Livre Gestion Financiere Maroc

**France. Assemblée nationale
(1871-1942). Chambre des députés**

Livre Gestion Financiere Maroc:

Gestion financière Stéphane Griffiths, Jean-Guy Degos, 2011-10-06 Cet ouvrage propose une méthodologie complète d'analyse financière et met en lumière ses implications sur la stratégie de l'entreprise. Accompagné de nombreux exemples et graphiques, il donne les outils pour mieux comprendre la logique financière des entreprises depuis les fondamentaux de la gestion jusqu'aux conséquences qui doivent être tirées de la crise financière. Les auteurs aident ainsi à replacer les décisions financières dans une vision globale de la stratégie financière où l'analyse du diagnostic financier, la valorisation des instruments financiers et l'ingénierie sont étroitement intégrés. Une approche rigoureuse et très complète de la gestion financière. Un livre de référence pour les professionnels de la gestion et les managers. Un manuel d'apprentissage pour les étudiants licence et master des cycles universitaires généraux. BTS, IUT, licences et masters spécialisés en gestion, management, sciences comptables, contrôle de gestion, audit, candidats aux examens comptables DCG, DSCG, DEC. Finances municipales Catherine D.

Farvacque-Vitkovic, Mihály Kopanyi, 2016-04-25 De Detroit à Lahore, la plupart des villes du monde sont confrontées à des difficultés financières, alors même qu'elles doivent assumer des responsabilités de plus en plus complexes. Le présent ouvrage, *Finances municipales*, manuel d'usage des collectivités locales, prend parti : le parti des maires et des gestionnaires municipaux. Rares sont les publications consacrées à cette question qui ciblent de façon aussi directe et pragmatique les responsables de l'action publique et le personnel financier local. Le contenu et les principaux messages de ce manuel ont été conçus de manière à répondre aux questions et préoccupations auxquelles les villes et les municipalités sont quotidiennement confrontées dans le cadre de la gestion de leurs finances. Le manuel *Finances municipales* prend position. Les auteurs de ses huit chapitres examinent les enseignements observés dans divers domaines : relations entre administrations, finances des métropoles, gestion financière, gestion des recettes, dépenses et du patrimoine public, financements extérieurs et valorisation de la performance des finances municipales. L'ouvrage traite de sujets allant de la décentralisation, la transparence et l'obligation de rendre compte. Il explore aussi des domaines moins balisés tels que la gestion du patrimoine, la solvabilité, la réponse aux crises financières. Le manuel *Finances municipales* appelle à l'action. En plus de partager avec le lecteur un savoir très pointu sur de nombreux sujets techniques, il guide les autorités locales dans le labyrinthe des instruments existants. L'outil d'auto-évaluation des finances municipales MFSA décrit au chapitre 8 devrait tout particulièrement aider les municipalités à valuer leur situation et progresser sur la voie des réformes.
