Forthcoming Books Rose Army, 2002-04 *A Critical Analysis of the Contributions of Notable Black Economists* Kojo A.

Quarthey,2017-07-05 This book introduces and critically analyzes the achievements of major black economists and their contributions to the realm of economic thought The book begins with a brief overview of the contribution of Africans to philosophy and economic thought and goes on to discuss individuals who have made the most significant contributions to this field There is particular reference to their background and influences including a critical analysis of individual thought Kojo Quarthey s book provides an essential supplement to any economic history text Vladimir Putin and Russia's Imperial Revival David E. McNabb,2016-02-12 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia s Imperial Revival argues that Russia s recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia s actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia s initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today s Russia as a nation determined to re establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia s annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia s re emergence as an international political force Vladimir Putin and Russia s Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events
