their primary focus The premise of The Two Income Trap Why Parents Are Choosing to Stay Home is that childrearing is no longer recognized for the enormous undertaking it is Having it all is an impossible goal for anyone male or female The needs of children don't allow two married parents the freedom to dedicate themselves fully to something else That isn't a bad thing says Venker It's a good thing It's time to shift our paradigm There is value in pursuing both work and family but prioritizing family over career and being realistic with one's goals is the only way women can be successful at both The Two Income Trap does two things helps elevate the status of parents at home and helps mothers who want to be employed create a life that works Without the stress Without the guilt Without regret

The Science of Mom Alice Callahan,2015-09-01 The Science of Mom blogger makes sense of research studies for new mothers It seems like every time a new mother turns on her computer radio or television she is greeted with news of yet another scientific study about infancy Ignoring good information isn't the right course but just how does one tell the difference between solid studies preliminary results and snake oil In this friendly guide through the science of infancy Science of Mom blogger and PhD scientist Alice Callahan explains how non-scientist mothers can learn the difference between hype and evidence Readers of Alice's blog have come to trust her balanced approach which explains the science that lies behind headlines The Science of Mom is a fascinating eye-opening and extremely informative exploration of the topics that generate discussion and debate in the media and among parents From breastfeeding to vaccines to sleep Alice's advice will help you make smart choices so that you can relax and enjoy your baby
