Reading and Writing in Second-language Learners Diane August, Timothy Shanahan, 2008 A Co Publication of Lawrence Erlbaum Associates Inc and The International Reading Association This book is a shorter version of the full volume Developing Literacy in Second Language Learners reporting the findings of the National Literacy Panel on Language Minority Children and Youth The Panel a distinguished group of expert researchers in reading language bilingualism research methods and education was appointed to identify assess and synthesize research on the literacy education of language minority children and youth In this book chapters adapted from the original report concisely summarize what is known from empirical research about the development of literacy in language minority children and youth including development environment instruction and assessment **Mediation and Children's Reading** Anne Marie

Hagen, 2022-03-29 This collection of essays explores the cultural significance of children s reading by analyzing a series of Anglo American case studies from the eighteenth century to the present Marked by historical continuity and technological change children s reading proves to be a phenomenon with broad influence one that shapes both the development of

individual readers and wider social values The essays in this volume capture such complexity by invoking the conception of mediation to approach children's reading as a site of interaction among individual people material texts and institutional networks Featuring a range of scholarly perspectives from the disciplines of literature education graphic design and library and information science this collection uncovers both the intricacies and wider stakes of children's reading The books public programs and archives that focus explicitly on children's interests and needs are powerful arenas that give expression to the key ideological investments of a culture

Vocabulary Development Timothy Rasinski, William Rupley, 2019-04-18

Knowledge of word meanings is critical to success in reading A reader cannot fully understand a text in which the meaning to a significant number of words is unknown Vocabulary knowledge has long been correlated with proficiency in reading Yet national surveys of student vocabulary knowledge have demonstrated that student growth in vocabulary has been stagnant at best This volume offers new insights into vocabulary knowledge and vocabulary teaching Articles range from a presentation of theories of vocabulary that guide instruction to innovative methods and approaches for teaching vocabulary Special emphasis is placed on teaching academic and disciplinary vocabulary that is critical to success in content area learning Our hope for this volume is that it may spark a renewed interest in research into vocabulary and vocabulary instruction and move toward making vocabulary instruction an even more integral part of all literacy and disciplinary instruction
