

"Havana"
(feat. Young Thug)

[Camila Cabello:]

Havana, ooh na-na (ay)
Half of my heart is in Havana, ooh-na-na (ay, ay)
He took me back to East Atlanta, na-na-na
Oh, but my heart is in Havana (ay)
There's somethin' 'bout his manners (uh huh)
Havana, ooh na-na

He didn't walk up with that "how you doin'?"
(When he came in the room)
He said there's a lot of girls I can do with
(But I can't without you)
I knew him forever in a minute
(That summer night in June)
And papa says he got malo in him
He got me feelin' like

Ooh... I knew it when I met him
I loved him when I left him
Got me feelin' like
Ooh... and then I had to tell him
I had to go, oh na-na-na-na-na

Cuban Zarzuela Susan Thomas, 2009
 On September 29 1927 Cuban soprano Rita Montaner walked onto the stage of Havana s Teatro Regina her features obscured under a mask of blackened glycerin and her body clad in the tight pants boots and riding jacket of a coachman
 Standing alongside a gilded carriage and a live horse the blackfaced cross dressed actress sang the premiere of Eliseo Grenet s tango congo Ay Mama Ines
 The crowd went wild
 Montaner s performance cemented Ay Mama Ines as one of the classics in the Cuban repertoire but more importantly the premiere heralded the birth of the Cuban zarzuela a new genre of music theater that over the next fifteen years transformed popular entertainment on the island
Cuban Zarzuela Performing Race and Gender on Havana s Lyric Stage marks the first comprehensive study of the Cuban zarzuela a Spanish language light opera with spoken dialogue that originated in Spain but flourished in Havana during the early twentieth century
 Created by musicians and managers to fill a growing demand for family entertainment the zarzuela evidenced the emerging economic and cultural power of Cuba s white female bourgeoisie to influence the entertainment industry
 Susan Thomas explores zarzuela s function as a pedagogical tool through which composers librettists and business managers hoped to control their troupes and audiences by presenting desirable and problematic images of both feminine and masculine identities
 Zarzuela was Thomas explains anti feminist but pro feminine its plots focusing on female protagonists and its musical scores showcasing the female voice
 Focusing on character types such as the mulata the negrito and the ingenue Thomas uncovers the zarzuela s richly textured relationship to social constructs of race class and especially gender

Beidler,2014-02-28 A personal and cultural mediation Philip D Beidler s The Island Called Paradise explores the fascinating ways Cuban history and culture have permeated North American consciousness and vice versa In The Island Called Paradise Philip D Beidler shares his personal discovery of the vast rich and astonishing history of the island of Cuba and the interrelatedness of Cuba and the US Cuba first entered Beidler s consciousness in the early 1960s when he watched with mesmerized anxiety the televised reports of the Cuban missile crisis a conflict that reduced a multifaceted centuries old history between North America and Cuba to the stark duotones of Cold War politics Fifty years later when Beidler traveled to the US s island neighbor he found a Cuba unlike the nation portrayed in truculent political rhetoric or in the easy preconceptions of US popular culture Instead he found an entrancing people and landscape with deep historical connections to the US and a dazzling culture that overwhelmed his creative spirit In twelve original essays Beidler reintroduces to English speaking readers many of the central figures both real and literary of Cuban and Cuban American history Meet Cecilia Vald s the young mixed race heroine of a 1839 novel that takes readers to the poor streets and sumptuous salons of Spanish colonial Cuba and Narciso Lopez a real life Venezuelan adventurer and filibustero who attempted to foment a Cuban uprising against Spain Both would have been familiar figures to nineteenth

century Americans Beidler also visits the twentieth century lives of the two Ernestos Ernest Hemingway and Che Guevara and the pop culture Cuban icon Ricky Ricardo A country not with one history but multiple layers of history Cuba becomes a fertile island for Beidler s exploration Art he argues perpetually crosses walls erected by politics history and nationality At its core *The Island Called Paradise* renews and refreshes our knowledge of an older Atlantic world even as we begin to envision a future in which the old bonds between our nations may be restored *The Supervisors Service Bulletin* ,1943 **Music, Space and Place** Andy Bennett,2017-10-03 Music Space and Place examines the urban and rural spaces in which music is experienced produced and consumed The editors of this collection have brought together new and exciting perspectives by international researchers and scholars working in the field of popular music studies Underpinning all of the contributions is the recognition that musical processes take place within a particular space and place where these processes are shaped both by specific musical practices and by the pressures and dynamics of political and economic circumstances Important discourses are explored concerning national culture and identity as well as how identity is constructed through the exchanges that occur between displaced peoples of the world s many diasporas Music helps to articulate a shared sense of community among these dispersed people carving out spaces of freedom which are integral to personal and group consciousness A specific focal point is the rap and hip hop music that has contributed towards a particular sense of identity as indigenous resistance vernaculars for otherwise socially marginalized minorities in Cuba France Italy New Zealand and South Africa New research is also presented on the authorial presence in production within the domain of the commercially driven Anglo American music industry The issue of authorship and creativity is tackled alongside matters relating to the production of musical texts themselves and demonstrates the gender politics in pop Underlying Music Space and Place is the question of how the disciplines informing popular music studies sociology musicology cultural studies media studies and feminism have developed within a changing intellectual climate The book therefore covers a wide range of subject matter in relation to space and place including community and identity gender race vernaculars power performance and production
