and art **Book Review Digest** , 1978 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **The Boston Globe Index** , 1990 **Current Law Index** , 1985 **VideoHound's Golden Movie Retriever** Jim Craddock, 2004 Reviews movies that are available on DVD or tape Each entry includes title alternate title one to four bone rating year released MPAA rating brief review length format country of origin cast technical personnel awards and made for television cable video designations [The Wall Street Journal](#) , 1989 [Forthcoming Books](#) Rose Army, 1996-06

When somebody should go to the books stores, search initiation by shop, shelf by shelf, it is in fact problematic. This is why we provide the book compilations in this website.
