Sánchez, Ana María Manzananas Calvo, Begoña Simal González, 2009 Uncertain Mirrors realigns magical realism within a changing critical landscape from Aristotelian mimesis to Adorno s concept of negative dialectics In between the volume traverses a vast theoretical arena from postmodernism and postcolonialism to Levinasian philosophy and eco criticism The volume opens and closes with dialectical instability as it recasts the mutability of the term mimesis as both a world reflecting and a world creating mechanism Magical realism the authors contend offers another stance of the possible it also situates the reader at a hybrid aesthetic matrix inextricably linked to postcolonial theory postmodernism Bakhtinian theory and quantum physics As Uncertain Mirrors explores magical realist texts partake of modernist exhaustion as much as of postmodernist replenishment yet they stem from a different location of culture and direction of culture they offer complex aesthetic artifacts that in their recreation of alternative geographic and semiotic spaces dislocate hegemonic texts and ideologies Their unrealistic excess effects a breach in the totalized unity represented by 19th century realism and plays the dissonant chord of the particular and the non identical **Exploring Magic Realism in Salman Rushdie's Fiction** Ursula

Kluwick, 2013-02-28 Kluwick breaks new ground in this book moving away from Rushdie studies that focus on his status as postcolonial or postmodern and instead considering the significance of magic realism in his fiction Rushdie s magic realism in fact lies at the heart of his engagement with the post colonial In a departure from conventional descriptions of magic realism based primarily on the Latin American tradition Kluwick here proposes an alternative definition allowing for a more accurate description of the form She argues that it is disharmony rather than harmony that is decisive that the incompatibility of the realist and the supernatural needs to be recognized as a driving force in Rushdie s fiction In its rigorous analysis of this Rushdian magic realism this book considers the entire corpus Midnight s Children Shame The Satanic Verses The Moor s Last Sigh The Ground Beneath Her Feet Shalimar the Clown and The Enchantress of Florence This study is the first of its kind to do so **Magical Realism** Maggie Ann Bowers, 2018-06-08 Magical Realism is the essential introduction to this often complex area and guides students through the use and origins of terms in art literature and film It differentiates the concept from other terms and genres and gives an overview of the geographical and cultural range of the fiction This new

American Modernity María del Pilar Blanco, 2012-03-01 In *Ghost Watching American Modernity* María del Pilar Blanco revisits nineteenth and twentieth century texts from Spanish America and the United States to ask how different landscapes are represented as haunted sites Moving from foundational fictions to Westerns Blanco explores the diverse ways in which ghosts and haunting emerge across the American hemisphere for authors who are preoccupied with evoking the experience of geographical transformations during a period of unprecedented development The book offers an innovative approach that seeks to understand ghosts in their local specificity rather than as products of generic conventions or as allegories of hidden desires Its chapters pursue formally attentive readings of texts by Domingo Sarmiento Henry James José Martí W E B Du Bois Juan Rulfo Felisberto Hernández and Clint Eastwood In an intervention that will reconfigure the critical uses of spectrality for scholars in U S Latin American Studies narrative theory and comparative literature Blanco advances ghost watching as a method for rediscovering haunting on its own terms *Mapping out the Rushdie Republic* Prasanta Bhattacharyya, Tapan

Kumar Ghosh, 2016-12-14 *Mapping out the Rushdie Republic* differs from existing studies on the work of Salman Rushdie by dint of its seriousness of intent and profundity of content Every major work of the writer is paid due attention as separate articles are devoted to every aspect of his literary persona As such the contributions raise pertinent issues and questions that invite the perceptive reader to enter into a meaningful dialogue with the views of a range of formidable academics of national and international repute A long interview with Timothy Brennan a notable Rushdie critic offers further insights making this a book that designedly stops short of being merely encomiastic about Rushdie's achievement as an author The significant act of mapping out the Rushdie republic makes this a must read for those who find the Rushdie phenomenon an interesting one as part of ongoing debates and discussions Darkness Subverted Katrin Althans, 2010-02-18 At the heart of the Gothic novel

proper lies the discursive binary of self and other which in colonial literature was quickly filled with representations of the colonial master and his indigenous subject Contemporary black Australian artists have usurped this colonial Gothic discourse torn it to pieces and finally transformed it into an Aboriginal Gothic This study first develops the theoretical concept of an Aboriginal Gothic and then uses this term as a tool to analyse novels by Vivienne Cleven Mudrooroo Kim Scott Sam Watson and Alexis Wright as well as films directed by Beck Cole and Tracey Moffatt It centres on the question of how a genuinely European mode the Gothic can be permeated and thus digested by elements of indigenous Australian culture in order to portray the current situation of Aboriginal Australians and to celebrate a recovered cultural identity *British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain*, 2005 *Ahornblätter*, 2007 The British National
