Alix and Nicky Virginia Rounding,2012-01-17 A study of the marriage of the last Russian tsar and tsarina offers psychological insights into their relationship and covers the Empress s ill health their relationship with confidante Ania Vyubova and their reliance on the infamous Rasputin Fifty-Seven Years of Russian Madness Joseph Howard Tyson,2015-01-02 Few nations have undergone such agony as Russia experienced between 1896 and 1953 The Khodynka Meadow Disaster of May 30 1896 killed 1 389 people and ominously marred Tsar Nicholas IIs coronation Eight years later the Russo Japanese War 1904 1905 claimed 71 453 military servicemens lives without bringing any benefit to Russia Over 13 000 people died in the consequent Revolution of 1905 Roughly two million Russian soldiers and sailors plus 400 000 civilians perished in the slaughter of World War I 1914 1918 Lenin kicked off his Bolshevik regime with a bloody civil war against the tsarist Whites in which one million combatants lost their lives During this same chaotic period at least three million people succumbed to the Spanish Influenza and typhus pandemics Shoddy record keeping obscured the death toll wrought by Lenins Red Terror 1918 1923 Estimates range from 250 000 to 1 000 000 with 400 000 probably being more accurate than the lowball guess Historians still debate the severity of Stalins purges 1928 1953 The actual number of dead most likely falls somewhere between twenty and thirty million By a very conservative count Adolf Hitlers Nazi war machine slew 15 700 000 Soviet subjects during World War II 8 700 000 military personnel and 7 000 000 civilians Another study has calculated the total at 25 850 000 This book examines a fifty seven year time frame of our enlightened modern age during which at least forty million Russians were exterminated due to misgovernment *Queenship and Revolution in Early Modern Europe* Carolyn Harris,2016-01-26 Queen Marie Antoinette wife of King Louis XVI of France and Queen Henrietta Maria wife of King Charles I of England were two of the most notorious queens in European history They both faced accusations that they had transgressed social gender and regional norms and attempted to defend themselves against negative reactions to their behavior Each queen engaged with the debates of her time concerning the place of women within their families religion politics the public sphere and court culture and attempted to counter criticism of her foreign origins and political influence The impeachment of Henrietta Maria in 1643 and trial and execution of Marie Antoinette in 1793 were also trials of monarchical government that shaped the English Civil Wars and French Revolution *The Emperor and the Peasant* Kenneth Janda,2018-01-12 There was more to World War I than the Western Front This history juxtaposes the experiences of a monarch and a peasant on the Eastern Front Franz Josef I emperor of Austria Hungary was the first European leader to declare war in 1914 and was the first to commence firing Samuel Mozolak was a Slovak laborer who sailed to New York and fathered twins taken as babies and U S citizens to his home village before being drafted into the Austro Hungarian army and killed in combat The author interprets the views of the war of Franz Josef and his contemporaries Kaiser Wilhelm II and Tsar Nicholas II Mozolak s story depicts the life of a peasant in an army staffed by aristocrats and also illustrates the pattern of

East European immigration to America **Anastasia and Her Sisters** Carolyn Meyer, 2015-04-07 There's a heavy price to pay for royalty in this compelling and true story of Anastasia Romanov and her fellow grand duchesses of Russia from an award-winning novelist. It's summer in 1914 and the Romanovs are aboard the Standart, the Russian royal yacht. Tsar Nicholas, Tsaritsa Alexandra, their four daughters, and the youngest child, Tsarevitch Alexei, are sailing to Romania to meet Crown Prince Carol and his parents. It seems like a fairy tale existence for the four grand duchesses dressed in beautiful clothes, traveling from palace to palace. But it's not. Life inside the palace is far from a fairy tale. The girls' younger brother suffers from an excruciatingly painful and deadly blood disease, and their parents have chosen to shield the Russian people from the severity of the future tsar's condition. The secrets and strain are hard on the family, and conditions are equally dire beyond the palace walls. Peasants suffer under the burden of extreme poverty, and Tsar Nicholas's leadership power weakens. And when the unthinkable happens, Germany declares war on Russia, nothing in Anastasia's world will ever be the same. **The Bolshevik Revolution** Sylvia Engdahl, 2013-11-08 This book explores the events of the Bolshevik Revolution, issues surrounding Bolshevik support or oppression of the working class, and the impact of Bolshevism on Russia and the world. Personal narratives from people who experienced the revolution are included. Narratives include the words of none other than Nikolai Podvoisky, a key leader of the Bolshevik revolutionaries, where he describes their takeover of the Winter Palace. In another compelling personal essay, an American-born Russian princess describes her escape from Bolshevik violence.
