

A detailed photograph of a large industrial engine, likely a diesel engine, with a prominent turbocharger. The turbocharger is a large, cylindrical component with a complex, multi-faceted design, featuring various pipes and flanges. It is mounted on the side of the engine. The engine itself is a complex assembly of metal parts, including the cylinder block, crankshaft, and various ancillary components. The background is dark, making the metallic components of the engine stand out. The text "Overhaul Procedure of Turbocharger" is overlaid on the image in a stylized, blue, italicized font.
