Free Agent Jeremy Duns, 2010-04-30 1945 MI6 agent Paul Dark takes part in a top secret mission to hunt down and execute Nazi war criminals. He will discover that everything he understood about that mission about its consequences and about the woman he once loved has been built on false foundations. 1969 a KGB colonel called Slavin walks into the High Commission in Lagos, Nigeria and announces that he wants to defect. He has information which indicates that there is yet another double agent within the Service a devastating blow to an MI6 still coming to terms with its betrayal by Kim Philby and the rest of the Cambridge Five. Dark has been largely above suspicion during those years of self recrimination. But now he can see his number coming up. For some it would be fight or flight time. But when you discover that everything you've taken for granted and trusted for twenty four years is untrue and when your arrest may only be moments away then flight and fight may be your only option. Free Agent is a twisting intense thriller set between London and Nigeria during the height of the Cold War. It's a novel of innumerable cliffhangers within a constantly evolving moral universe and it keeps the surprises coming until the very last page.

Free Agent (Paul Dark 1) Jeremy Duns, 2009-05-05 In July 1945 MI6 agent Paul Dark took part in a top secret mission to hunt down and execute Nazi war criminals. He will discover that everything he understood about that mission about its consequences and about the woman he once loved has been built on false foundations. Now it's 1969 and a KGB colonel called Slavin has walked into the High Commission in Lagos, Nigeria and announced that he wants to defect. His credentials as a defector are good he has highly suggestive information which indicates that there is yet another double agent within MI6 which would be a devastating blow for a Service still coming to terms with its betrayal by Kim Philby and the rest of the Cambridge Five. Paul Dark has been largely above suspicion during MI6's years of self recrimination. But this time he can see his number coming up. For some it would be fight or flight time. But when you discover that everything you've taken for granted and trusted for twenty four years turns out to be untrue and when your arrest may only be moments away then perhaps the only option is both fight and flight. Free Agent is a twisting intense thriller set between London and Nigeria during the height of the Cold War. It's a novel of innumerable cliffhangers all set within a constantly evolving moral universe and the surprises keep coming until the very last page. Jeremy Duns is also the author of the acclaimed *Spy Out the Land*, *Song of Treason* and *The Moscow Option*.

The State of Africa Martin Meredith, 2006 Africa is forever on our TV screens but the bad news stories famine genocide corruption massively outweigh the good. South Africa. Ever since the process of decolonisation began in the mid 1950s and arguably before the continent has appeared to be stuck in a process of irreversible decline. Constant war improper use of natural resources and misappropriation of revenues and aid monies contribute to an impression of a continent beyond hope. How did we get here? What if anything is to be done? Weaving together the key stories and characters of the last fifty years into a stunningly compelling and coherent narrative Martin Meredith has produced the definitive history of how European ideas of how to
