English Language Teaching in Theological Contexts Kitty Barnhouse Purgason, 2010-06-28. International students in North American seminaries struggling with academic work in English. Seminary students around the world finding resource materials that are still only available in English. Regional seminaries in Asia, Africa and Europe educating people from many language backgrounds by offering instruction in English. These and other factors are the primary reasons for this volume. Trends in the field of Teaching English to Speakers of Other Languages (TESOL) have led to specialized English and pedagogy for areas such as business, engineering, hospitality and so on. The time has come to acknowledge English for Bible and Theology along with specialized program design materials and instruction. *English Language Teaching in Theological Contexts* explores various models for assisting seminary and Bible college students in learning English while also engaging in their theological coursework. It features chapters by specialists from countries including the U.S., Brazil, Ukraine, India, the Philippines and Korea. Part one of the book presents language teaching challenges and solutions in various places; part two focuses on specific resources to inspire readers to develop their own materials.

The Societal Codification of Korean English Alex Baratta, 2021-11-04. From K-pop to kimchi, Korean culture is becoming increasingly popular on the world stage. This cultural internationalisation is also mirrored linguistically in the emergence and development of Korean English. Often referred to as Konglish, this book describes how the two terms in fact refer to different things and explains how Koreans have made the English language their own. Arguing that languages are no longer codified and legitimised by dictionaries and textbooks but by everyday usage and media, Alex Baratta explores how to reconceptualise the idea of codification. Providing illustrative examples of how Koreans have taken commonly used English expressions and adjusted them such as doing Dutch pay, wearing a Burberry and using hand phones, this book explores the implications and opportunities social codification presents to EFL students and teachers. In so doing, *The Societal Codification of Korean English* offers wider perspectives on English change across the world, seeking to dispel the myth that English only belongs to native speakers.

Language of Identity, Language of Access Michelle Benegas, Natalia Benjamin, 2024-08-16. Grow students' linguistic capital AND value their home language. In *Language of Identity, Language of Access*, authors Michelle Benegas and Natalia Benjamin highlight the urgent need for a revolution in language education that validates home languages and dialects while equipping students with the linguistic tools for social
