Nherera, Pamela Machakanja, P. W. Mamimine, 1999 *Christians in Active Politics* Yokoniah Mvula, 2022-09-16 Some Christians may be uncomfortable to think of Jesus as being political since the word politics or political has evolved to have negative overtones and connotations in our world today particularly in Africa where this monograph from the Department of Theology and Religious Studies of the University of Malawi has originated Christians often argue that their commission or job description does not include the political process which is the way a society conducts its public affairs However Jesus beginning with his temptation as in the gospels of Matthew and Luke showed the people who would follow him what it means to do God's will The third temptation conceived of in this study as a political temptation for power is the rationale behind the arguments made

in this study which begins by positing that the message of Jesus was not politically neutral and therefore Christianity as a super culture must be active in all sectors affecting social concerns if it is to truly be the change agent who Christ believes it to be It goes on to define and describe what it means to say that the message of Jesus was political and lays out the biblical theological ethical and experiential rationale for Christians active participation in the secular political arena **Language Planning and Policy in Africa** Richard B Baldauf (Jr.),Robert B. Kaplan,2004 A longer range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages This volume is part of an areal series which is committed to providing descriptions of language planning and policy in countries around the world BOOK JACKET **Rhodesian Journal of Agricultural Research** ,1963
