HOW TECHNOLOGY SHAPES YOUR FAITH

By Shane Hipps Flickering Pixels How Technology Shapes Your Faith

A. Trevor Sutton, Brian Smith

By Shane Hipps Flickering Pixels How Technology Shapes Your Faith:

Flickering Pixels Shane Hipps, 2009 The methods change but the message stays the same This saying is the guiding light for faithful Christians in a changing world But author Shane Hipps reveals the error in this thinking Instead he demonstrates how changing the methods always changes the message He shows us the hidden power of technology to shape our faith in unexpected ways

Living Into Focus Arthur Boers, 2012 A veteran pastor and teacher offers a critical look at the isolating effects of modern life helping readers make their lives more focused and rewarding

What Can We Do? David Livermore, Terry D. Linhart, 2011-08-23 Too often these days youth hear about global issues such as poverty human trafficking and HIV AIDS but they don't get practical suggestions on how they can make a positive impact on these problems The reality is today's students will be leading the way in the workforce ministries and education in a few short years If they begin to understand their connection to the global community today just imagine the way they could contribute to improving these issues in future years What Can We Do offers youth workers an overview of pressing global issues along with realistic practical ways their youth ministries can respond By helping teens understand how their faith intersects with the struggles around the world these youth groups can have a lasting worldwide influence Respected educators and youth ministry veterans Dave Livermore and Terry Linhart give youth workers a thoughtful deep perspective on the pressing issues facing the world today while also offering creative solutions for youth groups to get involved and impact the lives of people all around the world

From the Garden to the City, revised edition John Dyer, 2022-09-13 Game changing Needed now more than ever before James Kelly founder of FaithTech Technology is not simply an invention of the computer age It is in fact a foundational part of being human and extends back to the very beginning of creation But the way we interact with it has fundamentally changed In this fully revised and updated edition of the popular *From the Garden to the City* John Dyer examines technological reality through the lens of Scripture gleaning insight from the best thinkers on technology theology and culture He reveals how technology left unexamined can enslave us yet understanding it with spiritual vision the way God intends is totally transformative This book will push you forward in your understanding of both technology and theology and more importantly into a deeper understanding of who you are as you seek to walk humbly with your God Pete Phillips director of the Centre for Digital Theology at Spurgeon's College Creative unpredictable and surprisingly moving With Dyer's help you will never see either a shovel or a smartphone the same way again Outreach Lively and accessible to techies and non techies alike World An essential read to equip Christians with a nuanced Scriptural and theological foundation for ethical living in a digital culture With grace curiosity and precision Dyer provides an accessible model for critical and faithful engagement with technologies that are radically changing us and the world Kate Ott author of *Christian Ethics for a Digital Society*

20 Myths about Religion and Politics in America Ryan P. Burge, 2022-03-01 The way most people think about religion and politics is only loosely linked to empirical reality argues Ryan P Burge in *20 Myths about Religion and Politics in*

America Instead our thinking is based on anecdotes a quick scan of news headlines or worse flat out lies told by voices trying to push a religious or political agenda on a distracted public Burge sees this fundamentally flawed understanding of the world around us and our misperceptions about where we fit into the larger fabric of society as caustic for the future of American politics and religion Without an accurate picture of our society when we subscribe to only caricatures of what our country looks like we never really address the problems facing us Striving to be an impartial referee Burge describes with accessible and engaging prose and illustrates with dozens of clear helpful graphs what the data says Step by step he debunks twenty myths using rigorous data analysis and straightforward explanations He gives readers the resources to adopt an empirical view of the world that can help all of us religious and nonreligious alike get past at least some of the unsupported beliefs that divide us

The HTML of Cruciform Love John Frederick, Eric Lewellen, 2020-01-01 Despite an increasing portion of our lives being conducted online the topic of the internet is vastly underrepresented in the current literature on technology and theology The HTML of Cruciform Love challenges outdated misconceptions about internet theology and asserts that there is no topic more pertinent to our daily walk as contemporary followers of Jesus Christ than the theological implications of the internet age These twelve essays investigate the themes of community and character formation in the digital realm A host of interrelated sub themes are represented including the application of patristic theology to contemporary internet praxis a demonology of the internet and virtue ethics in cyberspace while other studies consider the influence of internet technology on aesthetics personhood and the self Together the essays work towards a collaborative constructive cruciform theology of the internet as something more than a supplementary component to our personal lives rather it is a vital medium for the digital communion of the saints through the HTML of cruciform love

