Quantitative Value Web Site A Practitioners To Automating Intelligent Investment And Eliminating Behavioral Errors:

Quantitative Value Wesley R. Gray, Tobias E. Carlisle, 2012-11-29 A must read book on the quantitative value investment strategy Warren Buffett and Ed Thorp represent two spectrums of investing one value driven one quantitative Where they align is in their belief that the market is beatable This book seeks to take the best aspects of value investing and quantitative investing as disciplines and apply them to a completely unique approach to stock selection Such an approach has several advantages over pure value or pure quantitative investing This new investing strategy framed by the book is known as quantitative value a superior market beating method to investing in stocks Quantitative Value provides practical insights into an investment strategy that links the fundamental value investing philosophy of Warren Buffett with the quantitative value approach of Ed Thorp It skillfully combines the best of Buffett and Ed Thorp weaving their investment philosophies into a winning market beating investment strategy First book to outline quantitative value strategies as they are practiced by actual market practitioners of the discipline Melds the probabilities and statistics used by quants such as Ed Thorp with the fundamental approaches to value investing as practiced by Warren Buffett and other leading value investors A companion Website contains supplementary material that allows you to learn in a hands on fashion long after closing the book If you are looking to make the most of your time in today's markets look no further than Quantitative Value

Quantitative Value, + Web Site Tobias Carlisle, Wesley Gray, 2012 A must read book on the quantitative value investment strategy Legendary investment gurus Warren Buffett and Ed Thorp represent different ends of the investing spectrum one a value investor the other a quant While Buffett and Thorp have conflicting philosophical approaches they agree that the market is beatable In Quantitative Value Wesley Gray and Tobias Carlisle take the best aspects from the disciplines of value investing and quantitative investing and apply them to a completely unique and winning approach to stock selection As the authors explain the quantitative value strategy offers a superior way to invest capture the benefits of a value investing philosophy without the behavioral errors associated with stock picking To demystify their innovative approach Gray and Carlisle outline the framework for quantitative value investing including the four key elements the investment process

- 1 How to avoid stocks that can cause a permanent loss of capital Learn how to uncover financial statement manipulation fraud and financial distress
- 2 How to find stocks with the highest quality Learn how to find strong economic franchises and robust financial strength Gray and Carlisle look at long term returns on capital and assets free cash flow and a variety of metrics related to margins and general financial strength
- 3 The secret to finding deeply undervalued stocks Does the price to earnings ratio find undervalued stocks better than free cash flow Gray and Carlisle examine the historical data on over 50 valuation ratios including some unusual metrics rare multi year averages and uncommon combinations
- 4 The five signals sent by smart money The book uncovers the signals sent by insiders short sellers shareholder activists and institutional investment

managers After detailing the quantitative value investment process Gray and Carlisle conduct a historical test of the resulting quantitative value model Their conclusions are surprising and counter intuitive The book includes a companion website that offers a monthly updated screening tool to find stocks using the model outlined in the book an updated back testing tool and a blog about recent developments in quantitative value investing For any investor who wants to make the most of their time in today s complex marketplace they should look no further than Quantitative Value **Quantitative Value, + Web Site**

Wesley R. Gray,Tobias E. Carlisle,2012-12-26 A must read book on the quantitative value investment strategy Warren Buffett and Ed Thorp represent two spectrums of investing one value driven one quantitative Where they align is in their belief that the market is beatable This book seeks to take the best aspects of value investing and quantitative investing as disciplines and apply them to a completely unique approach to stock selection Such an approach has several advantages over pure value or pure quantitative investing This new investing strategy framed by the book is known as quantitative value a superior market beating method to investing in stocks Quantitative Value provides practical insights into an investment strategy that links the fundamental value investing philosophy of Warren Buffett with the quantitative value approach of Ed Thorp It skillfully combines the best of Buffett and Ed Thorp weaving their investment philosophies into a winning market beating investment strategy First book to outline quantitative value strategies as they are practiced by actual market practitioners of the discipline Melds the probabilities and statistics used by quants such as Ed Thorp with the fundamental approaches to value investing as practiced by Warren Buffett and other leading value investors A companion Website contains supplementary material that allows you to learn in a hands on fashion long after closing the book If you re looking to make the most of your time in today s markets look no further than Quantitative Value *Deep Value* Tobias E.

Carlisle,2014-08-18 The economic climate is ripe for another golden age of shareholder activism Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations is a must read exploration of deep value investment strategy describing the evolution of the theories of valuation and shareholder activism from Graham to Icahn and beyond The book combines engaging anecdotes with industry research to illustrate the principles and methods of this complex strategy and explains the reasoning behind seemingly incomprehensible activist maneuvers Written by an active value investor Deep Value provides an insider s perspective on shareholder activist strategies in a format accessible to both professional investors and laypeople The Deep Value investment philosophy as described by Graham initially identified targets by their discount to liquidation value This approach was extremely effective but those opportunities are few and far between in the modern market forcing activists to adapt Current activists assess value from a much broader palate and exploit a much wider range of tools to achieve their goals Deep Value enumerates and expands upon the resources and strategies available to value investors today and describes how the economic climate is allowing value investing to re emerge Topics include Target identification and determining the most advantageous ends Strategies and tactics of effective activism

