Anti-Blanchard Macroeconomics Brancaccio, Emiliano, Califano, Andrea, 2022-03-22 Olivier Blanchard former chief economist of the International Monetary Fund IMF is author of one of the most important standard macroeconomics textbooks which is used throughout the world Endorsed by Blanchard himself Anti Blanchard Macroeconomics critically analyzes prevailing economic theory and policy in comparison with alternative approaches This thoroughly revised edition represents a field of research that has developed through intense theoretical debates continual empirical testing and the resultant disputes about economic policy *Handbook of Active Ageing and Quality of Life* Fermina Rojo-Pérez, Gloria Fernández-Mayoralas, 2021-04-12 This handbook presents an overview of studies on the relationship of active ageing and quality of life It addresses the new challenges of ageing from the paradigm of positive ageing active healthy and successful for a better quality of life It provides theoretical perspectives and empirical studies including scientific knowledge as well as practical experiences about the good ageing and the quality of later life around the world in order to respond to the challenges of an aged population The handbook is structured in 4 sections covering theoretical and conceptual perspectives social policy issues and research agenda methods measurement instrument scales and evaluations and lastly application studies including domains and geographical contexts Chapter 5 is available open access under a Creative Commons Attribution 4.0 International License via link [springer.com/div](https://www.springer.com/div) **Handbook on Public Sector Efficiency** António Afonso, João Tovar Jalles, Ana Venâncio, 2023-03-02 Examining the increasingly relevant topic of public sector efficiency this dynamic Handbook investigates the context of constrained fiscal space and public funding sources using cross country datasets in areas including China India and sub Saharan Africa and OECD economies *New Challenges for the Eurozone Governance* José Caetano, Isabel Vieira, António Caleiro, 2021-02-22 This book adopts a comprehensive approach combining the views of economists and political scientists to assess the threats of maintaining the non collaborative stance that prevailed in the response to past crises and to explore new solutions to the present emergency The coronavirus pandemic represents a serious test for the continued existence of the European Monetary Union It has worsened pre existing divisions among its members and highlighted the urgent need to address institutional and governance problems that were already apparent in the aftermath of the financial crisis and sovereign debt crisis but have now gained in relevance following the more widespread impact of the disease across the European Union This book discusses concrete strategies to overcome the current challenges focusing on the need to build an effective economic and monetary union It also reflects on ways of pursuing conformity with discipline and coordination rules while also adopting a more collaborative stance that has so far been absent in the Eurozone and has consistently undermined the political and social dimensions of the common currency project **Growth and Cohesion in the European Union** William Mitchell, J. Muysken, Tom van Veen, 2006-01-01 This book is a critical review of current fiscal and monetary policy in Europe and presents results of both empirical research and a

discussion of the theoretical framework behind the policy of the ECB and the Stability and Growth Pact **Theory of Macroeconomic Policy** Christopher Tsoukis, 2020-10-29 Theory of Macroeconomic Policy reviews the theoretical foundations of macroeconomic fiscal and monetary policy It offers a panoramic view of macroeconomic theory covering a wide range of topics that are not customarily dealt with in macroeconomics texts as well as more standard material Advanced theory is bridged with more elementary or intermediate material and established models are reviewed alongside current research directions There is an extensive review of empirical evidence on virtually every topic supplemented by narrative accounts for various episodes The policy implications of the various theories are emphasised throughout The chapters are largely self contained so that different courses can focus at different places A Guidance for Further Study Section and extensive bibliography give plenty of ideas for all levels of independent study from Undergraduate Projects to MSc Dissertations to PhD Theses Theory of Macroeconomic Policy presents a balance between breadth as well as depth analytical treatment and intuition theory and evidence vintage theories and current directions theory and policy established theory and debate Theory of Macroeconomic Policy is an affirmation that there is a well developed body of theory that is invaluable for an in depth understanding of the macro economy and policy equally there is much scope for critical discussion and debate

Purchasing Power Parity and Real Exchange Rates Mark P. Taylor, 2013-09-13 The term Purchasing Power Parity may date from the early twentieth century when it was coined by the Swedish economist Gustav Cassel but the underlying concept had been enjoying varying degrees of success since its development in sixteenth century Spain Even towards the end of the twentieth century and especially since the breakdown of the Bretton Woods system of fixed exchange rates PPP and the stability of real exchange rates continued to be the subject of academic debate This volume brings together essays covering aspects of current thinking on Purchasing Power Parity from the various ways in which to test for its existence to its appearance in different economies around the world to examinations of the explanations given when PPP does not appear to hold This book was published as a special issue of Applied Financial Economics The academic editor of this journal is Mark P Taylor *Growth and International Trade* Karl Farmer, Matthias Schelnast, 2021-04-01 Revised and updated for the 2nd edition this textbook guides the reader towards various aspects of growth and international trade in a Diamond type overlapping generations framework Using the same model type throughout the book timely topics such as growth with bubbles robots and involuntary unemployment financial integration and house price dynamics policies to mitigate climate change and the persistence of religion in a globalized market economy are explored The first part starts from the old growth theory and bridges to the new growth theory including R D and human capital approaches The second part presents an intertemporal equilibrium theory of inter and intra sectoral trade investigates innovation growth and trade and limits to public debt as well as nationally and internationally optimal climate policies The debt dynamics of the Euro Zone and the origins of intra EMU and Asian US trade imbalances are also explored The book is primarily addressed to upper
