Getting to Grips with BIM James Harty, Tahar Kouider, Graham Paterson, 2015-12-14 With the UK government's 2016 BIM threshold approaching support for small organisations on interpreting filtering and applying BIM protocols and standards is urgently required Many small UK construction industry supply chain firms are uncertain about

what Level 2 BIM involves and are unsure about taking first steps towards having BIM capability As digitisation increasingly impacts on work practices Getting to Grips with BIM offers an insight into an industry in change supplemented by practical guidance on managing the transition towards more widespread and integrated use of digital tools to manage the design construction and whole life use of buildings

Creating a Healthy School Using the Healthy School Report Card

David K. Lohrmann, 2010 Successful students are not only knowledgeable but also emotionally and physically healthy motivated civically engaged prepared for work and economic self sufficiency and ready for the world beyond their own borders To help students meet this standard a school must use a coordinated evidence based approach that supports learning teaching and student growth in short the school must create a healthy school community This action tool and accompanying online scoring and analysis tool offers a practical strategy for structuring your school environment to support the development of students who have the knowledge skills and abilities to make healthy choices Updated to reflect current research new standards and best practices the second edition of the action tool guides you through the four steps of the Healthy School Report Card process with rationale tips from successful participants and easy to use tools Tools for organizing can help you develop a school level process for working with your community You can then use the scoring tools to assess your school s current health programming and create an evidence based environment that supports learning and teaching With the tools for reporting you can use the Healthy School Report Card to meet required guidelines and identify and prioritize areas for improvement The data you collect can assist your ongoing efforts to garner the support of policymakers family members and the community

Sports Law in Australia Andy Gibson, 2022-02-21 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of sports law in Australia deals with the regulation of sports activity by both public authorities and private sports organizations The growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations Sports law at a national or organizational level thus gains a growing relevance in comparative law The book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities Self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play However the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities This form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport It is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured This monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level Lawyers

representing parties with interests in Australia will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law

Planning, Writing and Reviewing Medical Device Clinical and Performance Evaluation Reports (CERs/PERs) Joy Frestedt, 2024-09-19 A Practical Guide to Planning Writing and Reviewing Medical Device Clinical Evaluation Reports guides readers through clinical data evaluation of medical devices in compliance with the EU MDR requirements and other similar regulatory requirements throughout the world This book brings together knowledge learned as the author constructed hundreds of CERs and taught thousands of learners on how to conduct clinical data evaluations This book will support training for clinical engineers clinical evaluation scientists and experts reviewing medical device CERs and will help individual writers teams and companies to develop stronger more robust CERs Identifies and explains data analysis for clinical evaluation of medical devices Teaches readers how to understand and evaluate medical device performance and safety in the context of new regulations Provides analysis of new clinical evaluation criteria in the context of medical device design as well as in hospital deployment and servicing

Patient Safety Tool Kit, 2016-02-15 The Patient safety tool kit describes the practical steps and actions needed to build a comprehensive patient safety improvement programme in hospitals and other health facilities It is intended to provide practical guidance to health care professionals in implementing such programmes outlining a systematic approach to identifying the what and the how of patient safety The tool kit is a component of the WHO patient safety friendly hospital initiative and complements the Patient safety assessment manual also published by WHO Regional Office for the Eastern Mediterranean

Promoting healthy housing for all, 2021-03-15

Governance of Dual Use Research in the Life Sciences National Academies of Sciences, Engineering, and Medicine, Division on Earth and Life Studies, Board on Life Sciences, 2018-12-26 Continuing advances in science and technology offer the promise of providing tools to meet global challenges in health agriculture the environment and economic development some of the benefits are already being realized However such advances have the potential to challenge the oversight systems for responsible conduct of life sciences research with dual use potential research that may have beneficial applications but that also could be misused to cause harm Between June 10 and 13 2018 more than 70 participants from 30 different countries and 5 international organizations took part in an international workshop The Governance of Dual Use Research in the Life Sciences Advancing Global Consensus on Research Oversight to promote global dialogue and increased common understandings of the essential elements of governance for such research Hosted by the Croatian Academy of Sciences and Arts in Zagreb Croatia the workshop was a collaboration among the InterAcademy Partnership the Croatian Academy the Croatian Society for Biosafety and Biosecurity and the U S National Academies of Sciences Engineering and Medicine This publication summarizes the presentations and discussions from the workshop