Unseating management and fomenting change Eyeing conditions for the next M A boom Activist hedge funds have been quiet since the early 2000s but economic conditions shareholder sentiment and available opportunities are creating a fertile environment for another golden age of activism Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations provides the in depth information investors need to get up to speed before getting left behind

DIY Financial Advisor Wesley R. Gray,Jack R. Vogel,David P. Foulke,2015-08-31 DIY Financial Advisor A Simple Solution to Build and Protect Your Wealth DIY Financial Advisor is a synopsis of our research findings developed while serving as a consultant and asset manager for family offices By way of background a family office is a company or group of people who manage the wealth a family has gained over generations The term family office has an element of cachet and even mystique because it is usually associated with the mega wealthy However practically speaking virtually any family that manages its investments independent of the size of the investment pool could be considered a family office The difference is mainly semantic DIY Financial Advisor outlines a step by step process through which investors can take control of their hard earned wealth and manage their own family office Our research indicates that what matters in investing are minimizing psychology traps and managing fees and taxes These simple concepts apply to all families not just the ultra wealthy But can or should we be managing our own wealth Our natural inclination is to succumb to the challenge of portfolio management and let an expert deal with the problem For a variety of reasons we discuss in this book we should resist the gut reaction to hire experts We suggest that investors maintain direct control or at least a thorough understanding of how their hard earned wealth is managed Our book is meant to be an educational journey that slowly builds confidence in one s own ability to manage a portfolio We end our book with a potential solution that could be applicable to a wide variety of investors from the ultra high net worth to middle class individuals all of whom are focused on similar goals of preserving and growing their capital over time DIY Financial Advisor is a unique resource This book is the only comprehensive guide to

implementing simple quantitative models that can beat the experts And it comes at the perfect time as the investment industry is undergoing a significant shift due in part to the use of automated investment strategies that do not require a financial advisor s involvement DIY Financial Advisor is an essential text that guides you in making your money work for you not for someone else **Harriman's New Book of Investing Rules** Christopher Parker,2017-10-30 **Millennial Money** Patrick O'Shaughnessy,2014-10-14 A portfolio manager provides sound advice that will give millennials the advantages they need to improve their financial future Publishers Weekly The millennial generation has grown up in a different world than their parents did They can t passively rely on pensions or Social Security for a comfortable retirement They re skeptical of expert advice yet more committed than baby boomers to passing wealth on to future generations To build that wealth young people must start investing early and buck conventional market wisdom Millennial Money explains the most common mistakes that hurt investors long term returns and show why their investments in popular stocks or the hot industry of the day have resulted in such underwhelming results More importantly the book introduces a strategy that can help us overcome our shortcomings as investors and become the most successful investing generation in history O Shaughnessy lays out a clear path for building wealth over a lifetime with a key message start now invest globally and master your own behavior Meb Faber CIO Cambria Investment Management and author of The Ivy Portfolio **Deep Value** Tobias E. Carlisle,2014-07-22 The economic climate is ripe for another golden age of shareholder activism Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations is a must read exploration of deep value investment strategy describing the evolution of the theories of valuation and shareholder activism from Graham to Icahn and beyond The book combines engaging anecdotes with industry research to illustrate the principles and methods of this complex strategy and explains the reasoning behind seemingly incomprehensible activist maneuvers Written by an active value investor Deep Value provides an insider s perspective on shareholder activist strategies in a format accessible to both professional investors and laypeople The Deep Value investment philosophy as described by Graham initially identified targets by their discount to liquidation value This approach was extremely effective but those opportunities are few and far between in the modern market forcing activists to adapt Current activists assess value from a much broader palate and exploit a much wider range of tools to achieve their goals Deep Value enumerates and expands upon the resources and strategies available to value investors today and describes how the economic climate is allowing value investing to re emerge Topics include Target identification and determining the most advantageous ends Strategies and tactics of effective activism Unseating management and fomenting change Eyeing conditions for the next M A boom Activist hedge funds have been quiet since the early 2000s but economic conditions shareholder sentiment and available opportunities are creating a fertile environment for another golden age of activism Deep Value Why Activist Investors and Other Contrarians Battle for Control of Losing Corporations provides the in depth information investors need to get up to speed before getting left behind **The Acquirer's Multiple** Tobias E.

Carlisle,2017-10-16 The Acquirer's Multiple How the Billionaire Contrarians of Deep Value Beat the Market is an easy to read account of deep value investing The book shows how investors Warren Buffett Carl Icahn David Einhorn and Dan Loeb got started and how they do it Carlisle combines engaging stories with research and data to show how you can do it too Written by an active value investor The Acquirer's Multiple provides an insider's view on deep value investing The Acquirer's Multiple covers How the billionaire contrarians invest How Warren Buffett got started The history of activist hedge funds How to Beat the Little Book That Beats the Market A simple way to value stocks The Acquirer's Multiple The secret to beating the market How Carl Icahn got started How David Einhorn and Dan Loeb got started The 9 rules of deep value The Acquirer's Multiple How the Billionaire Contrarians of Deep Value Beat the Market provides a simple summary of the way deep value investors find stocks that beat the market **Deep Value** Tobias E. Carlisle,2014 This book seeks to describe the evolution of the theories of valuation and shareholder activism from Graham to Icahn and beyond It is intended to be a practical guide that also canvases the academic and industry research and provides important details alongside engaging anecdotes It will discuss how activists identify targets and the strategies and tactics employed to unseat management or foment change
