Hegemony And Revolution Antonio Gramscis Political And Cultural Theory

N. Short

Hegemony And Revolution Antonio Gramsci's Political And Cultural Theory:

Hegemony and Revolution Walter L. Adamson, 1980-01-01 As a result of his inquiry into the nature of class culture and the state Antonio Gramsci became one of the most influential Marxist theorists *Hegemony and Revolution* is the first full fledged study of Gramsci's Prison Notebooks in the light of his pre prison career as a socialist and communist militant and a highly original Marxist intellectual Walter Adamson shows how Gramsci's concepts of revolution grew out of his experience with the Turin worker councils of 1919-1920 as well as his experience combatting the Fascist movement For Gramsci revolution meant the steady ascension of a mass based educated and organized collective will in which the final seizure of power would be the climax of a broader educative process Success depended on countering not just the coercive power of the existing economic and political order but also the cultural hegemony of the state A counter hegemony for Gramsci required the leadership of an organized political party but at its core lay his conviction that the common people were capable of self enlightenment and could produce an alternative conception of the world that challenged the prevailing hegemonic culture Adamson shows how these ideas which Gramsci developed prior to his imprisonment led him to a highly original concept of subaltern class movements that cohere not just on the basis of economic interest but by virtue of religious ideological regional folkloric and other sorts of cultural ties as well These ideas of Gramsci have had enormous influence on a wide variety of subsequent cultural theories including postcolonialism and Foucault style analyses of discursive practices

The International Politics of Post-Conflict Reconstruction in Guatemala N. Short, 2016-04-30 This book looks at the Guatemalan peace process which was successful in providing a development program to modernize the economy and national infrastructure with the support of international organizations and negotiating parties analyzing the extent to which peace processes offer opportunity for progressive social transformation

Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the *Encyclopedia of Contemporary Literary Theory* provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon

providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture *The Palgrave Handbook of Educational Thinkers* Brett A. Geier,2024-08-21 This handbook presents a durable comprehensive and up to date resource covering the seminal thinkers in education of past and present Each entry will capture the professional background of a legendary thinker and presents their key insights new thinking and major legacies to the field of education Carefully brought together to present a balance of gender and geographical contexts as well as areas of thought and work in the broad field of education this handbook provides a unique history and overview of figures who have shaped education and educational thinking throughout the world *Western Political Thought* Robert Eccleshall,Michael Kenny,1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability Key Thinkers, Past and Present (RLE Social Theory) Jessica Kuper,2014-09-04 This volume provides a fascinating perspective on the social sciences through its examination of the leading proponents their ideas and careers It includes useful suggestions for further reading All the great names in the history of the subject are here Freud Marx Weber Adam Smith and so on along with many less prominent but nevertheless important thinkers Historiography: Society Robert M. Burns,2006 This collection aims to enable the reader to disentangle some of the ambiguities and confusions which have characterized the use of the term historiography Hegemony and Education Deb J. Hill,2007-09-21 The rejection of Marxism by many theorists of the radical democratic project is dangerous according to Hill because it negates any insight into the place of practical reasoning in democratic struggle She defends the notion of practical reasoning or praxis primarily through a clarification of the Gramscian concept of hegemony which offers a far better explanation of the formation of identity and the social than the post Marxism of such theorists as Ernesto Laclau and Chantal Mouffe a post Marxism that wrongly detaches Gramscian insight from its Marxist materialist base *Censorship* Derek Jones,2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression

Gramsci and the Anarchists Carl Levy,1999-10 Developing an unexplored but important aspect of Gramsci s political ideas strategies this book contributes to our understanding of one of the central Marxist thinkers activists of the 20th century

Toward the Construction of a Theory of Political Action Teodros Kiros,1985 **Antonio Gramsci** Paul

Ransome,1992 Designed as an accessible introduction to the major themes and terminology developed by the Italian Marxist Antonio Gramsci this work provides the historical social and intellectual background which influenced his early years and explores principal ideas developed in his writings **Annals of the American Academy of Political and Social Science**,1981-05 **The Democratic Political Order, 1932-1972** David Cleveland Plotke,1985 **Logic and Political Culture** E. M. Barth,Erik C. W. Krabbe,1992 Paperback What has happened to the science of Logic as an academic discipline and pursuit The diagnoses do not coincide but the recognition is growing that since the days of Mill Russell or Beth something has gone wrong A logical vacuum theoretical as well as practical in large parts of contemporary culture is easily perceived and is particularly visible in politics precisely where logic as a science ought to make its greatest impact The present volume offers analyses and reflections of various types written by logicians and other analytical philosophers Some analyse the logic of political activists and thinkers or the political thought of a logician Other chapters offer concrete logico analytical studies of burning political issues of our time emphasizing the possibilities for an advancement of logic in and through parliamentary debate and of the problems connected with this goal The final part of the book looks at possible **The Journal of Korean Studies** ,1990 **European Intellectual History Since 1789** Roland N. Stromberg,1986 *The Birth of Modern Mexico, 1780-1824* Christon I. Archer,2003 *Globalization and Transnational Capitalism* Xing Li,Jizhen Li,Gorm Winther,2009 This volume examines how globalization and transnational capitalism have reshaped the terrain and parameters of social economic and political relations both at the national and the global levels and how the relations of domination and subordination are reproduced in new forms beyond national borders It discusses the essential question on whether the resilient hegemony of transnational capitalism can be possibly reproduced containing alternative systems of organization The book can be heuristically summarized by the Chinese words for crisis which is made up of two syllables Wei and Ji representing danger and opportunity respectively It means that there is a crisis there is an element of danger and that there is opportunity Consequently while it is important to understand the embedded limits of capitalism it is equally important to continue the effort to search for alternative opportunities **State Power and Armament of the Two Koreas** Taik-young Hamm,1996
