

Damn kids. They're all ALIKE...

but **did you**, in your three-piece psychology and physics technobrain, ever take a look behind the eyes of the hacker?
Did you ever wonder what made him tick... what forces shaped him... what may have molded him?

I... **a hacker** enter my World....

mine is a world that begins with school.

I'm smarter than most of the other kids, this crap they teach us bores me.

Damn undersevvtt.

They're all alike.

I'm in junior high or high school.

I've listened to teachers ~~asfud~~ for the fifteenth time how to reduce a fraction. I understood it.

Damn kid. "No, Ms. Smith, I didn't show my work. I did it in my head."

Probably copied it. They're all alike.

I made a discovery today. I found a computer. Well, a computer, this is different from what I want. It's... if it makes a mistake, it's because I screwed it up.
Not because it doesn't like me... Or feels threatened by me... Or it's a machine... Or doesn't like teaching and shouldn't be here...

And then it happened... a door opened to a world... nothing down here like the one I know... a world where the rules are different... an electronic door to a world where the four-toed interdependencies is sought... a board is for

"This is it... **this** is where I belong."

I know everyone here... even if I've never met them, never talked to them, may never hear from them again... I know you all...

You bet your ASS we're all alike.

Damn kid. Tying up the phone line again. They're all alike.

We've been spoon-fed baby food at school when we hungered for more... the bits of **meat** that you give us slip through were pre-chewed and tasteless.

We've been dominated by **authority** for as long as I can remember... each forced us willing pupils.

This is our world now...

without paying for what could be purchased if it wasn't for my programming **geniuses** and **us** criminals.

We expect
to ask after knowledge...

and You call us criminals.

We exist without skin color, without nationality, without religious bias.

You build atomic bombs, you wage wars, you murder, cheat, and lie to us and try to make us believe it's for our own good.

Yes, I am a criminal. My crime is that of curiosity.

My crime is that of judging people by what they say and think.

yet we're the criminals.

My CRIME is that of outsmarting you.

something that you tell **never** forgive me.

I... **a hacker**... **this**
