Ecocinema Theory and Practice Stephen Rust, Salma Monani, Sean Cubitt, 2013 This is an anthology that offers a comprehensive introduction to the rapidly growing field of eco film criticism a branch of critical scholarship that investigates cinema s intersections with environmental understandings **Project Management Theory and Practice, Third Edition** Gary L. Richardson, Brad M. Jackson, 2018-07-27 Project Management Theory and Practice Third Edition gives students a broad and real flavor of project management Bringing project management to life it avoids being too sterilely academic and too narrowly focused on a particular industry view It takes a model based approach towards project management commonly used in all industries The textbook aligns with the latest version of the Project Management Institute s Project Management Body of Knowledge PMBOK Guide which is considered to be the de facto standard for project management However it avoids that standard s verbiage and presents students with readable and understandable explanations Core chapters align with the Project Management Institute s model as well as explain how this model fits real world projects The textbook can be used as companion to the standard technical model and help those studying for various project management certifications The textbook takes an in depth look at the following areas important to the standard model Work Breakdown Structures WBS

Earned Value Management EVM Enterprise project management Portfolio management PPM Professional responsibility and ethics Agile life cycle The text begins with a background section Chapters 1 9 containing material outside of the standard model structure but necessary to prepare students for the 10 standard model knowledge areas covered in the chapters that follow The text is rounded out by eight concluding chapters that explain advanced planning approaches models and projects external environments Recognizing that project management is an evolving field the textbook includes section written by industry experts who share their insight and expertise on cutting edge topics It prepares students for upcoming trends and changes in project management while providing an overview of the project management environment today In addition to guiding students through current models and standards Project Management Theory and Practice Third Edition prepares students for the future by stimulating their thinking beyond the accepted pragmatic view Rabbinic Traditions between Palestine and Babylonia Ronit Nikolsky,Tal Ilan,2014-05-28 In this book various authors explore how rabbinic traditions that were formulated in the Land of Israel migrated to Jewish study houses in Babylonia The authors demonstrate how the new location and the unique literary character of the Babylonian Talmud combine to create new and surprising texts out of the old ones Some authors concentrate on inner rabbinic social structures that influence the changes the traditions underwent Others show the influence of the host culture on the metamorphosis of the traditions The result is a complex study of cultural processes as shaped by a unique historical moment Case Studies in Public Health Theodore H. Tulchinsky,2018-03-12 Case Studies in Public Health contains selected case studies of some of the most important and influential moments in medicine and epidemiology The cases chosen for this collection represent a wide array of public health issues that go into the makeup of what can be termed the New Public Health NPH which includes traditional public health such as sanitation hygiene and infectious disease control but widens its perspective to include the organization financing and quality of health care services in a much broader sense Each case study is presented in a systematic fashion to facilitate learning with the case background current relevance economic issues ethical issues conclusions recommendation and references discussed for each case The book is a valuable resource for advanced students and researchers with specialized knowledge who need further information on the general background and history of public health and important scientific discoveries within the field It is an ideal resource for students in public health epidemiology medicine anthropology and sociology and for those interested in how to apply lessons from the past to present and future research Explores the history of public health through important scientific events and flashpoints Presents case studies in a clear direct style that is easy to follow Uses a systematic approach to help learn lessons from the past and apply them to the present A Century of James Frazer's The Golden Bough Stephanie Lynn Budin,Caroline J. Tully,2024-11-21 This multidisciplinary volume examines the ongoing effects of James G Frazer s The Golden Bough in modern Humanities and its wide ranging influence across studies of ancient religions literature historiography and reception studies The book begins by exploring the life and times of Frazer himself

and the writing of *The Golden Bough* in its cultural milieu. It then goes on to cover a wide range of topics including ancient Near Eastern religion and culture, Minoan religion and in particular the origins of notions of Minoan matriarchy, Frazer's influence on the study of Graeco-Roman religion and magic, Frazer's influence on modern Pagan religions and the effects of Frazer's works in modern culture and scholarship generally. Chapters examine how modern academia and beyond continues to be influenced by the otherwise discredited theories in *The Golden Bough*, ideas such as Sacred Marriage and the incessant Fertility of Everything. The book demonstrates how scholarship within the Humanities as well as practitioners of alternative religions and the common public remain under the thrall of Frazer over one hundred years since the publication of the abridged edition of *The Golden Bough* and what we must do to shake off that influence. A Century of James Frazer's *The Golden Bough* is of interest to scholars and students from a wide range of disciplines including Ancient History, History of Religion, Comparative Religion, Classical Studies, Archaeology, Historiography, Anthropology, Folklore and Reception Studies. Chapter 18 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution (CC BY) 4.0 license.

