

A detailed illustration of a forest stream. In the upper half, a small waterfall cascades over mossy rocks into a pool. The water is dark brown with white foam at the falls. In the lower half, the water is shown with many ripples and reflections of light. The background features a dense forest of tall, thin trees with bare branches, suggesting an autumn or winter setting. The ground is covered with fallen leaves in shades of red, orange, and brown. A large, moss-covered log lies on the right bank.
