Prince Jin-gim's Textbook of Tibetan Buddhism Phags-pa, 2023-09-20 Collection of texts in English translation illuminating the religions of the world for students **A survey of buddhist thought** Dr. Alfred R. Scheepers, 2013-12-20 Tracing the development of Buddhist thought from a primarily philosophical and epistemological point of view this wide ranging study covers a period of more than 2 000 years following Buddhism from its homeland India through its expansion into China and Japan The diverse historical and cultural settings of Buddhism are considered and the significant changes and shifts in Buddhist thought are placed in context with the remarkable degree of continuity that has been maintained Included are discussions of early Buddhist schools in India and South East Asia the differences between the two main branches of Buddhism and the development of Zen philosophies in Japan **Die Philosophie des Buddhismus** Klaus Strölin, 1991

A History of Indian Buddhism Akira Hirakawa, 1993-01-01 This comprehensive and detailed survey of the first six centuries of Indian Buddhism sums up the results of a lifetime of research and reflection by one of Japan's most renowned scholars of Buddhism *Buddhist Saints in India* Reginald A. Ray, 1999-09-30 The issue of saints is a difficult and complicated problem in Buddhology In this magisterial work Ray offers the first comprehensive examination of the figure of the Buddhist saint in a wide range of Indian Buddhist evidence Drawing on an extensive variety of sources Ray seeks to identify the classical type of the Buddhist saint as it provides the presupposition for and informs the different major Buddhist saintly types and subtypes Discussing the nature dynamics and history of Buddhist hagiography he surveys the ascetic codes conventions and traditions of Buddhist saints and the cults both of living saints and of those who have passed beyond Ray traces the role of the saints in Indian Buddhist history examining the beginnings of Buddhism and the origin of Mahayana Buddhism **T'ien-t'ai Buddhism and Early Madhyamika** Rujun Wu, 1993-01-01 *The Philosophy of Buddhism* Erich

Frauwallner,2010 This translation first published in 1956 opens up a classic introduction to Buddhist thought to a broader English language readership The book covers the period of early canonical literature with examples of its philosophically relevant ideas followed by the principal philosophical concepts of systematic Sravakayana Buddhism In the main part of the book Frauwallner presents the first survey of the development of the philosophical systems of Mah ay ana Buddhism He was well aware of the limitations in presenting only the Buddhist philosophy of the classical i e the systematic period and does not seem to have been ready to add the philoso phically creative new post systematic tradition of Buddhist epistemology and logic a major subject of his research in subse quent years Frauwallner s way of translating was straight forward to remain as close as possible to the original text For technical terms in the source materials he maintained a single translation even when various meanings were suggested For clarity regarding such variations of meaning he relied on the context and his explanation The same approach was taken by the translator of the present book However he has inserted helpful additional headlines into the text and considerably enlarged the index All other additions by the translator are given within square brackets
