Al Burhan Fi Ulum Al Quran:

The Qur'an and its Interpretative Tradition Andrew Rippin, 2022-04-19 The position of the Qur'an as the central symbol and reference point of Islam cannot be disputed. Despite this significance, the academic study of the Qur'an has lagged far behind that of the Bible. In these studies, Andrew Rippin reflects upon both the principles and the problems of studying the Qur'an within the discipline of religious studies. He also pursues detailed investigations of the meaning of variants to the text and the history of Muslim interpretation of the text in its diversity. A newly written introduction lays out some of the general implications of these studies while extensive indexes of Qur'anic verses, books, authors, and topics make this research more readily accessible. Logic, Rhetoric and Legal Reasoning in the Qur'an Rosalind Ward Gwynne, 2014-04-08 Muslims have

always used verses from the Qur'an to support opinions on law, theology, or life in general, but almost no attention has been paid to how the Qur'an presents its own precepts as conclusions proceeding from reasoned arguments. Whether it is a question of God's powers of creation, the rationale for his acts, or how people are to think clearly about their lives and fates, Muslims have so internalized Qur'anic patterns of reasoning that many will assert that the Qur'an appeals first of all to the human powers of intellect. This book provides a new key to both the Qur'an and Islamic intellectual history. Examining Qur'anic argument by form and not content helps readers to discover the significance of passages often ignored by the scholar who compares texts and the believer who focuses upon commandments as it allows scholars of Qur'anic exegesis, Islamic theology, philosophy, and law to tie their findings in yet another way to the text that Muslims consider the speech of God.

THE RADIANT QUR'AN: KNOWLEDGE, SOCIETY AND GOOD GOVERNANCE (IIUM PRESS) Abdul Rashid Moten, 2025-05-20 The Radiant Qur'an is a comprehensive exploration of the Qur'an offering a deeper understanding of its timeless wisdom and its method of acquiring knowledge for the benefit of human life and civilisation. It explains its major themes, its intrinsic relationship with knowledge and research, and its impact on government, politics, and society. Expounding on the Qur'an's relationship with knowledge, the book explains how it encourages intellectual curiosity, critical thinking, and the pursuit of knowledge as a means to unlock the wonders of the universe and better understand divine creation. It emphasises the Qur'an's unifying force and explores how it embraces diversity, promotes inclusivity, and encourages harmonious coexistence among people of different backgrounds, cultures, and beliefs. It highlights the Qur'an's emphasis on justice, fairness, and compassion, unveils the harmony between faith and reason, and examines its teachings on social equality, human rights, and the pursuit of a just and equitable society. **Moses in the Qur'an and Islamic Exegesis** Brannon M. Wheeler, 2013-01-11 Relating the Muslim understanding of Moses in the Qur'an to the Epic of Gilgamesh, Alexander Romances, Aramaic Targums, Rabbinic Bible exegesis, and folklore from the ancient and medieval Mediterranean, this book shows how Muslim scholars authorize and identify themselves through allusions to the Bible and Jewish tradition. Exegesis of Qur'an 18:60-82 shows how Muslim exegetes engage Biblical theology through interpretation of the ancient Israelites' their

prophets and their Torah This Muslim use of a scripture shared with Jews and Christians suggests fresh perspectives for the history of religions Biblical studies cultural studies and Jewish Arabic studies **AL-MABAHITS FI ULUMIL QUR'AN**

Contemporary Approaches to the Qur'an and Sunnah Mahmoud Ayoub, 2016-01-01 The Qur'an and Sunnah are the two primary sources of Muslim faith, life, law, and morality. The Qur'an is for Muslims the foundation of their faith, and the Sunnah is the framework of their morality. Together they constitute the two sources of the law, Shari'ah, of God, a guide to prosperity and happiness in this life and to the bliss of the hereafter. Although the Qur'an and Sunnah are materially and formally two independent sources, they are inextricably bound in a dynamic relationship. The rulings and precepts (ahkam) of the Qur'an constitute the law of God. They are supplemented by the precepts of the authentic Sunnah, which possess authority second only to the precepts of the Qur'an. The Qur'an commands Muslims: "Whatever the Messenger gives you, that you must take, and whatever he forbids you, you must desist therefrom." (59:7)

The Art of Coexistence Salih Yucel, Ismail Albayrak, 2015-04-07 The global threat of war, terrorism, the increased gap between poor and rich, famine, malnutrition, global warming, and pollution, and many other social and cultural problems pose a real challenge for present citizens of the globe. Intellectuals and politicians take these challenges as their primary concerns. Despite the existence of some pessimists, there are a number of initiatives working for the common good and expending great effort to solve these problems. The Hizmet-Gülen Movement is one of the most influential initiatives that should be taken into consideration in this context. Fethullah Gülen is a Turkish Muslim scholar whose ideas have inspired and influenced many Turkish intellectuals, educators, students, businessmen, politicians, and journalists inside and outside Turkey to establish schools, educational and intercultural centers, and humanitarian aid organizations in more than one hundred fifty countries. Yucel and Albayrak cover the Hizmet Movement under the leadership of Fethullah Gülen from various perspectives in order to shed light on current discussions.

Al-Quran Muhammad, 1940 Qur'an Commentary and the Biblical Turn Samuel Ross, 2024-02-19 The Qur'an and the Bible have been called intertwined scriptures due to the Qur'an's frequent invocation of biblical narratives and figures. But what is the history of Muslims' exegetical engagement with the biblical text? Through a comprehensive survey of more than 170 Qur'an commentaries, Samuel Ross traces the longitudinal history of the Bible in tafsir. Offering detailed case studies and rich in historical context, Ross's narrative culminates in the remarkable late nineteenth and early twentieth-century biblical turn. Global in scope, this development has not only generated new Muslim views of the Bible but even new interpretations of the Qur'an itself. This monograph has been awarded the annual BRAIS De Gruyter Prize in the Study of Islam and the Muslim World.

The Cambridge Companion to the Qur'ān Jane Dammen McAuliffe, 2006-11-23 An introduction to the Qur'an (Koran), a text that has guided the lives of millions.

Muslims and Modernity Clinton Bennett, 2005-01-01 Voicing at least two Muslim opinions in each area of debate, this book challenges the idea that all Muslims think identically. While *Muslims and Modernity* is designed primarily for use as an undergraduate textbook, reference to accessible Internet material is included.
