

Script:

Once upon a time, in the Great Land of England, /// there lie, a great and powerful man named Uther Pendragon, a man full of lust and pride who fell in love with a woman named Igraine... the wife of the Great King of England, // King Gorlois. Even while knowing this, Uther Pendragon was persistent in taking Igraine with him, thus creating a war between him, and King Gorlois.

The King of England tried to hide Queen Igraine away from him, but Uther Pendragon had devised a mischievous plan, where a powerful wizard disguises Uther Pendragon himself as King Gorlois. /// He commanded Sir Ulfius to run out and find a wizard that will fulfill his plan. // Sir Ulfius rode out on his horse and traveled far and wide until he finally found a wizard powerful enough to do the magic.

Sir Ulfius brings back the wizard and used the magic on Uther Pendragon. /// After he was disguised, Uther Pendragon sleeps with Igraine and had a child together.

///

And while a war was wreaking havoc all over the land, King Gorlois fell to one of Uther Pendragon's men. /// Thus making Uther Pendragon marry Igraine, and is now declared as the new king of England. // But, for using the powers of the wizard, King Uther now has to give up his newborn baby to the magic wizard named Merlin to fulfill their deal.

The baby was called Arthur, and Merlin gives the baby to Sir Ector to take care of it, along with his own child named Kay. Soon Enough, King Uther Pendragon passed away, and no one could hold the throne as great as he did. A sword stuck engraved in stone was lately discovered, and it was declared that whoever shall lift up the sword in the stone... will be declared as the rightful and true king of England.

Townsppeople: (sings) A legend is sung of where England was young. And knights were brave and bold, the good king had died. And no one could decide who was rightful heir to the throne. It seemed that the land would be torn by war or saved by a miracle alone, and that miracle appeared in London Town.

Authorship in Film Adaptation Jack Boozer, 2009-06-03 Authoring a film adaptation of a literary source not only requires a media conversion but also a transformation as a result of the differing dramatic demands of cinema The most critical central step in this transformation of a literary source to the screen is the writing of the screenplay The screenplay usually serves to recruit producers director and actors to attract capital investment and to give focus to the conception and production of the film project Often undergoing multiple revisions prior to production the screenplay represents the crucial decisions of writer and director that will determine how and to what end the film will imitate or depart from its original source *Authorship in Film Adaptation* is an accessible provocative text that opens up new areas of discussion on the central process of adaptation surrounding the screenplay and screenwriter director collaboration In contrast to narrow binary comparisons of literary source text and film the twelve essays in this collection also give attention to the underappreciated role of the screenplay and film pre production that can signal the primary intention for a film Divided into four parts this collection looks first at the role of Hollywood s activist producers and major auteurs such as Hitchcock and Kubrick as they worked with screenwriters to formulate their audio visual goals The second part offers case studies of *Devil in a Blue Dress* and *The Sweet Hereafter* for which the directors wrote their own adapted screenplays Considering the variety of writer director working relationships that are possible Part III focuses on adaptations that alter genre time and place and Part IV