Online Mission and Ministry Pam Smith, 2015-02-19 Clergy and churches are increasingly being encouraged to use the internet and social media to promote their ministries But they may worry about some of the difficult pastoral and theological issues that can arise online Virtual vicar the Revd Pam Smith guides both new and experienced practitioners through setting up online ministries and considers some of the questions that may arise such as Are relationships online as valid as those offline Is it possible to participate in a virtual communion service How do you deal with trolls in a Christian way What is appropriate for a clergyperson to say on social media

Season of Heartbreak Mark Gregory Karris, 2017-06-27 Simply masterful Dr Tim Clinton president of the American Association of Christian Counselors After a devastating breakup many people are left heartbroken lonely confused even devoid of hope Science proves that the grief of losing a romantic partner is similar to grieving a loved one's death Yet too often friends family and church leaders see these breakups as trivial events So how do we find our way through the uncharted territory of deep grief As a therapist and ordained pastor Mark Karris sees the devastation of heartbreak every day He's experienced the anguish of heartbreak himself and he knows that the pain is anything but trivial Drawing from cutting edge neuroscience and liberating spiritual wisdom Season of Heartbreak moves

past platitudes and into action offering hope for true recovery Mark pulls from a variety of spiritual practices including contemplative prayer journaling self compassion an original four step transformational practice and much more Case studies from real clients prove that it is possible to move past the shame anger and hurt and into secure relationships with God our community and ourselves Mark writes in a compelling creative and compassionate style perfect for a right brained metaphor hungry and spiritually thirsty generation Optimistic but never condescending this is an invaluable guidebook to a healthy healing grief process

From the Garden to the City John Dyer,2011-07-13 Believers and unbelievers alike are saturated with technology yet most give it little if any thought Consumers buy and upgrade as fast as they can largely unaware of technology s subtle yet powerful influence In a world where technology changes almost daily many are left to wonder Should Christians embrace all that is happening Are there some technologies that we need to avoid Does the Bible give us any guidance on how to use digital tools and social media

Come and See Edward Rommen,2013-07-18 An Eastern Orthodox Perspective on Contextualization The mission of the Church is to introduce the person of Christ to individual human beings who by faith enter into communion with God This does not involve adapting information to a particular context but rather establishing the context prescribed by God for the presence of Christ wherever we happen to be among the peoples of the world Contextualization then creates a new invitational core context which is host to the presence of the divine person This is defined with the help of the gifts of ecclesial Tradition which enables conditions that facilitate communion and which thus helps us engage the world

The Age of Virtual Reality Thomas Hohstadt,2011-07-18 Something big is happening Virtual Reality is not only becoming the driving wheel of the new world economy it is building a new cultural order The Age of Virtual Reality is in its infancy yet we already live in a virtual world Through video games iPods iPhones online social networking and movies we are migrating toward virtual space We must understand this moment in history Through provoked discoveries engaging artistic journeys and creative dialogues with the language of virtual reality this book explores both the pre digital history of VR and its sobering yet inspiring future Readers will learn to test discern and ground the evidence of their experience In The Age of Virtual Reality they will discover where we re going by confronting where VR is going More important they will engage the skills necessary to participate constructively and creatively in an increasingly virtual world a world that demands their participation They will be stunned beyond disbelief

The Meeting of the Waters Fritz Kling,2010-03-01 The Meeting of the Waters identifies seven trends having a major impact on the Church around the world and on every Christian at home in every country The global community of Christians is stunning in its scope and spiritual impact But what is happening to the Church as new technology marketing and generational shifts make their unavoidable mark And what difference does it make for Christians in day to day life Equal parts travelogue character study and global documentary The Meeting of the Waters interlaces stories and instruction in the tradition of Freakonomics The World Is Flat and The Tipping Point This breakthrough book is for any Christian eager to make a difference in a changing world

What

Would Jesus Post? Brian D. Wassom, 2013-10 Social media gives each of us enormous power to influence others for good or ill But far too many Christians ignore the opportunities and undermine their own reputations through thoughtless words shared online This book comes directly from the author's experiences as an attorney and a church leader and offers seven simple guidelines for exercising Biblical wisdom in social media Back cover

