Hombre Unidimensional Marcuse:

One-Dimensional Man Herbert Marcuse, 2012-09-11 Originally published in 1964 *One Dimensional Man* quickly became one of the most important texts in the ensuing decade of radical political change This second edition newly introduced by Marcuse scholar Douglas Kellner presents Marcuse's best selling work to another generation of readers in the context of contemporary events

El hombre unidimensional Herbert Marcuse, 2024-06-05 Nuevo prólogo de Amador Fernández Savater Una crítica mordaz de las sociedades occidentales que bajo un disfraz seudodemocrático esconden una estructura totalitaria basada en la explotación Esta obra de culto se basa en dos hipótesis de un lado Marcuse afirma que la sociedad industrial avanzada es capaz de reprimir todo cambio cualitativo por otro lado asevera que existen fuerzas capaces de poner fin a la represión La solución según el autor es despertar y organizar la solidaridad en tanto que necesidad biológica para mantenerse unidos contra la brutalidad y la explotación humanas

El hombre unidimensional Herbert Marcuse, 2017-12-28 El hombre unidimensional es un análisis de las sociedades occidentales que bajo un disfraz pseudodemocrático esconden una estructura totalitaria basada en la explotación del hombre por el hombre La obra se basa en dos hipótesis aparentemente contradictorias De un lado Marcuse afirma que la sociedad industrial avanzada es capaz de reprimir todo cambio cualitativo Por otro lado parece prevalecer la hipótesis que quiere que en esta sociedad existan fuerzas capaces de poner fin a la represión y de hacer explotar las mortales contradicciones que laten en su seno Para Marcuse tanto los medios de comunicación como las industrias culturales socializan los valores del sistema dominante y ahogan el pensamiento crítico creando un escenario cultural unidimensional que propicia un pensamiento nico y condiciona la conducta del individuo en la sociedad bajo la apariencia de una conciencia feliz De gran influencia en el momento de su publicación El hombre unidimensional deviene hoy día una obra imprescindible para arrojar luz sobre la actual sociedad de la información La aportación fundamental de Marcuse reside en el enfoque filosófico social de esa dualidad característica de las sociedades industriales avanzadas capaces de crear las condiciones para una nueva civilización en la cual el hombre se encuentra liberado de las limitaciones que le redujeron a sobrevivir en la penuria desde los inicios de su existencia sobre el planeta y al mismo tiempo se encuentra cercado por una red de instrumentos de control y de represión forjados para garantizar la persistencia de un sistema de dominación Del prólogo de Antonio Elorza

The Liberating Philosophy of Ignacio Ellacuría Randall Carrera Umaña, Luis Arturo Martínez Vásquez, Luis Rubén Díaz Cepeda, 2024-01-16 *The Liberating Philosophy of Ignacio Ellacuría* A Historical Reality Humanism and Praxis is the first systematic work on the philosophy of Ignacio Ellacuría to be published in English so far The Spaniard Salvadorian philosopher murdered in Salvador in 1989 by the military maintains that philosophy is a permanent task grounded in metaphysics as first philosophy as developed within a historical reality and a preferential option for the poor As explored by this collection edited by Luis Arturo Martínez Vásquez Randall Carrera Umaña and Luis Rubén Díaz Cepeda Ellacuría's theory is a critical and practical proposal immersed in the colonial history of Central America but its explanatory

and normative power extends to oppressed people all around the world The contributors to this volume coming from Spain Mexico Argentina Salvador and Costa Rica analyze Ellacur a s philosophy of liberation in conjunction with radical realism and strength describing it as a philosophy created by people concerned with the problems and history of our land such as our colonial past systemic poverty and dependency and responding to these concerns can offer alternatives for a true liberation of all the dominated peoples of the world One-dimensional Man Herbert Marcuse,1966 Donated by Sydney Harris

Perspectivas sobre comunicaci3n y sociedad Antonio M3ndez Rubio,2004 *Perspectivas sobre comunicaci3n y sociedad* aborda un terreno tan abierto y complejo como el de las relaciones entre sistema audiovisual y estructura social entre cultura masiva y poder Estos vnculos se plantean mediante una lectura reflexiva de algunas de las m s importantes corrientes de pensamiento e investigaci3n que han protagonizado este debate en la poca contempor nea la sociolog a funcionalista de la comunicaci3n la teor a cr tica de la Escuela de Frankfurt el pensamiento de estilo postmoderno y la tradici3n reciente de los estudios culturales Este libro en fin despliega articula y actualiza un conjunto de ideas y argumentos fundamentales para comprender mejor nuestro mundo de hoy *Marxism and Psychoanalysis* David Pavon-Cuellar,2016-12-19 The methods

developed by Freud and Marx have enabled a range of scholars to critically reflect upon the ideological underpinnings of modern and now postmodern or hypermodern western societies In this intriguing book the discipline of psychology itself is screened through the twin dynamics of Marxism and psychoanalysis David Pav n Cu llar asks to what extent the terms concerns and goals of psychology reflect in fact the dominant bourgeois ideology that has allowed it to flourish The book charts a gradual psychologization within society and culture dating from the nineteenth century and examines how the tacit ideals within mainstream psychology creating good citizens or productive workers sit uneasily against Marx and Freud s ambitions of revealing fault lines and contradictions within individualist and consumer oriented structures The positivist aspiration of psychology to become a natural science has been the source of extensive debate critical voices asserting the social and cultural contexts through which the human mind and behaviour should be understood This challenging new book provides another voice that in addressing two of the most influential intellectual traditions of the past 150 years widens the debate still further to examine the foundations of psychology **Desaf3os del multilateralismo y de la paz** Eric

Tremolada 3lvarez,2018-02-07 El n mero V de la colecci3n Ius Cogens titulado Desaf3os del multilateralismo y de la paz recoge 17 contribuciones arbitradas y que seg n su tem tica componen las cuatro secciones de este volumen La primera dedicada a los debates inacabados del derecho internacional La segunda se ocupa de las discusiones sobre el multilateralismo La tercera est dedicada a la regionalizaci3n e integraci3n La cuarta y ltima secci3n trata de experiencias que desaf an la guerra Psychedelic Chile Patrick Barr-Melej,2017-03-27 Patrick Barr Melej here illuminates modern Chilean history with an unprecedented chronicle and reassessment of the sixties and seventies During a period of tremendous political and social strife that saw the election of a Marxist president followed by the terror of a military coup in 1973 a youth

driven transnationally connected counterculture smashed onto the scene Contributing to a surging historiography of the era s Latin American counterculture Barr Melej draws on media and firsthand interviews in documenting the intertwining of youth and counterculture with discourses rooted in class and party politics Focusing on hippismo and an esoteric movement called Poder Joven Barr Melej challenges a number of prevailing assumptions about culture politics and the Left under Salvador Allende s Chilean Road to Socialism While countercultural attitudes toward recreational drug use gender roles and sexuality rock music and consumerism influenced many youths on the Left the preponderance of leftist leaders shared a more conservative cultural sensibility This exposed Barr Melej argues a degree of intergenerational dissonance within leftist ranks And while the allure of new and heterodox cultural values and practices among young people grew an array of constituencies from the Left to the Right berated counterculture in national media speeches schools and other settings This public discourse of contempt ultimately contributed to the fierce repression of nonconformist youth culture following the coup