Western Esotericism and Rituals of Initiation Henrik Bogdan, 2012-02-01
For more than three hundred years the practice of Masonic rituals of initiation has been part of Western culture spreading far beyond the boundaries of traditional Freemasonry. Henrik Bogdan explores the historical development of these rituals and their relationship with Western esotericism. Beginning with the Craft degrees of Freemasonry, the blueprints as it were of all later Masonic rituals of initiation, Bogdan examines the development of the Masonic High Degrees, the Hermetic Order of the Golden Dawn, the most influential of all nineteenth-century occultist initiatory societies, and Gerald Gardner's Witchcraft movement of the 1950s, one of the first large-scale Western esoteric New Religions Movements.

Manifestation Magic
Elhoim Leafar, 2021
This book offers a clear basic treatise on the magic of prosperity and how to manifest positive abundance. No prior magical experience is required, although the material is also suitable for adepts. The techniques discussed are derived from diverse influences, blending modern Paganism with Afro-Caribbean and Latin American magic, reflecting the author's own background and making it accessible to readers walking various magical paths.

From Magic and Myth-Work to Care and Repair Simon O'Sullivan, 2025-03-11
The practices of magic and contemporary myth-making in relation to landscape performance and writing. *From Magic and Myth-Work to Care and Repair* is a two-part book bringing together fourteen essays broadly concerned with the fiction of the self and with practices and explorations beyond that fiction. Each part of the book approaches this theme from a different angle. The first part, entitled *On Magic and Myth-Work*, deals with practices of transformation and with contemporary myth-making in relation to landscape performance and writing. The second part, *On Care and Repair*, gathers together essays that are more personal but that also look to various technologies or devices of self-care alongside ideas of collaboration and the collective. Crucial throughout this exploration are questions of agency and self

narration but also how these connect to larger issues around historical trauma neoliberalism and ecological crisis The essays reference many other texts and fellow travellers and also draw on the author's own experiences and teaching within various art and theory worlds as well as with performance magical practices gaming and Buddhism

Romanticism and Popular Magic Stephanie Elizabeth Churms, 2019-01-16 This book explores how Romanticism was shaped by practices of popular magic It seeks to identify the place of occult activity and culture in the form of curses spells future telling charms and protective talismans in everyday life together with the ways in which such practice figures and is refigured in literary and political discourse at a time of revolutionary upheaval What emerges is a new perspective on literature's material contexts in the 1790s from the rhetorical linguistic and visual jugglery of the revolution controversy to John Thelwall's occult turn during a period of autobiographical self reinvention at the end of the decade From Wordsworth's deployment of popular magic as a socially and politically emancipatory agent in Lyrical Ballads to Coleridge's anxious engagement with superstition as a despotic system of mental enslavement and Robert Southey's wrestling with an increasingly alluring conservatism he associated with a reliance on ultimately incarcerating systems of superstition

Fenestration Practice and Theory in Early Modern Europe Hentie Louw, 2024-06-05 This book explores the transformation of the window during the Early Modern Period in Europe Following the Italian Renaissance new stylistic norms for modern classical windows had to be invented Building a new classical repertoire drew on existing traditions in fenestration as local builders throughout Europe struggled with the constraints of varying climatic conditions customs and physical resources in pursuit of a broader vision of an international classical revival With the Renaissance the architectural emphasis shifted towards secular design and as the classical revival gained momentum a quest for a cultured lifestyle commensurate with the new architecture increased demand for sophisticated fenestration systems in civil architecture The movement coincided with a period of dramatic climate change the so called Little Ice Age c 1450 c 1850 adding urgency to the campaign for transforming fenestration practice By the late seventeenth century Northern European builders had developed appropriate indigenous classical window forms for their respective societies functional products sophisticated enough to form the basis of new architectural styles northern classical traditions that rivalled and in some respects surpassed those created in Italy Their achievement was embodied in the two flagships of the movement the Franco Italian folding casement the French window and the English mechanical sliding window the sash window