Principles of Festival Management Chris Newbold, Jennie Jordan, Paul Kelly, Kristy Diaz, 2019-01-31 Principles of Festival Management is a complete guide to developing and running a festival from inception to evaluation covering all aspects of festival management and key central issues and contemporary debates

Corporate Social Responsibility in the Construction Industry Michael Murray, Andrew Dainty, 2013-01-11 The construction process right through from planning and design to use and demolition has a major impact on society. Traditionally concern has been focused on its environmental impact and the quest for sustainability but this has now extended into the wider remit of Corporate Social Responsibility (CSR). Essentially this means that businesses must act voluntarily in a socially ethical manner by developing a policy that encompasses the core principles enshrined by CSR. A unique presentation on a topic of emerging importance, Corporate Social Responsibility in the Construction Industry is essential reading for all built environment undergraduate and post graduate courses as well as CEOs and senior managers within construction businesses who may be about to embark on developing a CSR strategy.

Food Safety Management Arnaud Bouxin, 2013-11-01 Feed safety is a prerequisite for the safety of food of animal origin. Although the approach for the risk management of feed is very similar to food, the feed sector is specific in the sense that it involves a large range of operators and feed ingredients addresses not only human health aspects due to consumption of animal products but also animal health, animal welfare and also sometimes livestock performance and concerns several animal species with different sensitivity to contaminants. Hazards occurring in feed are either biological (pathogenic microorganisms, prions etc), chemical (radionuclides, mycotoxins, heavy metals, dioxins, PCBs, pesticides etc) or physical (stone, steel, glass etc). Ten years ago Codex developed a Codex Code of Good Practices for Animal Feeding and is working on guidance for prioritizing hazards and for feed safety risk assessment. This is completed in practice by operators by Prerequisite Programs and HACCP based Feed Safety Assurance Schemes often subject to third party certification.

Food Safety Management Huub L. M. Lelieveld, Yasmine Motarjemi, 2013-11-01 Food Safety Management: A Practical Guide for the Food Industry with an Honorable Mention for Single Volume Reference Science in the 2015 PROSE Awards from the Association of American Publishers is the first book to present an integrated practical approach to the management of food safety throughout the production chain. While many books address specific aspects of food safety, no other book guides you through the various risks associated with each sector of the production process or alerts you to the measures needed to mitigate those risks. Using practical examples of incidents and their root causes, this book highlights pitfalls in food safety management and provides key insight into the means of avoiding them. Each section addresses its subject in terms of relevance and application to food safety and where applicable, spoilage. It covers all types of risks, e.g. microbial, chemical, physical, associated with each step of the food chain. The book is a reference for food safety managers in different sectors, from primary producers to processing, transport, retail and distribution, as well as the food

services sector Honorable Mention for Single Volume Reference Science in the 2015 PROSE Awards from the Association of American Publishers Addresses risks and controls specific technologies at various stages of the food supply chain based on food type including an example of a generic HACCP study Provides practical guidance on the implementation of elements of the food safety assurance system Explains the role of different stakeholders of the food supply *Midwifery Skills at a Glance* Patricia Lindsay, Carmel Bagness, Ian Peate, 2018-02-16 Being an effective midwife requires a range of knowledge and skills all of which are essential to provide competent and safe care to childbearing women and their infants Midwifery Skills at a Glance offers an invaluable straightforward guide for students and practitioners offering readable easily digestible information supported with illustrations throughout to enhance application to practice Clear and concise throughout Midwifery Skills at a Glance covers a wide range of skills exploring issues such as infection control personal hygiene care and safeguarding assessment examination and screening skills how to care for the woman and neonate with complex needs drug administration and pain relief A comprehensive highly visual guide to the skills essential for safe effective and compassionate midwifery practice Written by experts in their field Briefly describes each skill and provides clear illustrations making it an ideal companion in clinical practice Offers instruction on the safe use of a wide range of essential skills required to deliver safe evidence based maternity care Includes service user viewpoints and key points to help consolidate learning and reflect on the experience of receiving care Written with the student midwife in mind Midwifery Skills at a Glance is equally invaluable for all others providing care including Maternity Support Workers mentors registered midwives and medical students