Welcome to College 2nd ed Jonathan Morrow, 2017-03-28 The single best volume I have ever read for preparing students for how to follow Jesus and flourish as his disciple in college J P Moreland Is there a more frightening question for a graduating high school senior than What will you do with your life In college whether they realize it or not students will answer that question every day with each decision All of the new friends and new experiences of higher education will shape their future It's critical that students know how to handle college before they're in the thick of it Jonathan Morrow tackles the tough questions that arise during these formative years including How do you grow spiritually How do you manage your time to both study well and have fun Is all truth relative Are there good reasons to be a Christian As a Christian how should you view issues like dating and sex Each chapter of this new edition has been updated and the author has included a new chapter on Christianity homosexuality and the Bible Grounded in both his own extensive experience and biblical truth Morrow's book is full of quick easy to read chapters and excellent advice

Welcome to College Jonathan Morrow, 2008 To help the upcoming student Jonathan Morrow provides this engaging guide packed with advice on all manner of issues from dating and friends classes and homework to avoiding the temptation to just check out spiritually while in school Morrow gives personal advice and anecdotes draws examples from Scripture and offers additional resources for further insights from publisher description

Aquinas on the Web? Jana Marguerite Bennett, 2012-06-21 The problem of the internet has plagued theologians for the past decade some have claimed it as gnostic and evil because it denies the Christian doctrine of the incarnation and lacks serious engagement with others Some have viewed the internet as

presenting good possibilities for theological work because it provides a democratic arena for sharing ideas unrestricted by traditional hierarchies and concerns None of these considerations quite capture the problems or benefits that the internet provides Jana Bennett reviews critically how Web 2 0 both develops from traditional theology and also how Web 2 0 may change the way traditional theology is done Web 2 0 spaces do invite many more lay people to participate in theological conversations than in the past but the conversations frequently become constricted because of the medium At the same time Web 2 0 also offers surprising spaces for renewing or revisiting questions that theologians have left aside The book explores how theologians and other interested persons might carefully respond neither totally rejecting nor wholly embracing Web 2 0 technology

The Future of Evangelicalism in America Candy Gunther Brown, Mark Silk, 2016-04-26 In The Future of Evangelicalism in America thematic chapters on culture spirituality theology politics and ethnicity reveal the sources of the movement's dynamism as well as significant challenges confronting the rising generations A collaboration among scholars of history religious studies theology political science and ethnic studies the volume offers unique insight into a vibrant and sometimes controversial movement the future of which is closely tied to the future of America

Think Christianly Jonathan Morrow, 2011-11-01 Think Christianly is about seizing the opportunities we have every day to speak the life Jesus offers into our culture Tragically many such opportunities pass us by unclaimed either because we don't notice them or we have not prepared ourselves to enter into them And those around us seem to grow increasingly unwilling to hear anything the church has to say Jonathan Morrow helps church leaders envision and implement ways for their congregations to think Christianly about contemporary questions and to speak in informed engaging ways Morrow explores many of the important issues that Christians often hear raised with regard to faith questions about who Jesus was the good and bad of religion pain and evil in the world the reliability of the Bible sexuality and intimate relationships and hope for change among others The life and faith issues that Think Christianly addresses lead to cultural moments where Christianity and contemporary culture intersect This book will help churches take vital steps toward cultivating compassion and competence in speaking faithfully to a questioning world

The Digital Evangelicals Travis Warren Cooper, 2022-08-02 When it comes to evangelical Christianity the internet is both a refuge and a threat It hosts Zoom prayer groups and pornographic videos religious revolutions and silly cat videos Platforms such as social media podcasts blogs and digital Bibles all constitute new arenas for debate about social and religious boundaries theological and ecclesial orthodoxy and the internet's inherent danger and value In The Digital Evangelicals Travis Warren Cooper locates evangelicalism as a media event rather than as a coherent religious tradition by focusing on the intertwined narratives of evangelical Christianity and emerging digital culture in the United States He focuses on two dominant media traditions media sincerity immediate and direct interpersonal communication and media promiscuity communication with the primary goal of extending the Christian community regardless of physical distance Cooper whose work is informed by ethnographic fieldwork traces these conflicting paradigms from the Protestant

Reformation through the rise of the digital and argues that the tension is culminating in a crisis of evangelical authority What counts as authentic interaction Who has authority over the circulation of information While many studies claim that technology influences religion The Digital Evangelicals reveals how Protestant metaphors and discourses shaped the emergence of the internet and explores what this relationship with global new media means for evangelicalism
